

Be a Joy-Walker, "Gets-It" for Corns

2 Drops, 2 Seconds—Corns Is Doomed!

When you almost die with your shoes on and corns make you almost walk sideways to get away from the pain, take a vacation for a minute or two and apply 2 or 3 drops

"Gets-It" is the world's magic and only genuine corn-peeler. "Gets-It" is the only one that you can peel it right off so that you can peel it right off gloriously easy with your fingers. Take no chances of continued pain and soreness—why use greasy, irritating salves, plasters that shift and press into the "quick," rashes and "diggers" that make corns bleed and also grow faster? Use painless, easy, always sure "Gets-It." There's only one like it in the world—that's "Gets-It." Millions have tried and O. K.'d it for years. It never fails. "Gets-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. M'd by E. Lawrence & Co., Chicago, Ill.

Sold in Louisburg and recommended as the world's best corn remedy by F. R. PLEASANTS.

Any man who hasn't a good opinion of himself is inwardly deformed.

CERTIFICATE OF DISSOLUTION.

State of North Carolina—Department of State.

To All to Whom These Presents May Come—Greeting:

Whereas, It appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the Crescent Drug Company, a corporation of this State, whose principal office is situated in the town of Franklinton, County of Franklin, State of North Carolina (A. H. Vann being the agent therein and in charge thereof, upon whom process may be served), has complied with the requirements of Chapter 21, Revisal of 1905, entitled "Corporations," preliminary to the issuing of this Certificate of Dissolution:

Now, Therefore, I, J. Bryan Grimes, Secretary of State of the State of North Carolina, do hereby certify that the said corporation did, on the 8th day of February, 1919, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In Testimony Whereof, I have hereto set my hand and affixed my official seal at Raleigh, this 8th day of February, A. D., 1919.

J. BRYAN GRIMES, Secretary of State.

2-14-19

Hold Up on Cotton and Tobacco.

West Raleigh, N. C., Feb. 12.—Farmer farmers are requested to hold up on cotton and tobacco this year, decrease the acreage generally devoted to these, and prepare for more food crops in order that all home supplies may be raised on the farm, and that the money which is received from the sale of such crops as tobacco, cotton, potatoes and peanuts, be net profit. Indications point towards the securing of very good prices for this year's

crops, but on the question of tobacco, especially, many growers seem to have gone wild. Tobacco growing will be increased in South Carolina and Virginia this year, and Georgia is also planning to increase its acreage at least 100 per cent.

It is a well known fact that the Trusts will prepare for decreased prices and consumption at least a year ahead, and prospects now are for a great slump in the price of tobacco this year, unless there is a drastic reduction in acreage.

In studying this question, Dr. Wm. R. Camp states that with the demobilization of troops, and their return to active employment where smoking will not be engaged in as generally as heretofore, less smoking tobacco will be used. With the harder times which are expected to come with falling prices, the Trusts will also not be in a position to pay as much for tobacco as they have heretofore, yet farmers are bound to produce crops about the same high price as has prevailed during the war. When these crops are sold eight months later, the market price is expected to decline much below their present level.

The condition of cotton at the present time is enough warning in itself to be a guide as to how much cotton should be put in. Food and feed crops for the farm should be considered first, in order that no money will have to be spent for these, and then the money crops should be put in so as to be net profit when they are sold, no cash having to be spent for food and feed, as heretofore.

Valentine Day Suggestions.

Do you want to send a unique Valentine, one that is in keeping with the spirit of the times?

Here's your chance. Clip out one of these verses and with a Thrift or War Savings Stamp folder, containing as many stamps as you desire to express your sentiment, send it to him or her:

Oh, when you stick a stamp in this, I pray you think of me, For as you love your country, So I am stuck on thee.

Here's an old one done over:

Thrift Stamps are green, War Savings blue, Love backed by savings Makes our dreams come true.

