

On Saturday night, March 29th, time will change. We recognize only ~~ONE TIME~~ - The time the Government, Banks and Railroads use.

Monday, March 31st, and thereafter until further notice our store will open at 7 a. m., and close at 6 p. m.,

## Except Saturday

This may seem a little early to close, but we feel that our clerks and office force are entitled to some outdoor exercise, fresh air and sunshine as well as a little time in which to cultivate a garden and we believe our good friends and customers will cooperate with us in showing our employees this deserved consideration.

## BIG APPETITE FOR SAFE INVESTMENTS

Between Twenty and Twenty-Five Million Bond Buyers Take Billions in Short Periods.

Pessimists who shake their heads and join the chorus of "I dunno" boys at the prospect of floating a fifth Liberty Loan in April are administered a knock-out by figures which have recently been compiled by officials of the Treasury Department at Washington.

The figures give an idea of just how big an appetite for safe investment this country has attained in its war-year. Some of the more striking of the figures referred to follow:

A bond market which had less than 300,000 customers two years ago had at the close of 1918 between 20,000,000 and 25,000,000 buyers. The army of buyers absorbed \$11,156,565,850 worth of bonds in Liberty Bonds alone in 1918.

In the two years of the war—counting the first and second Liberty Loans which were floated in 1917—these bond buyers digested a total of \$16,974,329,850 in Liberty bonds.

This healthy condition of the bond market is explained, perhaps, by the fact that the entire indebtedness of the United States today amounts to slightly less than 7 per cent of the estimated national wealth. The national debt amounts to only about \$170 per capita.

Some of the national debts are: Great Britain, 44.3 per cent cent of national wealth or \$390 per capita; France, 41.25 per cent of national wealth or \$296.90 per capita; Austria, 24.86 per cent of national wealth or \$242.90 per capita; and Germany, 38.7 per cent of national wealth or \$505.90 per capita.

These figures on Germany are exclusive of the ninth war loan, accurate returns of which never were had, and in the cases of both Austria and Germany no account is taken of any indemnities which those nations will have to pay.

## "DANDERINE" FOR FALLING HAIR

Stop dandruff and double beauty of your hair for few cents.

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff. Your hair appears soft, glossy and twice as thick and abundant. Try it!

Cute is the Word.

Ever watch a young thing trying to be dignified while wearing a new spring skirt? Awfully cute the way she has to swing one little tootsie around and get it directly in front of the other one in order to advance eight inches.—Florida Times-Union.

## GIRLS! WHITEN SKIN WITH LEMON JUICE

Make a beauty lotion for a few cents to remove tan, freckles, sallowness.

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, then put in the orchard white and shake well. This makes a quarter pint of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.

No, Hazel, not all gushing letters are written with a fountain pen. The budding mustache of youth frequently gets twisted.

## Why Take Calomel?

Dr. Thacher's Liver & Blood Syrup will do all that calomel will do and without the "after effects."

Years ago, when people were bilious, when the liver got lazy and failed to do its work or the stomach was out of condition, calomel was the standby.

By and by the users of calomel found that the "after effects" of taking the drug were as bad and more often worse than the ailment for which it was taken.

Dr. Thacher, in seeking a medicine to take the place of calomel—one that would do all the good that calomel would do, and yet leave none of its evil effects perfected Dr. Thacher's Liver & Blood Syrup. This was in 1852, and each year since has added to the confidence of those who have used it.

Miss Susie Brewer, of Chattanooga, Tenn., tried calomel. She was suffering with a very serious cold and gripe and had no appetite whatever. After the calomel failed she tried Dr. Thacher's Liver & Blood Syrup. She felt better after taking three doses and she soon got entirely well. "I think Dr. Thacher's Liver and Blood Syrup is a wonderful medicine," she said, "and I am very thankful I tried it."

For nearly three quarters of a century this sterling preparation has been an "old stand-by" in thousands of homes in treating rheumatism, dyspepsia, indigestion and other stomach and liver complaints. It is a powerful tonic and blood purifier and can be used with the utmost confidence.
