

THINK TWO SHIPS SUNK SUBMARINE

Enemy U-Boat Was Lying in Wait "500 Miles off American Coast."
 An Atlantic port, Sept. 23.—A large German submarine which was lying in wait for trans-Atlantic vessels 500 miles off the American Coast is believed to have been put out of commission and perhaps sunk by the United States Shipping Board steamship Nanesmond. Nanesmond's master, Captain William MacLeod, took place September 19. Thirty-four shots were fired by the steamer, one of which, a six inch explosive shell, fired at a three mile range, was followed by the eruption from the submersible of a cloud of black smoke mingled with splinters. Immediately after this the submarine bobbed to the surface, awash, and made slowly off.
 The Nanesmond was formerly the German steamer Pennsylvania.
 An encounter with a submarine in the same vicinity was reported by a British steamship, just arrived, with evidence of damage by shell fire. The gunner believes that they sank the U-boat after a running fight during which the two vessels exchanged more than 200 shots. The freighter's chart house was demolished and a life boat destroyed.

GIRLS! LEMON JUICE IS SKIN WHITENER

How to make a creamy beauty lotion for a few cents.
 The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.
 Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart of this perfectly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

A salient? When the Yanks have been in France a little longer "there won't be no such animal."

From a nation of wasters we have become a nation of savers and lenders. Let the Fourth Liberty Loan prove it.

Louisburg, N. C., Sept. 23, 1918

Dear Sir:

Our tobacco market is holding its own with good and medium grades higher than they have been this season. Every customer was well pleased with his sale the past week, not a single kick from any one.
 We have no high price drummers to pay this year. These men can only ride around and tell you fairy tales about the house they represent, and when your tobacco is placed on their floor, they are not allowed to bid on it, so don't listen to them for it won't pay you.
 We do not buy or guarantee tobacco in the country giving every man a square deal that sells with us.
 Load your wagon, drive straight to the Union Warehouse and we will convince you that the Union is the house and Sam Meadows the man to sell your tobacco with.
 Remember, we do our drumming on the floor.
 Yours to serve and please,

P. S.

Remember we will have no country bought tobacco on our floor this year, thereby enabling us to protect our customers, by giving our whole time to their interests.

Why go elsewhere for Hardware when you can get anything you want right here?
 Why pay more for it when you can get the same thing for less money right here?
 Why wait days for your purchase to arrive when you can take it home with you by buying here?
 Why buy something unseen when you can see before buying here?
 We sell everything in hardware. We make the prices right. We guarantee everything we sell.

Yours to serve,

The Allen Brothers Company