How do you like this one:

Oh, Valentine my Valentine, Lover and Patriot I combine; In favoring my suit to make me bolder, Uncle Sam has stamped this folder.

This one about the hope chest ought to make an impression on "him."

The hope chest's full of dainty wear, Of linen sewed with loving care.

And laid away Against the day When thou 'lt be mine.

This token of the way I build, To keep my chest forever filled,

Shall bring to you, Love's greeting true— My Valentine!

GOVERNMENT DENOUNCES CASHING IN WAR SAVINGS STAMPS

Practice Will Defeat Purpose of Government to Raise War Debt Without Levying Taxes. Advises Holding On To Stamps.

The Government is denouncing the practice of cashing in War Savings Stamps when there is not the utmost need. It is in its official bulletin of the Government, it will not only make poor people poorer but will defeat the purpose of the Government in its efforts to raise the war debt of the nation without further taxing the people.

Unfortunately for North Carolina many of her citizens have been reported as cashing in their stamps when, according to their word, they did not need the money for the necessities of

PRICE ANNOUNCEMENT

FORD

THE UNIVERSAL CAR

The policy of the Ford Motor Company to sell its cars for the lowest possible price, consistent with dependable quality, is too well known to require comment. Therefore, because of present conditions, there can be no change in the prices on Ford cars:

Runabout	\$500
Touring Car	525
Coupe	650
Sedan	775
Truck Chassis	550

These prices F. O. B. Detroit

Louisburg Motor Company

life. One North Carolina postmaster writes: "Men who are able to hold them come and demand a redemption of their stamps, four and five hundred dollars worth at a time. One man who pledged to buy twenty stamps bought ten dollars worth a few days ago and immediately gave notice for their redemption ten days later. As soon as I paid him he then bought ten dollars worth of stamps and immediately demanded his pledge card claiming that he had redeemed his pledge."

The Government is advising the owners of stamps to hold on to their securities to the date of their maturity. It urges that they save and economize to meet the needs of the day in order that their stamps may draw their full rate of interest and that the Government may use this money in settling the heavy debts incurred by the war.

A Tonic Laxative

that will remove the bile from the liver and cleanse the system THOROUGHLY without griping or disturbing the stomach is truly a Perfect Laxative.

LAX-FOS WITH PEPSIN

is the name of a Reliable and Perfect Laxative which soon relieves Sick Headache, Dizziness, Indigestion, Stomach Trouble, Gas and Piles caused by a Torpid Liver and Constipation. Always use a Reliable Laxative in the treatment of Colds, Grip and Influenza.

LETTERS FROM FRANCE

Christmas Day, 1918. Germany.

My dear home people:— I will write a letter to let you know that I am enjoying myself very well today. Much better than I expected. The band came down and gave us a cheer the first thing after breakfast. We sure did have a nice dinner today. Fresh pork, cake and etc. During today I have thought much of you all back in N. C. Hope this is a happy day with you.

We have quite a little snow here. It has been snowing since yesterday, and is still snowing. I guess it will be some sloppy when it begins to melt.

We reached the Rhine river on the 11th of Dec. and crossed over on the 13th. I like Germany better than I thought I would. The people are treating us with more courtesy than I expected.

I like my work better than I ever have before. I am orderly for two Lieutenants. Lieut. Baker and Lieut. Kincard. My work is not hard. What I like about it is that I don't have to do any more drilling or standing any more formations.

I hope this letter will find you all well. I haven't received but four letters since I came over and they came only a little while after I did. Don't know where the trouble is. I just can't get them. I don't have the slightest idea when this division will come back to the States. It may be six or eight months before we come. We can't tell. You know I used to be crazy about

scenery. Well, I have seen some of the prettiest mountains and other scenery too. From here back to the front is a most mountainous country. I have often thought of my friends in the 81st Div. since I left the front. I would like to know whether they are alive or not.

Hope you all made a good crop this year. This war hasn't caused me to lose interest in the future. I think and plan each day for the future life that awaits me.

