

I am Sincere! Stop Calomel!  
I Guarantee Dodson's Liver Tone

Listen to me! Calomel sickens and you may lose a day's work. If bilious, constipated or

Every druggist in town—your druggist and everybody's druggist has noticed a great falling-off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.  
"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives better results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for your money back.  
Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe all the next day like violent calomel.

PUBLIC WELFARE.

The meaning of public welfare needs an immense enlargement in the public mind.

The stupidest man among us must be brought to see that it concerns the curse of illiteracy and near-illiteracy, commercial amusements and wholesome community recreation, preventable disease and postponable death, feeble-mindedness and its causes, insanity, poverty and its manifold relationships, orphan children in poor homes whose fathers are dead and orphan children in unsafe homes whose fathers are alive, the placing-out of children and their guardianship, wayward children, children maimed and lame in body and brain, the families of convicts in prison, returned convicts, prisoners on parole, men wanting jobs and jobs wanting men; that it concerns jail and chain-gang conditions, poor house and pauper conditions, juvenile courts and the oversight of juvenile probationers, fallen men and fallen women alike, and the whole subject of social hygiene; that it concerns the conditions, causes, consequences, and cure of social ills of every sort; that it sweeps the whole immense field of social science, theoretic and applied.

To build a meaning of this adequate and needful sort in the public mind, to stir the consciences and wills of men and women into activity, and to erect suitable institutions in North Carolina, county by county, is an exceedingly difficult but an exceedingly necessary task.—E. C. Branson, address before the N. C. Social Service Conference.

Warming Up.

"Well, senator, are you feeling the public pulse these days?"

"I don't have to exert myself to do that," replied Senator Twobble. "I'm swamped with telegrams from my constituents every day and judging from the way most of those messages read the public's pulse is considerably accelerated."—Birmingham Age-Herald.
