### SUFFERING ENDS AFTER 75 YEARS

Louisville Woman Says Condition Had Become Almost Desperate When She Got Tanlac.

"At the time I began taking Tanlac I was so bad off I was not expected to live much longer, but since then I have actually gained twenty pounds in weight and am now able to do my housework for the first time in many years," said Mrs. Maud Menne, 332 West Jefferson St., Louisville, Ky. "Fifteen years ago," she continued, "I suffered a general breakdown—My stomach was so badly upset I could hardly eat a bite without being in misery afterwards and would bloat up with gas until I felt simply awful. My heart would palpitate, my nerves were so flattered it was impossible for me to sleep good. I lost about fifty pounds and was so weak I couldn't raise my hands to my head. I was almost a perfect wreck and finally I was told that an operation was my only hope.

"However, I decided to try Tanlac first and was astonished at the way it began to build me up. My appetite returned and my lost weight and strength began to come back. I have now finished my third bottle of Tanlac and I am eating anything I please and I am never troubled afterwards. Already I have gained back almost half my lost weight and I am still gaining every day. My nerves are calm and steady and I sleep like a child."

"Tanlac is sold by leading druggists everywhere." Adv.