Tell Annie to be a smart little girl and try to learn fast while at school. I bet Lewis is doing all he can to keep a hot fire.

Guess what I got last night for a Xmas present. From one of the officers, ten Francs, which means two dollars in American money, and the officer said that he would remember me with a present. Isn't that nice of him?

I must close now, wishing for you all a Merry Xmas and Happy New Year.

Love to all.

JOHN W. NEAL, 127th Inf. Co. D, 32nd Div. A. P. O. 734, A. E. F.

Jan. 13th, 1919.

Dear Mr. Johnson:— I will write you a few lines this morning about we fellows over here in France. We are all getting on fine as you could expect. All of we Franklin county boys are over here and we have done our part. We have all been over the top. They got a few of us and we got a lot of them.

When the armistice was signed and firing ceased I looked around and saw three Franklin county boys standing in ten feet of the German trenches and got in there and drove them like Hell for about two hours and then we got orders to stop and believe me they were all glad of it. What it takes for the Germans we wild cats have got it.

SUNSHINE BROUGHT TO THIS MAN'S HOME

Made His Wife Happy By Banishing Pain and Restoring Her To Health.

A woman fills the home over which she presides with happiness, radiating sunshine and brightening the lives of those dear to her when she is in good health, but when her physical state is poor it is different, as is the case of the wife of W. J. Mitchell, Eight St., West Durham, who says:

"For some time my wife has suffered from indigestion and rheumatism. She had no appetite; could not sleep and had to be careful of what she ate. I had about given up hope of her health being restored when I heard of what this new medicine, Peplac, was doing, and now she is like a new woman. Before she had finished the first bottle she announced that she was feeling fine and she certainly looked better. Now her appetite has returned, indigestion is gone she no longer has those rheumatic pains. She can eat anything that she wants without fear of her food hurting her, and she sleeps soundly at night."

J. E. Hood and son sell and recommend Peplac in Kinston. Buy a bottle today it has helped others and will do the same for you.

Wild Cat is the name of our division and I mean they will search you if you fool with them.

Listen, you know we are hard, we hiked fifteen days carrying a full pack, now we are wanting to go home and I hope it won't be long before we can get to come home. We don't like to stay over here very much. We can't talk very much. We can't talk very much to these French people, they are all very kind to us. Only thing they do to us is to charge us for wood. I bought three francs worth last night and got ten pieces four cent long. One good thing it is not so bad over here, if it was we would freeze, wood is so scarce over here.

Will come back and finish my letter. I had to stop and go get my dinner. You just ought to be over here to eat with us, we had for dinner, beans, corn, and potatoes. That is not so bad is it? The only thing that gets us is to have to line up for it. Well it won't be long before we can sit at our mother's table and enjoy our meals one more time.

Well, I have told you about all I know for this time, will write more next time.

Yours very truly, BALLARD S. MITCHELL, Co. H, 321 Inf., A. P. O. 791, A. E. F. Via New York

ALL U. S. MEDALS ARE MADE IN PHILADELPHIA.

Big Money Factory Turning Out 22 Types of Medals at President Time.

Philadelphia, Feb. 6.—Every medal that the United States Government confers is made in the Philadelphia mint. For the War Department alone the big federal money factory is at present turning out twenty-two types of medals. The badges of honor awarded to Marshal Foch, Haig and Joffre, and other distinguished allied commanders, were the product of the mint.

Marshal Foch is reported to have remarked that the American Distinguished Service Medal is the handsomest military decoration awarded. About two hundred of these medals of bronze and brilliant blue enamel are made every week in this city and turned over to the War Department for shipment to the camps and army headquarters at home and abroad.

Many more of the military crosses, awarded for valor, are being made. More than five thousand of these have already been shipped from the mint. In manufacturing these medals ten impressions are made by a hydraulic press on a small square or bronze, beginning with one hundred tons of pressure and increasing to two hundred and fifty tons. After the die has been stamped in this fashion, the cross is cut out by machine. The medal is then passed to workmen who fashion the little crossbars from which it is suspended, ribbons are attached and the decoration is placed in a box ready for delivery.

