NEW YORK CITY BEATS TAMMANY CANDIDATES AND LA GUARDIA WINS

MASSACHUSETTS OVERWHELM-
INGLY RE-ELECTS COOLIDGE.

Kentucky is Republican—Governor-
ial Race in New Jersey is Close and
Both Sides Claim the Victory—Mary-
land Race in Doubt—Late Returns
in Yesterday's Balloting Indicate
Ohio, Thought to Have Voted "Wet,"
May Have Ratified Prohibition Am-
endment.

New York, Nov. 4.—Tammany hall
apparently went down to defeat in the
municipal election here today. All
three of its candidates for the Supreme
court bench seem to have lost.

With returns lacking from 223 dis-
tricts out of 548 in the first judicial
district, which includes the boroughs of
Manhattan and the Bronx, Justice Joseph
E. Newburger, who was denied a
renomination by the Democrats and
then placed in the field by the Republi-
cans, had 125,713 votes while Irwin
Untermyer, 33-year-old son of Samuel
Untermyer, his opponent, had 83,071.
Major Philip J. McCook, the other an-
ti-Tammany candidate, had 107,326 and
Justice Robert L. Luce, 141,193.

In the second judicial district, which
includes the borough of Brooklyn and
Richmond, with 204 districts lacking
out of 554, A. L. Squires, Republican, had
124,564, and George J. S. Dowling,
Democrat, 110,321.

The indications were that Robert L.
Moran, Tammany candidate for presi-
dent of the board of aldermen, the on-
ly office for which the entire city voted,
had been defeated by Representative
H. La Guardia, his Republican op-
ponent, by a narrow margin. The vote in
223 districts out of 2,567 was: La
Guardia, 361,441; Moran 359,709. Part
of La Guardia's strength is supposed
to have resulted from his war record
in the aviation service.

The Democrats conceded that one
factor in the judicial election was the
assault by William Randolph Hearst
upon Governor Smith and the Tam-
many candidates. Hearst is credited
with having stood pat for Mayor Hy-
lan and there has been no break be-
tween them, although the city adminis-
tration has remained at peace with
the governor.

The socialists had predicted that
James O. Neill, their candidate for al-
dermanic president, would poll more
votes than Morris Hillquist did in the
mayorality contest in 1917, but they
failed to substantiate his claims al-
though he had 112,241 in 2,510 districts
out of 2,567.

Kentucky Republican by FFrom 15,000
to 20,000.

Louisville, Nov. 4.—Edwin P. Mor-
row, Republican, today was elected
governor of Kentucky over Governor
James B. Black, Democrat, by a large
majority.

Morrow's majority is estimated at
from 15,000 to 20,000. Haynes Carter,
personal manager for Governor Black,
in a statement conceded Black's de-
feat by from 8,000 to 10,000.

Unofficial returns from eastern Ken-
tucky, where it was expected that the
Democratic nominee would cut nor-
mal Republican majorities showed
Morrow holding his own and in some
cases exceeding figures in the guber-
natorial election four years ago.

In the western end of the state there
was considerable falling off of Demo-
cratic normal majorities while in Jeffer-
son county, which includes Louis-
ville, the Republican candidate not on-
ly overturned a majority of 4,063 for
Stanley, Democrat, four years ago, but
turned it into a Republican victory by
approximately 9,000.

Figures on the two constitutional
amendments were belated but seemed
to indicate that the state-wide prohi-
bition amendment had carried by a
large majority. Tabulators had few
figures on the amendment which would
remove officers who failed to protect
prisoners from mobs.

The issues in the campaign were lo-
cal, the Democratic platform pledging
an "honest administration at Frank-
fort," the state capital, and the Republi-
cans promising "a house cleaning."

During the campaign Governor Black
made speeches favoring the league of
nations. Mr. Morrow was silent on
the subject but his managers in a pub-
lished statement asserted he opposed it.

Police Strike in Boston a Factor in
Bay State.

Boston, Nov. 4.—Governor Calvin
Coolidge, Republican, was re-elected
by an overwhelming plurality today over
Richard H. Long, Democrat. Last
year, when Long also was his oppo-
nent, he won by a plurality of 17,035.
The vote today swept him into office
again by a margin which had reached
more than 85,000 at 11 o'clock tonight,
with two-thirds of the returns counted.

