Mrs. Florence Peele.

Mrs. Florence Fountain Peele was born in Edgecombe county January 7th, 1869; died at her home near Franklinton June 15, 1918. The body was laid to rest in Franklinton cemetery Rev. Sykes from the Methodist church conducting the funeral services.

April 7th, 1892, Miss Florence Fountain was married to John H. Peele. Nine children were born to them. Through the twenty-six years of her married life she was a dutiful wife always ready, cheerful and helpful, no matter how great the trial or misfortune. Her children were never neglected, he faithfully discharged her duty to them.

Strength for bearing her crosses came from him who strengthens all. In early girlhood he professed faith in Christ and for thirty years was a follower of him in the Presbyterian church of Leggett, N. C. Although not in close touch with the congregation for past few years she held firm to her faith.

Many friends will grieve with the bereaved family. Having lived in Halifax, Edgecombe, Nash and Franklin counties she was well known and loved by a very large number of acquaintances. Her cheery and genial disposition endeared her to all who knew her kindness and consideration made her friends.

She leaves a husband, nine children, an aged mother, Mrs. Mary ... four sisters, ...

phasis that this is a strenuous age—an age of action. This we are bound to admit, but not with the same degree of satisfaction that some seem to take in the fact.

Yes, this is decidedly an age of action—action of the body. But we very much fear it lacks somewhat of being an age of action of the mind. In short, isn't life fast becoming so strenuous as to preclude much thought—quiet, enjoyable thought?

Never before in the history of our country was the demand for amusement carried to such an extreme as at present. Take for instance the moving picture show. Scarcely a town or hamlet in the land but has one or more of these popular places of amusement. Night after night they are thronged with young and old. No sooner is the day's work over than the cry is: "off to the movies." Nothing but the exciting scenes there portrayed seems to satisfy us. We are no longer content to spend a quiet evening at home in instructive conversation and discussions, reading and studying. We must be entertained.

No, we are not knocking the movies. They are a good thing in their way, but like many other good things, may be carried to excess. We are merely deprecating the seeming great national unrest that nothing but excitement will allay. We are forced to admit that if it were not the movies it would be something else.

Life—real, true life—doesn't consist merely in work and amusement. It isn't sufficient that we work till we are tired, then seek amusement till we are rested again. The frenzied seeker after wealth or amusement misses the real life. Neither does the normal mind demand continual excitement. The great realities of life are the reverse of these.

The fact is, the world needs less action and more thought, less excitement and more rest and repose. It needs to take time to study other things than wealth and pleasure—needs to meditate on matters that make for character and the larger things of life. Then will we really grow and develop as Mother Nature intends we shall.

GIRLS! LEMON JUICE IS SKIN WHITENER

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost of one cent. It is a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin whitener. Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck arms and hands.

Sour Stomach.

This is a mild form of indigestion. It is usually brought on by eating too rapidly or too much, or of food not suited to your digestive organs. If you will eat slowly, masticate your food thoroughly, eat but little meat and none at all for supper, you will more than likely avoid the sour stomach without taking any medicine whatever. When you have sour stomach take one of Chamberlain's Tablets to aid digestion.

We Set Tire Standards

Why is it that United States Tires are setting new records for mileage and serviceability?

Why is it that the sales of these tires are constantly mounting by leaps and bounds?

The answer is found in the factories where United States Tires are made.

Standards of construction for these tires are higher than ever before known in the tire industry.

Makers of tire fabrics tell us that the standards we have given them for United States Tire fabrics are higher than any previously known.

Likewise through every process of construction from crude rubber to finished tires—we have set new and higher standards everywhere.

These standards work out on your car in the practical economy demonstrated by wear and tear.

United States Tires will raise any car to a type to suit every condition of service.

Cook in a Cool Kitchen

Roasting, broiling, baking, toasting, boiling or simmering—elaborate or simple cooking—can be done perfectly with a New Perfection Oil Cook Stove. And you will not broil in a hot kitchen.

3,000,000 American women use the New Perfection and escape the daily drudgery of coal hod and ash pan, soot and kindling. They have gas stove convenience at kerosene cost—a stove that lights at the touch of a match—can be regulated accurately—that turns all its fuel into usable, odorless heat—that applies all the heat directly to the cooking utensil—that uses an inexpensive, always available fuel—that saves coal for the nation.

Why don't you cook in a cool kitchen?
