Battle Between Submarine Chaser and German U-Boat off the Virginia Coast, in Which the Hun Went Down.

An Atlantic Port, June 11.—Details of a recent battle between a submarine chaser and a German U-boat off the Virginia coast, in which it is believed that the sea wolf was sent to the bottom for all time, were brought to the city today through unofficial sources.

According to men aboard the chaser the U-boat was maneuvering for a favorable position to attack the chaser when her periscope was sighted. The chaser, a speedy boat of 32 knots, turned on the enemy, rushing for her position and dropping two depth bombs, one at a distance of less than one hundred yards from the undersea craft's position. Those on board the chaser are confident the stern of the undersea boat was struck. They reported quantities of oil on the water around the position in which the U-boat was last sighted. For several hours the chaser cruised in the vicinity without again sighting the enemy.

Is It You.

There is a man in this town who always acts as a brake on the wheels of progress. Every project that is broached for the betterment of community conditions, elicits from him no more than a grunt of dissent, if not active opposition. He regards every man as a rascal until proven honest. He can see no sincerity in the most unselfish actions, and can detect stupidity at the bottom of the greatest sacrifices. He is a community wet blanket. IS IT YOU?

There is also in this town a man the opposite of this one. He has a keen eye for any chance to forward the interests of his community. Every proposition for community betterment, provided it has merit and feasibility, not only has his approval, but he at once pulls off his coat and becomes one of its most active rooters. It takes a heavy jolt to convince him of the insincerity or dishonesty of his neighbors, and even then he has more pity than blame for them. He is as grateful for a raw day, and restores our confidence as the spring sunshine after a dreary winter. IS IT YOU?

Cholera Morbus.

This is a very painful and dangerous disease. In almost every neighborhood someone has died from it before medicine could be obtained or a physician summoned. The right way is to have a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house so as to be prepared for it. Mrs. Charles Enyert, Huntington, Ind., writes: "During the summer of 1911 two of my children were taken sick with cholera morbus. I used Chamberlain's Colic and Diarrhoea Remedy and it gave them immediate relief."
