

THERE IS VIGOR IN RICH BLOOD
Pepto-Mangan in Liquid or Tablets—
A Blood Builder.

Vigor and strength have as their base rich red blood. Blood is rich when there are plenty of red corpuscles. They are the tiny red cells which swim in blood and give it its color. Without red corpuscles blood would be white. When overwork, or straining, or illness weakens the blood it diminishes the number of red cells. Without a sufficient number of red cells the blood becomes watery, the body weak. Vigor and strength fall off so that physical life diminishes like a fading plant. The physical pleasures of eating and sleeping and exercise lose all attraction. There is no zest in living.

A DEMOCRATIC VIEW OF THE PEACE CONFERENCE.

Senator Swanson (Dem., Va.), correctly characterized the forthcoming conference on the limitation of armaments and voiced the hopes and beliefs of his party and a large majority of the American people in the following extract from a recent address on that subject delivered on the floor of the Senate:

"A more important conference has not assembled since the nations of the world met at Versailles to negotiate peace and devise the terms for world adjustment. Around this conference clusters the hope of a disturbed and apprehensive world. Upon the statesmanship displayed by these conferees depends the future peace of the world and its safe and sound reconstruction. May its deliberations be guided by a wisdom commensurate with its responsibilities. Every effort should be made to make its conclusions wise and successful. Nothing should be done to add to its embarrassment and increase its difficulties. The nations here assembled should discuss matters frankly and in a spirit of conciliation and cooperation. If this conference adjourns without accomplishing the purposes for which it was called, it will be a dark day in the annals of the world. Better that it had never been called than to have it fail. If no agreement is reached as to limitation of armament, the nations here assembled will depart with increased distrust and suspicion, to be followed by increased armies and navies, with all their attendant burdens. But disarmament, the main purpose of the conference, can be accomplished only when na-

tional differences are settled and national confidence restored. The just rights of each nation should be fully recognized, and all unjust demands firmly resisted. A settlement to be permanent must be just. We should first convince those here assembled that we have no selfish purpose to serve; that we seek only common good for ourselves and the rest of the world. There are many difficulties confronting the conference, but I believe with proper forbearance and concessions they can be successfully settled."

At Eight Miles an Hour, or Eighty

Whether crawling along at a snail's pace in congested traffic or hitting the high spots on an open country road, "Standard" Motor Gasoline will fire smoothly and burn up completely.

That is why its sales are climbing out of all proportion to the increase in total gasoline consumption.

Experienced drivers who have tried a filling of the improved "Standard" Motor Gasoline would cheerfully go far out of their way to place repeat orders.

But that is not necessary. Retail dealers handling this ideally balanced motor fuel can be found on both sides of the highway wherever you travel. They charge no more for "Standard" Motor Gasoline than they ask for inferior grades masquerading under similar names.

If your motor is sluggish, have the carbon cleaned from cylinders and spark plugs, empty the oil pan and clean your crank case, and after washing and cleaning the engine, fill with POLARINE of the grade specified for your car. Then put "Standard" Motor Gasoline into your tank and see what a good car can do.

NOT ALL MEN USE PICKS and SHOVELS when they want to level a mountain.

SOME OF THEM USE THEIR BRAINS.

Take a leaf out of Nature's book of experience, and apply the intensive force of a powerful stream of water directed right at the hill that stands in the way of Public Improvement.

THERE IS A GREAT POINT IN THIS, when considering the AGENCY in which to place your INSURANCE.

T. W. WATSON'S INSURANCE AGENCY enables you to apply POWER where it will most surely accomplish the desired result.
