

Calomel Today! Sick Tomorrow!

Guarantee Dodson's Liver Tone

Don't take nasty, dangerous calomel when bilious, constipated, headachy. Listen to me!

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with your bile it crashes into it causing cramping and nausea. If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start

your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money. If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

ANNUAL STATEMENT

For

FRANKLIN COUNTY

from the 1st day of January, 1917, to the 31st day of December, 1917.

Continued from last week.

666 cures Headaches, Bilious, 45 acres, more or less.

tired aching feeling, due to Malaria or Colds. Fine Tonic.

666 cures Chills and Fever.

Notice of Sale.

Pursuant to the authority contained in a certain Deed of Trust, dated November 1, 1916, made by E. E. Marshall and wife, Mary Lizzie Marshall, to A. M. Scales, Trustee, (default having been made in the payment of the indebtedness thereby secured) the undersigned trustee will sell at public auction, on Monday, December 2, 1918, at the court house door in Louisburg, N. C., the following described tracts of land.

But They Started Right.

Many of our wealthiest men were once poor boys. They began in youth to save. And they kept it up. The result— They now have all that money can buy. Nothing but the saving habit will accomplish this. Luck won't do it.

Start Right—Save

Open a Savings Account right away; and cultivate it. Stay with it. Add to it. In the years to come you'll bless the impulse that caused you to start it. We help you to save and pay you 4 per cent on your savings.

An International Service Built on Tiny Profits Per Pound

Some industries have been able to get in step with war demands more quickly than others.

In many cases mighty plants have sprung up—but at a prodigious cost.

The packing industry was able to adapt itself to unheard of demands more quickly, perhaps, than any other industry. And this was because the vast equipment of packing plants, refrigerator cars, branch houses, etc., had been gradually developed to its present state of efficiency, so that in the crucial hour it became a mighty international system for war service.

And how had this development taken place?

Not by making vast inroads into the capital wealth of the country, but largely by using, from year to year, a portion of the profits, to provide for expansion.

Swift & Company's profits have always been so tiny, compared with sales, that they have had practically no effect on the price of meat (amounting to only a fraction of a cent per pound).

And yet the owners of the business have been content with reasonable returns on their capital, and have been able, year after year, to put part of the profits back into the business to provide for its expansion.

These fractions of tiny profits have been repaid to the public many fold in the form of better service, and better and cheaper meat, and made it possible for Swift & Company to meet, undaunted, the sudden cry for meat for overseas.

Could any other method of financing a vital industry involve less hardship to the people of the country? Could there be a better instance of true "profit sharing" than this return in added usefulness and in national preparedness?

Swift & Company, U.

Louisburg Motor Co.

We have some brand new Ford five passenger bodies complete with Tops, Cushions, and Windshields, which we are offering for sale. Make your old Ford new by getting one of these bodies.
