### A HARBLINGER OF EVIL.

An eminent Norwegian prophesies that the United States will soon be overrun with bolsheviks and in the grip of the red terror.

Pleasant prospect! Having failed diamally in Russia after reducing that country to ruin and starvation, it is but natural that the red hordes should seek for new fields to conquer—and there is none fairer than ours.

The danger lies not on the power of the bolshevik; but rather in our own indifference.

It is difficult for the average American to conceive that any power under the sun could upset our established order of government.

The autocratic czar of Russia probably felt much the same—until he ceased to be either an autocrat or a czar.

The strongest of stone walls will crumble and fall if the foundations are persistently undermined.

It is so with governments, and even our own is not immune.

For six years or more we have witnessed an orgy of profiteering and gouging and plundering such as has never been dreamed of before.

Money lust drove an otherwise sane public mad, and it is only partially returning today.

Laws of restriction and correction we have, but they are too often looked upon as applicable to the other fellow and not to self.

Such a condition, stretching over a long period of time, affords the bolshevik to spread resentment and discontent, two important factors which are preliminaries to every revolution.

Instead of smiling at the learned Norwegian who warns us of impending evil we would do well to give his words serious consideration, lest the time come when it is too late to consider.

The fight for supremacy between the pen and the sword is at an end. The sword is no longer used in battle and the pen has been supplanted by the typewriter.

You'll enjoy the sport of rolling 'em with P. A.!

FIRST thing you do next go get some makin's papers and some Prince Albert tobacco and puff away on a home made cigarette that will hit on all your smoke cylinders!

No use sitting-by and saying maybe you'll cash this hunch tomorrow. Do it while the going's good, for man-o-man, you can't figure out what you're passing by! Such flavor, such coolness, such more-ish-ness—well, the only way to get the words emphatic enough is to go to it and know yourself!

And, besides Prince Albert's delightful flavor, there's its freedom from bite and parch which is cut out by our exclusive patented process! Certainly—you smoke P. A. from sun up till you slip between the sheets without a comeback.

Prince Albert is the tobacco that revolutionized pipe smoking. If you never could smoke a pipe—forget it! You can—AND YOU WILL—if you use Prince Albert for packing! It's a smoke revelation in a jimmy pipe or a cigarette!

Prince Albert is sold in every real grocery store and in the present crystal glass humidor with sponge moisture top.
