BILIOUS CHILDREN

Black-Draught, Long in Successful Use, Praised by an Arkansas Mother, "Soon Does Its Work."

Marmaduke, Ark.—Speaking of Theodor's Black-Draught, which from long use in her household has become regarded as "the family medicine," Mrs. Mary E. Hill, of Route 1, this place, says:

"When the children get bilious, I give them a couple of good doses, and when we have sour stomach, headache, or any liver or stomach trouble, we use Black-Draught. It is an easy laxative, and soon does the work. I certainly think it is one of the best remedies made."

Black-Draught acts on the liver, gently, but positively, and helps it in its important function of throwing out waste materials and poisons from the system.

In thousands of households Black-Draught is kept handy for immediate use in time of need. Prompt treatment often is half the battle, and will often prevent slight ills from developing into serious troubles.

Its well-established merit, during more than 70 years of successful use, should convince you of the helpful effects obtainable by taking Black-Draught for liver and stomach disorders. Get a package today, and keep it in your house. See that the package bears the words, "Theodor's Black-Draught." NC-147

"The Man With Skid Chains Is Not Afraid of Slippery Places"

This may be applied to business as well as automobiles. Business Skid Chains are a necessity to any well managed enterprise, whether a store, farm or factory. When you are equipped with "Skid-preventatives" you have an assurance of safety and protection. You do not have to "take a chance," but will get over the dangerous and slippery places in business "right side up."

The best Business Skid Chain is a good bank connection. A bank that you can stick to and one that will stick to you. A good bank account gives you a sense of stability and confidence, and when you come to the slippery places in business you are assured that you will not get "stuck."

We are at your service, and want your business. Our facilities are "second to none." Think it over and let's talk about it.
