

# RED CROSS RELIEF IN THE FAR EAST

Bring Food and Supplies to Czecho-Slovaks in Siberia.

THE American Red Cross has become very active in that part of Russia surrounding Vladivostok, and the prompt medical assistance rendered that distressed country has resulted in saving thousands of lives. The rescue work done by the Red Cross for the Czecho-Slovak refugees has assumed prodigious proportions and is daily becoming greater in scope. Cabled advices received from Vladivostok report that more than 20,000 Czecho-Slovak refugees, 4,000 of them children, are now being cared for by the American Red Cross at that city. In addition to this relief work, the cables state that the Red Cross Medical organization is attending hundreds of wounded Czecho-Slovak soldiers who have reached Vladivostok after weeks of the most desperate fighting against the pro-German forces.

The condition of the refugees, who were found living in tents and freight cars along the Chinese Eastern Railway west of Harbin, was pitiable. A majority of them are farmers, though there are many coal miners and railway employees in the number, people who were driven from their homes by the Bolsheviks, and some German and Austrian war prisoners.

The work of administering to the wounded Czecho-Slovak fighters, who steadfastly refused to recognize the Bolshevik-German peace, and relieving the distress of the homeless civilians was started the moment their plight was brought to the attention of the American Red Cross. The relief work was directed by Charles K. Moser, American consul and head of the Red Cross chapter at Harbin. American Red Cross chapters at Tokyo and Shanghai also gave valuable aid. While waiting for instructions from America, they went ahead and raised funds in Vladivostok which provided temporary relief for both soldiers and civilians.

On authorization of the American Red Cross, Dr. R. B. Teusler, head of

### Captures Still.

Sheriff H. A. Kearney reports the capture of a still near Youngsville the past week. This was a home made affair of about 50 gallons capacity. He also destroyed a lot of fixtures for another about four miles down the river from here yesterday. The still however had been removed.

### Killed in Action.

Yesterday's casualty list contained the name of Private James E. Henley, as being killed in action in France. Mr. Henley was from Franklinton and was among the last drafted men.

### Notice.

Having qualified as administrator of the estate of Miss Virginia A. Clifton, deceased late of Franklin Co., this is to notify all persons holding claims against her estate to present them to the undersigned on or before the 12th day of December 1918, or this notice will be paid in bar of their recovery. All persons indebted to said estate will please come forward and make immediate settlement. This the 12th day of December 1918.

## Fly your flag—

The work of the Red Cross *must* go on—it *will* go on, and you must make it possible.

This is Red Cross Week. It is the only opportunity you will have to join the Red Cross, for the year 1919, or to renew your old membership.

As soon as you join and get your flag, put it in the front window of your home—let all the world know you are a member of that great organization of humanity and that you are proud to belong.

Add a small Red Cross on your flag for each one of your family who is a 1919 member.

You get a button, too, when you join. WEAR THAT ON YOUR COAT.

Red Cross workers have definite instructions not to encourage any one to join more than once.

When you wear your button it lets those workers know you belong—then they won't ask you again.

Entrance to American Red Cross Hospital at Kiev.

St. Luke's Hospital at Tokyo, hurried to Vladivostok with necessary hospital supplies and perfected a medical organization to care for the incoming wounded soldiers.

This organization, which was complete from a medical and sanitary standpoint, consisted of a base hospital with a bed capacity for 200, one rolling canteen, two sanitary trains, one field first-aid unit and a disinfecting train.

Dr. Teusler cabled that there were in active service with his unit fourteen American and seven Japanese doctors and fifteen American and seventeen Japanese nurses. All the American doctors are volunteering their services. Dr. Teusler said he hoped to enlist thirty additional American doctors and fifty American nurses in the Orient.

### MOBILE HOSPITALS AT FRONT.

It is the task of a mobile hospital to advance to the front lines with the troops to give first aid treatment to the wounded. The mobile hospital unit from base hospital No. 20, University of Pennsylvania, were commended by General Pershing for the courage they displayed under shell fire. Two Red Cross nurses were included in this special distinction for their bravery and devotion to duty.
