## is Food and Drink

"The ideal food is a palatable mixture of food-stuffs, arranged together in such proportion as to burden the organism with a minimum of labor."

Schlitz Famo contains compounds of protein, carbohydrates, mineral matter and water, and, therefore, is most easily digested and absorbed by the system.

Schlitz Famo is the *worth-while* cereal beverage. Good and good for you. It is non-intoxicating.

WAFFLES?

"Waffles this morning" is always welcome news. Even the busiest of housewives can serve them as often as the family wishes, if she uses Occo-nee-chee Self-Rising Flour. It already contains baking-powder, soda and salt—the economical flour. For these ingredients cost more if bought separately than in Occo-nee-chee.

It's easy to make biscuits, waffles and hot-cakes with Occo-nee-chee—just mix with water or milk and bake. Results are always perfect because Occo-nee-chee Self-Rising Flour contains the extra ingredients in right proportions to insure perfect baking.
