LABOR'S PROPOSAL TO PEACE COUNCIL.

Submitted By U. S. Delegates on Commission of Labor Legislation.

Paris, Feb. 8.—The American delegates on the commission of international labor legislation of the peace conference, has submitted the following proposals to the commission:

"We declare that the following fundamental principles should underlie and be incorporated in the peace treaty:

LEAGUE OF FREE PEOPLES.
"A league of the free peoples of the world in a common covenant for genuine and practical co-operation to secure justice and, therefore, peace in the relations between nations;
"The entrance of any free nation into the league of free peoples of the world shall be inherent;
"No reprisals based upon purely vindictive purposes, or deliberate desire to injure, but to right manifest wrong;
"Recognition of the rights of nations and of the principle no people must be forced under a sovereignty under which it does not wish to live;
"No territorial changes or adjustments of power except in the furtherance of the welfare of the peoples affected and in the furtherance of world peace;

HUMAN LABOR NOT A COMMODITY
"That in law and in practice the principle shall be recognized that the labor of a human being is not a commodity or an article of commerce;
"Involuntary servitude shall not exist except in a punishment for crime of which the party shall have been duly convicted;
"Trials by jury should be established.

NO ABRIDGEMENT OF FREEDOM.
"The right of free association, free assembly, free speech and the press shall not be denied or abridged;
"That the seamen of the merchant marine shall be guaranteed the right of leaving their vessels when the same are in a safe harbor.
"No article or commodity shall be shipped or delivered in international commerce in the production of which children under the age of sixteen years have been employed or permitted to work;

FOR BAN ON CONVICT LABOR.
"No article or commodity shall be shipped or delivered in international commerce in the production of which convict labor has been employed or permitted;

"It shall be declared that the work day in industry and commerce shall not exceed eight hours per day except in case of extraordinary emergency, such as danger to life or property;
"The sale or use for commercial purposes of articles made or manufactured in private homes shall be prohibited;

"It shall be declared that an adequate wage shall be paid for labor performed—a wage based upon and commensurate with the standards of pay conforming to the civilization of the time;
"That equal wages shall be paid to women as is paid to men for equal work performed;
"The incorporation of the points laid down by President Wilson."

Poetic Geography.
At a recent examination for entry to the central officers' training school one of the men was given a mental test. The first question was answered correctly, as was the second; then the lieutenant in charge asked the man if he knew where the Surinnee river was. The candidate thought for a minute and then with a self-satisfied smile answered:
"Far, far away."—Corporal William R. Black, in Judge.

Attack the Bolsheviks in the Archangel Region; Result Is Not Yet Known.

Archangel, Friday, Feb. 7.—British and Russian troops, supported by American machine gunners and trench mortar units, began an attack at 10 o'clock this morning against the Bolsheviks on the Petrograd road south of Kadish. There have been no final reports on the result of the fighting. The infantry went forward after the Canadian artillery had silenced the army artillery in a bombardment of several hours. The attack was made for the purpose of protecting the American positions at Srednakkrenga, about 30 miles eastward of a flank attack. The Bolsheviks are shelling the American positions on the Vaga sector continuously.
