## A Very Easy System

ONE OF OUR PATRONS has tried several plans for keeping a record of all his income and expense during the year—but he has found all of them a lot of trouble to keep up-to-date.

But he has a fine system now.

The bank is keeping this record for him. He deposits all his earnings in the bank and then he writes checks for all the money he spends. Even for his pocket money he writes a check once in a while and marks it "Misc. Exp."

When he wants to know the amount of his income he looks at his Bank-book.

When he wants to find out what he is spending, he looks over his Canceled Checks. By sorting these old checks into several piles he finds what he is spending for food, clothing, fuel, etc.

That plan is easy      It is safe and  
business-like, too.

### Bib and Tray Cloth

Balloons, in bright colors, and an angular elephant decorate the ample bib and tray cloth to match, made of oilcloth, as pictured above. They will afford the youngest member of the family much joy and his mother much peace of mind at the dinner table. Therefore the donor of this gift will be twice blessed and long remembered. The mottled oilcloth is cream colored and the bib is bound at the neck with white tape which is extended into ties.

### Pretty Home Gifts

Anyone who knows how to handle a paint brush and oil colors or understands the new art of painting with colored sealing wax can make the book for telephone numbers pictured here. It is merely a piece of black oilcloth folded over leaves of white paper. Small holes punched through at each end allow a black silk cord to bind the book and provide for hanging it up at the same time.

A powder box and a rouge box shown below it are covered with black lacquer and decorated with colored sealing wax that simulates lilies and flowers.