The "law and order" slogan of Gov-
ernor Coolidge, based upon his stand
against the striking Boston policemen,
brought out a heavy reserve Republi-
can vote. The Democrats also work-
ed hard to bring the voters to the polls
with the result that the total vote was
one of the heaviest ever cast in the
state.

out of 974 from 311 cities and towns
out of 353 outside of Boston, gov for
governor: Coolidge, 185,189; Long,
92,065.

In Boston, Long's plurality of nearly
20,000 last year was cut to less than
half that figure today.

Fred J. Burrell, Republican candi-
date for state treasurer, and the other
nominees on the state ticket, were
elected by large pluralities.

Predicts Ohio Has Gone Dry by Large
Majority.

Columbus, Ohio, Nov. 4.—On the ba-
sis of partial returns from more than
half of the state, Secretary of State
Smith at midnight predicted that Ohio
today had voted dry on all four of the
prohibition proposals submitted by
majorities of approximately 75,000.

Report of J. J. Holden, Superinten-
dent of County Home, was received and
filed. He reports 17 inmates now
on roll.

Report of Dr. J. E. Malone, Coun-
ty Health Officer, was received and
filed. He reports county home and
all in good condition.

Report of Louisburg Township Road
Trustees was received and filed.

Report of Miss Pauline Smith, Home
Demonstration Agent, was received
and filed.

D. G. Pearce was elected cotton
weigher for Louisburg for the next
two years.

Upon motion of W. D. Fuller and
seconded by J. R. Earle it was ordered
that the County appropriate \$500.00
for the Franklin County fair. The
vote stood Timberlake, no; Alston, no;
Fuller, yes; Earle, yes; Sykes, yes.

The \$10,000.00 Road bonds of Ce-
dar Rock Township were sold to Ste-
phen Spitzer & Co., of Toledo, Ohio, for
a premium above all expenses of \$115.

The Board received the report of the
Registrar and held a session of a spe-
cial school tax election for Oak Ridge
District in Cypress Creek township
held on Oct. 6th, 1919 in which the
vote stood: Registered 12, For 9,
Against 0, not voting 3.

After allowing a number of ac-
counts the Board adjourned to its
next regular meeting.

Cotton Campaign.

Raleigh.—The quotas for the cotton
growing counties are being worked out
and will be sent to the county char-
men and the newspapers during the
present week. State campaign direc-
tor S. A. Robinson is urging all cot-
ton campaign officials to get the teams
of canvassers ready for the drive
which will be started on Monday and
continued through the week. All
counties which have not completed
their organization are urged to tighten
up their forces in order that they may
go into the contest on next Monday,
November 10th with everything in fa-
vor of making the campaign a com-
plete success.

The cotton campaign is supposed to
be worked as intensely as were the
Red Cross, Liberty Loan and other war
campaigns—the opportunity of joining
should be extended to every farmer
and every business man in the county.
If additional literature or information
about the aims and purposes of the
Cotton Association are needed these
will be supplied upon application to
state headquarters at Raleigh. Be-
ginning immediately, however, and
running through the end of the cam-
paign, headquarters will send circular
letters to every member of every
organization in the state in order to
keep these men and women posted on
the developments and to impart such
other information as will be necessary
for the complete success of the cam-
paign.

The canvassers are asked to talk cot-
ton warehouses to the farmers and oth-
ers who will be seen during the cam-
paign, for one of the first works of
county and township organizations
should be the perfection of plans for
the erection of a community owned
cotton warehouse in which the cotton
could be stored and protected from the
weather, and held provided the price
offered at ginning time was not suf-
ficient to warrant selling. Some of
the cotton will have to be held anyway,
for it should be marketed over a pe-
riod of twelve months, rather than in a
few months. The cotton warehouse
will be the salvation of the cotton south
and these warehouses will have to be
erected through the efforts of the cot-
ton and township units of the cotton as-
sociation. The Association in other
states has already secured three mil-
lion dollars for warehouses, and it
will do the same thing for this state.

KEEP UP WITH THE TIMES

A FACT A DAY

The United States Depart-
ment of Labor hasn't any doubt
on the subject of the desirabil-
ity and efficiency of advertising.
A statement just issued from
Roger W. Babson's bureau of
that department says:

"If you are not advertis-
ing, then advertise, because
it saves money for you and
it reduces the price to the
consumer."

Advertising prevents
profiteering. It insures
honest profits and makes
them permanent.

"The message of the U.
S. Department of Labor to
merchants and manufactur-
ers and to all progressive
American business men is
to advertise."

