DO YOU KNOW?

Do you know the young fellow who works for \$25 a week and who is wearing a new winter suit that cost \$85?
Do you know the wage earner who looks because he is afraid if he does too much he'll "work himself out of a job"?
Do you know the housewife who is ashamed to be seen with a market basket on her arm or to carry home a brown paper bundle?
Do you know the manufacturer who, when the price of raw materials and overhead goes up 5 per cent and the cost of labor advances an equal amount, adds 25 per cent to the price of his goods?
Do you know the man who lets a fresh clerk sneer at him because he wears a \$15 hat for fear he'll seem "cheap" when he can buy a satisfactory one for \$5?
Do you know the investor who has traded his Liberty Bonds for a vague promise of a hundred per cent profit in a stock company?
Do you know the married couple who do not think enough of their children to teach them to save?
Do you know the shopper who says "Wrap it up" instead of "How much"?
Do you know the person who lets the desire of the moment destroy the results of days and weeks of thrift and saving?
Do you know the man who thinks it is not necessary to save?
Do you know the man who says that the government savings securities—Liberty Bonds, War Savings Stamps and Treasury Savings Certificates—are too slow or too small or too old fashioned for his investments?
IF YOU DO, YOU KNOW BETTER WELL WHAT IS THE MATTER WITH THE U. S.

Our wife is one happy angel these days. She has resurrected something she intends to slip into one of the numerous holes in the editorial stocking Christmas morn, and is as contented as a bug in a rug every time we blow up in our wild outbursts of curiosity. Got a wife, young man? Better get one—they're great.

There are certain ambitions in the life of every man, but they are of no avail so long as they are kept bottled up.
