Other towns are voting school bonds Will Louisburg?

The town primary passed off quietly and in good humor Tuesday.

The fruit crop suffered terrible damage during the recent cold snap.

Can you afford to vote against better schools and deprive your children of the better education?

Now that the primary is over lets see the Commissioners publish a statement of the town's finances.

What more beautiful sight do you want to see than the trucks loaded with children wending their way to the school?

Only one change in town's administration—Mr. F. R. Pleasants takes the place of Mr. W. J. Cooper on the Board of Commissioners.

Every child born in America is born with a right to an education. Will any father or mother vote away this sacred birthright of the child?

Harding says we must have no league of nations but in the next breath says we must have an international agreement embodying about the same thing of the league—the same horse painted another color.

Information comes from Cypress Creek to the effect that the citizens of that township all endorse both the increase in salaries and the Auditor's bill taking the powers away from the Commissioners. We give this information in order that the citizens of that township may not be misunderstood.

In another column will be found the first quarterly statement of the Board of County Commissioners for 1921. Those of our readers who have been keeping up with these figures will bear in mind that the last quarter of 1920 has not been published, therefore any calculation you may make from what has been published will necessarily be incorrect. We hope the Commissioners will see fit to have the other published soon, and so we are informed have ordered same for your information.

It is ridiculous to require drug stores, grocery stores and other business to be closed in Louisburg to observe the Sabbath and at the same time allow the streets and doors of private businesses to be dotted here and there with boot black stands. These stands are in business for the money they can make just the same as the fellow in other business and their patrons can just as well get his shaves on Saturday night as the patrons of the barber can get his shave. In addition to being a matter of justice between citizens, it is a matter of civic pride, and the unsightly scenes should be banished from the streets. If the boot blacks are to be allowed to conduct business on Sunday then force them to get a place of business and stay off the streets. The public will think more of our town and so will we.

THANKS.

I wish to express my sincere appreciation for kindness shown me in our town primary. I especially thank the sweet Ladies and "Terrapine Gang" for their loyal and generous support.

Most respectfully, F. R. PLEASANTS.

"JOYVILLE JUNCTION."

ONLY ONE VOTE AGAINST BONDS AT FOUR OAKS.

Four Oaks, April 12—One man in this town feels mighty lonely tonight. He cast the only vote against school bonds in the election today. There were 124 voters who went to the polls and gave their support to \$75,000 bond issue for building a new school—correspondent to News-Observer. What will LOUISBURG do?
