

SAN ANTONIO IS EMERGING FROM FLOOD WATERS

Property Damage Is Placed at Seven Million—Relief Funds—City Is Raising \$25,000 To Aid Those Left Destitute After High Water.

San Antonio, Sept. 12.—Relief funds totaling \$17,478 had been subscribed today by citizens of San Antonio toward a goal of \$25,000 for relieving the distress of those who lost possessions in the torrent of Saturday morning which swept over the lower section of the city.

Property damage was fixed at not more than \$7,000,000 in a statement to A. B. Yandell, general manager of the Chamber of Commerce while the death list was still uncertain, some estimates running as high as 100 dead including the 47 bodies recovered.

Train service in and out of the city was approaching normal; today, numerous small washouts on various lines have been repaired.

In the same cathedral at San Fernando, which has been used for 100 years in saving "mass" for Mexicans killed by floods, a solemn high mass will be held next Monday for those drowned.

Four refugee camps were caring for the refugees today under the direction of the Red Cross. Mr. Yandell's statement said that "it appears we will be able to handle the relief situation satisfactorily without outside help."

One of the unique places of the city, the famous Buckhorn saloon with its collection of horns of Texas longhorn cattle, was badly damaged by the flood. The city zoo lost several of its animals, but the protection of a natural dike saved the greater part of that park from inundation. The municipal golf course near Beckenridge Park was considerably damaged.

50 good cigarettes for 10c from one sack of

GENUINE "BULL" DURHAM TOBACCO

We want you to have the best paper for "BULL." So now you can receive with each package a book of 24 leaves of BULL—the very finest cigarette paper in the world.

The Quinine That Does Not Affect The Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing dizziness or ringing in the head. E. W. GROVE'S signature on box. 30c.

WATER REPORT.

The following report on the condition of the City water of Louisburg has been received.

Sent by Dr. J. E. Malone.
Location—Louisburg, N. C.
Source—Louisburg, N. C.
Received—Sept. 8, 1921.
Reported—Sept. 13, 1921.
Sediment—sl.
Color—Platinum-cobalt standard—30.
Turbidity—silica standard—sl.
Odor, cold—0.
Odor, hot—0.
Alkalinity (in terms of Calcium carbonate)—11.3.
Chlorine—4.
Nitrogen as Nitrites—0.
Colon bacilli in 1 c.c.—0.
Colon bacilli in 10 c.c.—0.
Total number of bacteria in 38d C. per c.c.—1100.
Total number of acid-producing bacteria—0.

J. W. Kellogg, Director.

Reports of Dead.

Houston, Texas, Sept. 12.—Aside from the report from Taylor that forty Mexicans had been drowned, and a report from Hearne that seven negroes had been drowned as they tried to make their way from the bottoms, reports of loss of life today were few and scattered.

Tremendous losses to live stock and cotton crops, however, are expected to send the total damage in this section into the millions.

Workers were inclined to believe early today that the worst is over as far as the Houston community is concerned.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHLOROPHYL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Hit or Miss Gasoline Makes a Motor Hit or Miss

THE problem of obtaining uniform quality is one of the difficulties that the successful gasoline producer has had to solve. The matter of varying quality is one of the greatest annoyances to the gasoline user.

It was easy to get a standard product when practically all the gasoline came from one or two types of crude petroleum. Comparatively little gasoline was used then. Today, the demand is so great that all parts of the globe have been explored for petroleum, which accounts for the great range of "crudes" on the market.

Gasoline must be uniform not only in one or two or three respects, but in every way that affects motor operation. Almost every property of the gaso-

line you use influences in some way the performance of your motor.

The Standard Oil Company (New Jersey) has never been content to have "Standard" Motor Gasoline exceptionally good in any one respect to the detriment of other properties.

The ideal would be to have every drop of gasoline as uniform in all its qualities as the chemicals and drugs which your pharmacist uses in a prescription. As a result of the co-operation of our Development and Manufacturing Departments, "Standard" Motor Gasoline is positively the best balanced and the highest in quality that you can buy. It is the same whether you get it in one corner of the state or another.

Insurance Power

NOT ALL MEN USE PICKS and SHOVELS when they want to level a mountain.

SOME OF THEM USE THEIR BRAINS.

Take a leaf out of Nature's book of experience, and apply the intensive force of a powerful stream of water directed right at the hill that stands in the way of Public Improvement.

THERE IS A GREAT POINT IN THIS, when considering the AGENCY in which to place your INSURANCE.

T. W. WATSON'S INSURANCE AGENCY enables you to apply POWER where it will most surely accomplish the desired result.

AS THE BIG STREAM OF WATER CUTS THROUGH THE SIDE OF THE MOUNTAIN,

So the KNOWLEDGE, EXPERIENCE and SERVICE of THIS AGENCY, enables the ASSURED to CUT THROUGH FINANCIAL DIFFICULTIES in case of fire.

When You Think of INSURANCE THINK OF **WATSON**

TUCKER'S CAFE

Main Street LOUISBURG, N. C.
