## Put it to any Power Task

While the Fordson Tractor has power in plenty to drag plows and harrows through the heaviest soil, it is light enough, small enough and so easily controlled that it can handily be put to many tasks about the farm, that will save you time, money and work.

In fact the Fordson will do every power job, both draw-bar and belt, more quickly and at less cost than it can be done with any other form of power. So every month the whole year 'round the always dependable Fordson will prove itself a paying investment, because of its capabilities, its economy and efficiency.

We will gladly explain and demonstrate to you the many Fordson money-making, time-saving features. Call, write or phone.

### Gift Ribbons

Each year brings in new sashes, girdles, hair-bows and a long list of other belongings to replace those that have had their bright day and passed with the year. Two ribbon girdles, as pictured here, make charming gifts. One of them is made of narrow satin ribbon bordered with a tinsel ribbon and decorated with ribbon flowers. The other is a wide sash of two-toned satin ribbon with loops at each side and a knot at the back.

### Gay Skipping Ropes

A skipping rope is a joy to the sturdy little out-door girl, especially when it has Nannette and Rintintin for handles. They are painted a deep pink with faces, hair, neckties and buttons of black paint. By substituting clothespins for these handles and tacking the rope to them it is easy to make this treasure of childhood at home.

### A Merry Clown Doll

This merry gentleman is one of many dolls that may be made of discarded ribbed underwear or stockings. His head is made of a piece of white or pink ribbed stocking and his face painted with black and red paint. For the rest of him two colors are used and he is stuffed with cotton and has a white ruff about his neck.

### Handy Gifts for Men

Every man, young or old, will appreciate a good-looking rack to place within easy reach of his dressing case. The tie rack requires an oblong or oval board, smoothly covered with cretonne and a small nickel towel rack, which is screwed to the front of it. It is suspended by a silk cord fastened at the back with screw eyes.