"Tell the public about
your goods. The consum-
er has plenty of money. He
is willing to spend it and
we want him to spend it on
American made products.
The easiest, quickest and
most economical way in
which this can be accom-
plished is by advertising.
Start your campaign right
now."

The Red Cross.

"For the purpose of translating the
Red Cross vision into reality, people
are more necessary than money, and
the Red Cross during the war revealed
an unexampled capacity for drawing
people into combined service. The
people responded because they were
patriotic. The present summons to
membership is still a call to patri-
otism, enlightened patriotism. It is an
imperfect patriotism which remains
lethargic until the bugle blows for
war. He who intelligently loves his
country in war will persistently love it
in peace. The Red Cross is worth dying
for, it is worth living for."

"The master problem of civilization
is to engage as many people with as
much enthusiasm in the upbuilding
processes of peace as, by the traditions of
the ages, it has always been possible
to enlist in the destructive adventure
of war. When people shall have learned
to sacrifice themselves as readily
on the altar of the common weal as
they sacrifice themselves on the altars
of war, the world will be saved, and
not until then."

Plant Near Clifton's Pond.

Sid Driver and Joe Horton, white

surprised at a large still at the head of
Clifton's pond in Franklin county.
Three men escaped.

The whiskey plant was in full blast
when the raiders arrived. All of the

sprinted the two whom he arrested. In
addition to the large copper kettle,
two shotguns, a barrel of whiskey and
1,500 gallons of beer were confiscated.

Driver and Horton were given a
summary hearing before Commissioner
Batchelor and bound over to Federal
Court under \$2,000 bond each.

My Clarinet.

My silver mounted clarinet,
Keeps my shirt and collar wet,
And makes my lip swell up and bleed
While I blow cyclones through its reed.

But grit and energy prevail
I mean to learn its chav and scales
From many added lines below
Up as high as notes can go.

I'm somewhat aged to begin
Nevertheless I mean to win
I'll blow until I split a lung
Or play (When Mag and I were young).

I'll learn the chromatic scale
And I'll have things going pat
And heap shame on Sir Thomas Cat.

After this I'll knock the starch
From any kind of Circus March
Wear a red coat in the lead
Although my lip may swell and bleed.

I know Professor Hugh Potat
Will admit I have him beat
When he hears my melodies
Wafting on the campus breeze.

I'll stake against his mighty pipes
ElCapitan or Stars and Stripes
And if the contest is a draw
I'll render (Turkey in the Straw).

In this little village pale
I expect great tons of mail
Inviting me across the brine
With this new instrument of mine.

If I decide to cross the sea
I'll take my clarinet with me
And knock the filling and the warp
Out of Old Appollo's harp.

While there I'll play a lengthy trill
And soothe the breast of Kaiser Bill
But all the other notes shall be
My clarinet it is of thee.

KEARNEY'S FLAMER BURNS.

Loss in Timber, Machinery, Buildings,
Etc., Estimated at \$6,000.00—No In-
surance.

Louisburg was aroused early last
Friday morning by the fire alarm, an-
nouncing what proved to be a very dis-
astrous fire when the entire planing
mill of Mr. C. B. Kearney was com-
pletely destroyed together with the
storage house, a lot of hay, shingles,
timber, etc. The fire is supposed to
have caught from the boiler or from a
crowd of gamblers and had full head-
way before the fire department could
arrive. The loss is estimated at \$6,
000.00 with no insurance.

Both Mr. Kearney and his local man-
ager, Mr. W. L. House, state that they
begin preparations for a new plant be-
fore the embers had died away and
work of installing it has already ad-
vanced to a wonderful degree. They
expect to be ready to resume work
within the next week.

Flirting With Death.

One of the most pathetic poisoning
cases in the history of this country has
just been brought to a happy close by
the recovery of the innocent victims.

A Detroit mother, in a moment of
insanity or otherwise, administered
deadly mercury to her two little daugh-
ters with the intention of ending their
existence.

They were saved, however, by the
prompt action and heroic efforts of a
physician—and are now calling for
the mother who is behind iron bars.

The lesson is one which should be
taken into every home.

There is entirely too much freedom
in the manner in which people are per-
mitted to purchase drugs of a poison-
ous nature.

In a majority of homes you can find
these poisons standing on pantry shel-
ves, in bath rooms, or in other places.

Invariably they are within the reach
of children who know not that death
lurks in those innocent looking bottles.

It is the acme of carelessness, and
comes dangerously near to criminality.

Death dealing drugs should not
