W. L. THARRINGTON.

On the 17th day of May, 1858, a man
child was born and started his jour-
ney on the eternity road along which
he struggled through many ups and
downs, and whose goal he reached on
the 14th day of July, 1921. The name
by which he was called was W. L.
Tharrington—a name which stood for
sterling worth and Christian charac-
ter. In the year 1892, he was born
again—born from above, and joined
Corinth Baptist Church, seven miles
north of Louisburg, where he spent
all his Christian life and where his
body was laid to rest on July 15. Most
of his life was spent in Franklin County,
some of it in Vance.

On the 17th day of October, 1894, he
was married to Miss Mary J. Breed-
love, with whom he lived happily un-
til the end of his life, and while they
started life with no large fortune, yet
by frugal habits and never tiring en-
deavor they accumulated a comfort-
able estate which they enjoyed to-
gether while he was alive and now that
he is gone there is left a competency for
her so long as she may live.

On the 6th day of May, 1916, a baby
boy was born to these fond parents,
but soon slipped away to the home
above, there to await the home-coming
of the fond parents who have lived and
are living not for this world alone but
for the heavenly.

Mr. Tharrington was not gifted with
eloquent speech, nor with commanding
leadership; but in his quiet way, he
was ever ready to follow where duty
led and was for a man of modest
means was a liberal giver to his
church and to every good cause. He
was an industrial man, a man of ex-
emplary habits, a man useful in his
community, a good neighbor and one
who when the end came was not afraid
to go, for death had been robbed of
its sting and his title to an heavenly
estate was undisputed. In his death,
the community loses a good citizen and
neighbor, the church loses a faithful
member and the wife is bereft of a true
and faithful and noble husband.

WANNAMAKER SAYS RESERVE BOARD CAUSED BUYERS' PANIC

No Need For Destructive Deflation If
Deliberately Planned.

Washington, Aug. 23.—Attacks on
the Federal Reserve System were re-
newed today before the joint congress-
ional commission on agriculture. J. S.
Wannamaker of South Carolina,
president of the American Cotton As-
sociation asserted that deflation of
the currency and of prices had been
"terribly destructive to all American
producing interests," that it had been
wholly unnecessary, but that it had
been brought about "deliberately by
the Federal Reserve Board."

"I heard as early as 1918 that plans
were being rigged to put on deflation,"
Mr. Wannamaker said. "This culminat-
ed in what we called a buyers'
strike in 1920. We never had a buy-
ers' strike; it was buyers "panic," the
result of unceasing propaganda sent
out to make people afraid of prices to
spread the fear that prices were to go
lower."

"By who was this propaganda
spread?" asked Representative Funk,
Republican, Illinois.

"I'll first take up the case of the Re-
serve Board," continued Mr. Wann-
maker, "and I'll ask the commission
to ask that board the amount paid out
for publicity during the last 18 months
for correspondence and distribution of
newspaper material."
Senator Harrison, Democrat, Miss-
issippi, asked if the Reserve Board had
publicity men and Mr. Wannamaker
replied that his impression "was that
they have and that they are well paid."
Mr. Wannamaker put into evidence
statements and bulletins which he
said the reserve board issued during
the last two years and which he said
clearly showed its purpose to bri-
g about declining prices.

SHIPPING BOARD GETTING RID OF WOODEN SHIPS

INDIGESTION and
STOMACH Troubles

Sold by following drug-
gists:

SCOGGIN DRUG CO.
Louisburg, N. C.

ping Board today was in a fair way of
getting rid of the major portion of its
"white elephant"—the war-time con-
structed wooden ships.

Official announcement by the board
contained the information that bids
submitted by the Ship Construction
and Trading Corporation of New York
of \$2,100 each for 205 of the 235 wood-
en craft has been accepted. The an-
nouncement added that the sale had
been closed except for the filing of
bond by the New York company and
the signature of the contract by the
board expected tomorrow.

Vice-Chairman O'Connor of the
board, commenting today on the sale,
said today the price was exceedingly
low in view of the cost of the 235 ves-
sels recently estimated by Chairman
Lasker at \$230,000,000. Mr. O'Connor
pointed out that the board long had
sought to sell the wooden ships and
said that the alternative to sale at a
low price was allowing the boats to
rot at anchor.

Firestone

Again Reduces Price

Extra Size 30x3 1/2 \$16.65

Now \$13.95

Firestone first made the low price of \$13.95 on the Standard Non-Skid, May 2. Unusual purchasing power through big volume of business, and the great efficiency of its \$7,000,000 Plant No. 2, manufacturing exclu-sively 30x3 1/2 size, made this possible. Now, the production of the Extra-Size 30x3 1/2 tire has been transferred to Plant No. 2. This permits the price reduction on this tire from \$16.65 to \$13.95. No such value has ever before been offered tire users. If your dealer hasn't the Extra-Size in stock ask for our Stand-ard Non-Skid type at the same price. You will still be getting an unusual tire value.

Cords That Don't Blow Out

You feel secure on Firestone Cords. Because Firestone Cords don't blow out. Your repair man will tell you he hasn't seen a blowout this past year—10,000, 15,000 and 20,000 miles, and the tires still going strong. See your Firestone dealer today. Name below.

Firestone Cord Tires are being sold at lowest prices in cord tire history: 28x3 1/2—\$24.00 32x4—\$46.00 36x6 1/2—\$54.00
