

**SHE NEVER FELT BETTER IN LIFE**

Magadore Woman Hadn't Enjoyed Good Health in 6 Months Before Taking Taniae.

"I don't believe I ever felt better in my life than I have since Taniae relieved my stomach trouble," said Mrs. Opal Brannan, of Mogadore, Ohio. "I began to suffer dreadfully from indigestion about six months ago, and no matter how careful I was about eating I had awful pains in the pit of my stomach, and it would be hours before I could get any relief. "At night I seldom got any rest to speak of, and would get up in the mornings feeling tired and miserable. I nearly always had a bad brassy taste in my mouth. I used to dread my housework, it was such a burden to me in my weakened condition. "My digestion is perfect now, and all my troubles have disappeared. Not only that, but there is something about Taniae that makes a person feel fine all the time. I am just full of energy and my housework doesn't bother me a bit. I don't believe Taniae's equal has ever been made." "Taniae is sold by leading druggists everywhere." Adv.

**What kind of gasoline do traveling salesmen buy?**

**D**RUMMERS who make dozens of calls a day, who drive further every week than most of us do in a month, know a lot about the efficiency and economy of different motor fuels. They nearly always ask for "Standard" Motor Gasoline.

This balanced gasoline gives quick starts, even when the motor has become chilled. It burns up completely, doesn't quickly choke the motor with carbon or ruin the lubricating oil with carbon and unburned gasoline. It runs the motor on a lean mixture and gives big mileage per gallon.

"Standard" Motor Gasoline leads the procession in all these essential qualities. It is the most perfectly balanced motor fuel we know of—the result of innumerable tests for economy and efficiency, perfected refining processes and the choice of the most suitable crudes.

In cold weather or hot, when it's dry and frosty, wet and muddy or hot and sunny, you'll travel the road more smoothly and get further on a gallon. And with less carbon trouble. You won't have to constantly adjust your carburetor. That's why city and country salesmen use balanced "Standard" Motor Gasoline.

You, too, want the best for your money. The best is "Standard" Motor Gasoline. Try it on your next filling. See how lively and powerful your car is, how promptly it starts, how easily it takes hard hills, how far you go on a gallon. One quality wherever you buy it, and for sale everywhere.

Protect the moving parts of your car. Polarine is the great friction remover.
