

**Speed—  
Speed—Speed!**

Uncle Sam pushed the clock ahead one hour to give more light.

Take advantage of it. You owe it to yourself and your country to make every minute count.

Use your car—passenger or commercial—to the limit.

Samuel P. Colt, president of the United States Rubber Company, helped awaken the country to the economic value of the automobile last fall. He said—

“Everything on wheels must be used and mobilized.

“The automobile is second to the railroads as an adjunct and supplementary to them in collecting and distributing merchandise.

“Owners should use their cars, both passenger and commercial, more and more.”

Make the most of your car by using the tires that will extend its usefulness to the utmost.

Use good tires—United States Tires. They last longest and carry you farthest at least cost.

There is a United States Tire for every car or truck—to guarantee uninterrupted service and greatest economy.

Our nearest Sales and Service Depot dealer will tell you which ones will serve you best.

**ALL SUGAR DEALERS  
MUST ACT QUICKLY**

Those Who Do Not Make Statements to Food Administration by July 15 Will Be Cut Off From Sugary Supplies.—Hotels, Boarding Houses and Institutions Are Included.—Special Provision For Wholesalers and Jobbers.

Raleigh—All sugar dealers and all users of sugar, including wholesale and retail merchants, hotels, boarding houses and restaurants, hospitals and other institutions and bakers will be able to purchase sugar after July 1 only upon certificates furnished by the Food Administration after the dealers or users have made statements of their requirements to the Food Administration upon blanks which are provided for this purpose. Those who do not make such statements by July 15 will be refused any certificates at all.

In order to prevent any interruption to the normal flow of sugar to the trade, the Food Administration will issue certificates to the wholesalers and jobbers in order to give them 30 days supply of sugar including the supply they have on hand already.

It is important that sugar shall be available for canning and preserving purposes at this season and it is the desire of the Food Administration that all wholesalers and jobbers shall immediately take steps to secure certificates for their 30 days supply of sugar. After they have used these certificates they will purchase sugar from brokers or refineries upon certificates which they will receive from retailers.

**Dealers Must Keep Records.**  
\* All dealers are required henceforth to keep an accurate record of all sales of sugar, this record to embrace the name of purchaser, quantity and price. Every wholesaler, as well as retailer, is required to keep these records and every pound of sugar sold must be accounted for. The records are to be held subject to the inspection of representatives of the Food Administration, or may be required by county food administrators.

**WOULD INCREASE THE  
SUPPLY OF POULTRY**

Saving of All Pullets Would Greatly Increase Egg and Meat Supply—More Money for Farmers.

Raleigh.—The Food Administration is backing up and encouraging in every manner possible the efforts of the Agricultural Extension Service in promoting the poultry industry in the State. It is urging all farmers to save every pullet possible, disposing only of cockerels at this season for broilers and frying chickens.

It is pointed out that there are greater possibilities for increasing the meat supply through the raising to maturity of chickens than there is through the increased production of eggs and hens, the so-called meat animals. At present and prospective prices of poultry and eggs foresighted farmers cannot do otherwise than raise to maturity every pullet that they can maintain. The pullet which will sell today for 40 cents will produce eggs to the value of several times that sum during the winter or spring or can be sold as a matured hen during the winter for two or three times that sum.

**GRAHAM FLOUR FROM NEW  
WHEAT WILL BE POPULAR**

Raleigh.—The grinding of new crop wheat into graham flour is being encouraged by the Food Administration. In some sections of North Carolina the new wheat is reaching some of the mills already. Most of the mills refuse to handle the new wheat except in very small quantities on account of its poor milling condition.

The Food Administration is anxious that no further wheat flour shall be imported into the State and for this reason, and for the additional reason that mills find it exceedingly difficult to grind new wheat and get the extraction which they are required to get, is encouraging the grinding of wheat into graham flour. Whole wheat graham flour from the new crop wheat is sweet and wholesome, having a distinctive flavor which makes it exceedingly palatable and promises to make it very popular.

**STATEMENT FROM FOOD  
ADMINISTRATOR HOOVER**

“If you could stand in the middle of Europe today and survey the land to its borders, you would discover its whole population of 400,000,000 human beings short of food. Millions of people in Poland, Finland, Serbia, Armenia and Russia are dying of starvation and other millions are suffering from the little food. Our Allies and the neutrals are living on the barest margins that will support life and strength.

“This, the most appalling and dreadful thing that has come to humanity since the dawn of civilization, is to me the outstanding creation of German militarism.”

**“Gets-It”—2 Drops—  
Then to the Dance!**

“Goodnight to Corn Pains—Corns Peel Off With ‘Gets-It.’”

“Say, girls, you can laugh at tight shoes, or damp corn-pulling weather, big bumpy corns, calluses on the soles of your feet, corns between the toes, hard and soft corns,

“It's All Off With This Fierce Corn Now—‘Gets-It’ is Magic.”

If you will just touch the corn or callus with a few drops of ‘Gets-It!’ What a blessed relief it gives to corn pains! You won't limp any more; you can enjoy the dance every minute. Then to see how that corn or callus will come right off complete, like a banana peel and without the least pain, is just wonderful. ‘Gets-It’ is the biggest seller among corn removers in the world today, simply because it is so wonderfully simple and always works. Be sure you get ‘Gets-It.’

The food administration has issued an interesting statement in which we can see the result of the food economies effected by our wheatless and meatless days. July 1st, 1917, the wheat available for export was estimated at 20,000,000 bushels. In the period from that date to June 1st, 1918, our shipments of wheat to the allies amounted to 120,000,000 bushels. The largest shipment of beef products in any one month during this period has been 87,000,000 pounds, against the ordinary export of 1,040,000 to 2,000,000 pounds a month. The largest export of pork in one month reached 308,000,000 pounds. These supplies have been used to help feed the armies of France, Belgium, England, and to some extent Italy. Some of these countries have also been used for the civilian population of these countries. It is a splendid record and shows that the care and self-sacrifice of its people have made the United States equal to its great task. How much of this have YOU saved?
