RESOLVE TO CUT COTTON ACREAGE.

Cotton Men at New Orleans Vote to Ask Governors to Name Committees.

At last week's cotton conference in New Orleans resolutions were adopted asking the governors of the cotton growing States to immediately appoint "cotton reduction committees" to take charge actively of the reduction of the cotton acreage in their States. This and other resolutions on cotton adopted at New Orleans were as follows:

"Resolved, That the Governors of the cotton growing States, represented in convention, be requested to immediately appoint at least three members known as cotton reduction committee to take charge actively of their individual States, the reduction of cotton produced during 1919. The committee is to be composed of first, a farmer; second, a banker, and third, a business man. The committee to have full authority to pledge their State for reduction and production of cotton at least one-third of 1918 crop. The Governors to be requested to impress on the committee appointed to immediately meet and organize and confer with other members of the States interested and put into effect as soon as possible, through county organizations, the most practical way of carrying into effect the reduction of the cotton crop of 1919."

Resolution No. 2.

"Whereas, A large amount of cotton is now being held by farmers, merchants and cotton men for fair prices and it is reported that in some sections thousands of bales are exposed to the weather and some cotton is reported to be damaged from \$5.00 to \$15.00 per bale.

"Therefore, Be it resolved, by the Cotton Reduction Conference, of delegates appointed by Governors of the cotton States, that we urge the holders of cotton to immediately put the same in safe and dry warehouses or where warehouses are not available, to provide other weatherproof shelter.

Resolution No. 3.

"Whereas, It is well established that the price of cotton has not advanced as much as corn and other feedstuffs, therefore,

"It is the opinion of this body that the farmers of the cotton belt should produce all the foods and feedstuffs necessary to supply their own necessities.

"We urge the farmers of the South not to sell the balance of the present cotton crop at a price less than 30c per pound basis middling."

Copies of the resolutions were furnished the News and Observer by Mr. S. H. Hobbs, of Clinton, who attended the conference.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

Matter of Principle.

"Why do you call yourself a socialist?"

"Because I feel like it," replied the anarchist.

"But some socialists are respectable law-abiding people."

"That's the idea. I claim the right to help myself to anything a respectable, law-abiding person has; even his title."

TAKE IT IN TIME.

Just as Scores of Louisburg People Have.

Waiting doesn't pay. If you neglect kidney backache, Urinary troubles often follow. Doan's Kidney Pills are for kidney backache, and for other kidney ills. Louisburg citizens endorse them. Mrs. W. M. Freeman, Kenmore Ave. Louisburg, says: "I had terrible pains in my back and around my kidneys and I suffered no matter which way I would move. I had had headaches and often I was so nervous I didn't know what to do. I was dizzy, specks would float before my eyes and my kidneys didn't act properly. I finally began taking Doan's Kidney Pills and I am glad to say they entirely cured me."