The United States medal of honor is also made at the mint. Here are manufactured the various kinds of medals awarded for sharpshooting, marksmanship and other honors of the service. An order now being filled calls for ten thousand Mexican service medals, attractive bronze discs for the men

who were in the Vera Cruz expedition. Now that the peace conference at Paris has approved the award of a distinctive service medal to every man who served in any of the allied armies, the Philadelphia mint may be called upon to manufacture medals by the million.

LEMONS WHITEN AND BEAUTIFY THE SKIN

Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quarter-pint of the most wonderful lemon-skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white.

Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whiteners and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

Attack the Bolsheviks in the Archangel Region; Result is Not Yet Known.

Archangel, Friday, Feb. 7.—British and Russian troops, supported by American machine gunners and trench mortar units, began an attack at 10 o'clock this morning against the Bolsheviks on the Petrograd road south of Kadish. There have been no final reports on the result of the fighting.

The infantry went forward after the Canadian artillery had silenced the army artillery in a bombardment of several hours. The attack was made for the purpose of protecting the American positions at Sredmakrenga, about 30 miles eastward of a flank attack. The Bolsheviks are shelling the American positions on the Vaga sector continuously.

J. N. W. KING

I am now in my New Stand and am prepared to serve you better than ever before. My stock is fresh and getting in fresh goods every day. Have a nice clean store, and everything kept in sanitary drawers, such as rice, sugar, coffee, loose grits, hominy, prunes, dried peaches, dried apples. Call on phone 327 when you are in need of anything for breakfast, dinner, or supper. Motto: Best goods for the least money. Quickest delivery in town.

Forty Five Years of Success

The astonishing Record of

PERUNA

Not a cure-all, but a rational remedy for catarrh and all inflammation and congestion of the mucous membranes.

Catarrh attacks the mucous linings, in any organ, in any part of the body. It is not, as some imagine, confined to the nose and throat, although nasal catarrh is the most common form and afflicts many people.

Unchecked catarrh soon breaks down the system and destroys the organs or part. Evidence of the ravages of catarrh are all around us. Without desire to frighten anyone, we say: "Guard yourself against catarrh as you would against the deadliest plague. Fortify your system. Take Peruna."

INSPIRING WORDS FOR THE SICK FROM THOSE WHO KNOW.

A Good Medicine in the Family. I had a bad case of LaGrippe and could get no relief. Peruna cured me. It is a fine medicine. We often use it in the family and find it good.

MRS. GENTHY GATES, 3225 First Avenue, East Lake Station, Birmingham, Alabama.

PERUNA IS LIKE A DIFFERENT PERSON. Peruna has cured my cough and I feel like a different person. I only took twelve bottles of Peruna and can eat anything without distress, something I have not done for fifteen years. I recommend Peruna to everybody suffering with catarrh of the stomach.

1629 16th St., Columbus, Georgia. J. J. THOMPSON.

FOR ALL FORMS OF CATARRH. Peruna is indicated for all forms of catarrh or catarrhal inflammation and congestion of the mucous linings in any part or organ, such as nose, throat, bronchial tubes, lungs, stomach, bowels, kidneys, bladder, etc. It is fine for coughs, colds and effects of the grip and an excellent preventive remedy.

If you want health, insist upon having Dr. Hartman's World Famous Peruna Tonic.

Sold Everywhere.

WRITE FOR THIS BOOK. All sick and suffering should write The Peruna Company, Dept. S-82, Columbus, Ohio, for Dr. Hartman's Health Book. The book is free and contains perhaps just the information you are seeking. It is sent in a plain wrapper to any address.

DO IT TODAY. IN LIQUID OR TABLET FORM. Ask your dealer for a Peruna Almanac.
