The extraordinary development of the auto and the auto truck are doing for the roads of our country that which all the preachments of good roads advocates had failed to accomplish. Our public highways will in the near future be worthy the name of roads, and will at last be a credit to this great nation. This fact is assured because our people have never yet failed to meet an emergency as it has arisen. The development of auto service has created an imperative demand for substantial roads, and substantial roads will come, and are coming. Are you doing your part?

Kerensky likens the Russian nation to a sick man. His symbolic disorder must be colic, as we know nothing which so well represents internal dissensions.

Is John Barleycorn an alien enemy? He seems likely to be interned for the duration of the war.

Time was when the calico dress took part only in laundry affairs and dishwashings. Now it appears at porch parties and lawn fetes in exclusive circles. Is this an improvement or a retrogression?

If the bone dry amendment passes, the government will lose \$30,000,000 in revenue taxes. But the public will save \$600,000,000 in drinks. If the price of the drinks should be put into thrift stamps will the government make or lose?

We hope our hunch is true that the world gets a dove in its worn, knitted sock, this Christmas.

LETTER FROM FRANCE. We publish below a letter from Mr. Cleland Pearce, of Pilot, who is with the American Expeditionary Forces in France, written to the Joyner's Chapel Baptist church, of Pilot. It will no doubt be of much interest to many of our readers:
TO THE CHURCH.
"With the Colors",
June 12th, 1918.

Dear friends:— I have arrived safely over sea. The country is very beautiful. Altho the people look different from us. Most all the houses are built of rock. We had good luck coming over. I had heard the song, "It's a long way to Berlin," now I believe it. But I hope to get there. Some how I felt impressed to write to you and let you know I am still thinking of you all in my prayers. Hoping to return some day and stand before you and sing as I did in the days gone by. My-God help me to do that if its thy will. I want you all to pray for me. That I may resist all temptations come before me. And God will enable me to stand up like a man and do my bit. While I am in this great struggle of war.

You might think being so far away I never think of you church members of Old Joyner's Chapel. My dear friends if you do it's a mistake. I want you to remember me and write to me any of you. I would be glad, very glad to hear from you. Just a few words would help me. No one knows the feeling of a soldier until they have some experience. My address is CLELLAND PEARCE, 320 Ambulance Co., 305 Sanitary Trains, A. E. F.

P. S.—Bertha give this letter to Mr. Guess and tell him to read it at Sunday School or church service.

Rheumatism was strongly entrenched in the joints and muscles of Judge H. G. Huntley. Less than one bottle of L-Rheumo took the kinks out and put the enemy to flight, and no return of the trouble. The Judge writes:

Morven, N. C., July 16, 1916. Chapman-Alexander Laboratories, Greenville, S. C.

Gentlemen:— After suffering from Rheumatism for about two years, I was advised to try your remedy (L-Rheumo.) After having taken it for a few days I was entirely relieved of pain and feel that I am well, but still have almost one-half the bottle left. It has been over a year and no return of the trouble as yet.

Yours truly,
H. G. HUNTLEY, J. P.

Here's hoping the "human" Germans will clean house after the war and for their own good as well as that of the world, exterminate all traces of the "Hun" element that has betrayed them even more foully and completely than it has the Belgians. It will take many a decade, generations even, to enable the world to differentiate between Germans. The whole world will "be from Missouri."

The State or county—even the nation—that confines its criminals within prison walls is itself guilty of criminal practice. Convict labor, rightly applied, would in the next generation give the United States the greatest system of public highways the world has ever known. Put all convicts to work on the roads. That way they can expiate their offenses and be of some real service to their country.
