**3 AMERICANS WOUNDED IN BORDER FIGHT**

100 Men of 48th Infantry, Rushed To Rio Grande When Mexicans Open Fire From Mexican Side On Small Party of Immigration Officers; Mexicans Kill After Keeping Up Fire From Bushes Three Hours.

El Paso, Texas, March 18.—United States soldiers and immigration officers early today were patrolling the Mexican border near here, where from 10 o'clock last night until 1 a. m. they had exchanged shots with a party believed to be Mexican smugglers, in which three Americans were wounded.

**Mexicans Fired First**  
The Mexicans opened fire on three American immigration officers who found the Mexicans fording the Rio Grande, which is about fifty yards wide at that point. The return fire of the immigration officers apparently wounded one of the three Mexicans wading the river and immediately answered by riflemen concealed in bushes on the Mexican side.

**Aimed At Gun Fishes**  
Five more inspectors and 100 soldiers of the 48th Infantry from El Paso responded to a call for assistance and for more than an hour the firing continued briskly. The Americans firing at the flashes of the Mexican guns. An occasional scream of pain from the Mexican side indicated that the American fire was not without results.

At 1 a. m. the Mexicans fire died down, and a dim light was visible moving about on the Mexican side.

**The Men Wounded**  
C. A. Perkins, inspector in charge of the immigration men, said he believed the Mexicans were attempting to smuggle over liquor or drugs.

The three Americans wounded were Private M. J. Koller, Company D, 48th Infantry, shot in left arm and scalp wound.  
Private —, Petroski, shot through hip, believed serious.  
Joseph Thomas, immigration inspector, scalp wound.

**REDUCE YOUR TOBACCO ACREAGE**

The following letter has been received by the TIMES and owing to its importance we are reproducing it for our readers:

Dear Sir:  
The absolute importance of reducing the acreage of bright tobacco is becoming more and more in evidence every day.

There is no demand whatever for low grades and will not be to any appreciable extent until conditions in Central Europe become more stabilized and their commercial and financial situation very much improved, and there is nothing now to give any encouragement that this will take place anywhere in the near future. As this chaotic condition continues, the necessities of life will become more and more an essential to Europe and tobacco and cotton must wait.

There being two years' supply of common tobacco now on hand will result in low grades of tobacco continuing to be way below the cost of production, and the only salvation is to have a half a crop planted, which will possibly make from ten to fifteen per cent more per acre than a full planting, with every reason to believe that the result of this reduction in planting will be good to fine tobacco, which is the only kind that there is any chance of being in good demand. Therefore, every farmer should take this into serious consideration and feel that the only way to have a reduction is for everybody to reduce.

**WHAT A BLESSING**

a life insurance policy has been to so many men during these days of low prices. Thousands of Dollars have been loaned to policy holders within the last six months the only security given being the policy. During "hard times" is when we need INSURANCE mostly. See us about that PILOT PERFECTION ENDOWMENT POLICY. It is REAL Insurance.

**After Thorough Trial a Detroit, Mich., Man Endorses Pe-ru-na**

The following letter written from Detroit, Michigan is no snap judgment expressed on the merits of Pe-ru-na, the well-known cathartic remedy, but rather a mature, sober opinion formed after a full year's trial.

This is the way Mr. Michael Fako of 808 East Palmer Avenue, in the Michigan Metropolitan, writes: "After using PE-RU-NA for about one year will say I have found it a very good medicine for catarrh. It has helped me a great deal and I am very well satisfied. I have gained in weight, eat and sleep well, my bowels are regular and better color in my face."

"PE-RU-NA has done wonders and to me is worth its weight in gold. I shall continue to use PE-RU-NA as long as I live and recommend to my friends who are troubled with catarrh. Nothing can be more convincing than an endorsement of this nature from an actual user. There are many people in every community whose experience in using Pe-ru-na, has been identical with Mr. Fako's. It is the standby for coughs, colds, catarrh, stomach and bowel disorders and all catarrhal conditions. Put up in both tablet and liquid form. Sold everywhere."
