A BONA FIDE SALE WHERE YOUR DOLLARS WILL BUY HIGH CLASS GOODS AT BARGAIN PRICES. EVERYTHING ON THIS SALE IS STRICTLY CASH

## W. E. WHITE FURNITURE CO., Louisburg, N. C.

### HEALTH DEPARTMENT

Information Concerning The Health of the People of Franklin County, Worth Your Attention.

Dr. J. E. Malone, Health Officer.

It is very evident that Tuberculosis is on the increase, not only in Franklin county but all over the U. S. Before the World War this disease was decidedly on the decrease. It was discovered just before the war and the information given to the world that Tuberculosis killed 6,000 people in North Carolina annually, more than any other disease. It is stated by the best authority that one person out of every three who die between the ages of 15 and 20 die of consumption or T. B. After a vigorous campaign instituted by myself against this disease, the same having been made by my going all over the county making talks in churches, school houses and in private homes telling the people about this disease as to how to diagnose, treat and cure it and at the same time begging every one who had it or knew of any one else who had it to report to me. I found that there were about 64 cases in the county with the disease in all of its different stages of this number I sent many to the Sanatorium many were treated at home under conditions and surrounding as nearly like a Sanatorium treatment as possible, many got well some died, many are living today. During the World War I made another canvas and discovered that this disease had been almost eliminated from the county, but today said to say I find it greatly on the increase. There is no doubt but what this is the soldiers coming back home and spreading it in their homes—the soldiers surrounding in the war, in trenches, on the wet ground, under hunger and extreme exposure to unhealthy conditions and environments conducive to the disease. No doubt that some left home with some of the germs in their systems, but I think out of the large numbers we sent over there were comparatively few who had this disease. The writer of this paper happened to be on the draft board and made all of the examinations of the men and I found very few who were afflicted with T. B. While outdoor life, air, sunshine and proper exercise are conducive to health, yet the strenuous work (not exercise in the way I mean it here) in mud and water, sleeping underground in a wet hole, with nerves irritated and terminating in blood, smoke and poisonous gases was everything else but conducive to health. So there is no doubt that war is responsible for the increase of Tuberculosis in this and the Allied Countries. This disease can be prevented and can be cured, if taken in its infancy it certainly has been cured without a doubt as my own experience will testify. (All intelligent physicians will tell you the same. We are going to work to try to help the unfortunate one. I want your help.

Let any one in the county report to me any and all cases of Tuberculosis or any suspicious cases and I promise to help them get well or live longer and more comfortably if they can't get well. Let me hear from you. If you know of any one report it. "I won't tell." Next week we will tell you more along these lines in regard to T. B.

### TAXES REPEALED

The following statement is issued by the Collector of Internal Revenue, William Grissom, District of North Carolina.

In response to numerous inquiries, taxpayers are advised that certain taxes, among them the so-called "nuisance" and "luxury" taxes, are repealed, effective January 1, 1922, by the Revenue Act of 1921.

Patrons of soda-water fountains, ice cream parlors and similar places of business no longer are required to pay the tax of 1 cent for each 10 cents or fraction thereof on the amount expended for sodas, sundaes, "or similar articles of food or drink." The small boy may rejoice in the fact that an ice-cream cone doesn't cost an extra penny. The tax imposed by the Revenue Act of 1921 is on "beverages and the constituent parts thereof" and is paid by the manufacturer.

The tax on the transportation of freight and passengers is repealed, effective January 1, 1922, also the tax paid by the purchaser on amounts paid for men's and women's wearing apparel (shoes, hats, caps, neckwear, shirts, hose, etc.) in excess of a specified price.

Taxes imposed under Section 904 (which under the Revenue Act of 1918 included the taxes on wearing apparel) are now confined to a 5 per cent tax on the following articles: carpets, on the amount in excess of \$4.50 a square yard; rugs, on the amount in excess of \$6 a square yard; trunks on the amount in excess of \$35 each; valises, traveling bags, suit cases, hat boxes used by travelers and fitted toilet cases, on the amount in excess of \$25 each; purses, pocket-books, shopping and hand bags, on the amount in excess of \$5 each; portable lighting fixtures, including lamps of all kinds, on the amount in excess of \$10 each; fans, on the amount in excess of \$1 each. These taxes are included in the manufacturers' excise taxes, and are payable by the manufacturer, producer or importer, and not by the purchaser, as required by the Revenue Act of 1918. The manufacturer may reimburse himself, by agreement with the purchaser, by quoting the selling price and tax in separate and exact amounts, or by stating to the purchaser in advance of the sale, what portion of the quoted price represents the price charged for the article, and what portion represents the tax.

The taxes on sporting goods, (tennis rackets, fishing rods, baseball and football uniforms, etc.) are repealed, also the taxes on chewing gum, port-

able electric fans, thermostatic containers, articles made of fur, and toilet articles and musical instruments.

The tax on sale of jewelry, real or imitation, is 5 per cent, and is payable by the vendor. The tax on the sale of works of art (painting, statuary, art porcelains, and bronzes) is reduced from 10 to 5 per cent. This tax payable by the vendor, applies except in the original sale by the artist, or to an educational institution or public art museum, or a sale by a recognized dealer in such articles to another such dealer for resale.

When payable by the manufacturer or vendor, taxes must be in the hands of the collector of internal revenue on or before the last day of the month following the month in which the sale was made.

Following are forms for making returns and regulations relating to taxes, which may be had on application to offices of collectors of internal revenue; manufacturers' excise tax Form 728 revised, Regulations 47, revised; tax on works of art and jewelry, Form 728 A, revised, Regulations 48, revised; tax on beverages, Form 726, revised, Regulations 52, revised.

### SPENT \$2,000 BUT FOUND NO RELIEF

Virginia Woman Restored By Tanlac After Three Hospitals Failed To Help Her.

"I was sick for two years, had one operation, was treated in three hospitals and it all cost my husband two thousand dollars, but I never got well until I took Tanlac," said Mrs. W. T. Alexander, P. O. Box 17, McDowell, Va.

"After I had the operation and got home I commenced having terrible nervous spells that almost set me wild. I couldn't force myself to eat enough to build up my strength. Twice again it was thought that a hospital treatment might help me, and after I left the hospital the third time I only weighed a hundred and twelve pounds and had been so bad off for five weeks I didn't know half the time what was going on around me.

"Soon after I got home my husband brought me a bottle of Tanlac and it helped me so much that I was soon able to sit up. I've taken three bottles now, have gained seventeen pounds and am now strong and well. Many people are now taking Tanlac on my advice and they're all getting good results. I wish I could build a big hospital, fill it up with patients and give them all Tanlac; for I feel that I could help suffering humanity more in that way than any other."

"Taniclac is sold by leading druggists everywhere."

We don't mind supporting the government, but we think the government should leave us enough to support ourselves.—Columbia Record.

A hustler has no time for bad luck.

### WORRIED WIVES—READ THIS

Half Sick, Cross Husbands Will Be Helped by Gude's Pepto-Mangan.

Is he "cross as a bear" when he comes home? Is he nervous and a bit pale and always tired? You can help him back to health with Gude's Pepto-Mangan. He is run-down, and Pepto-Mangan, the wonderful blood tonic with the right kind of iron in it, will build him up. Help your husband get plenty of red blood and he will be well and good-natured again and stronger, too. Good blood, good health, makes happy good humor—that is the way it goes. If you don't give him some kind of a tonic he will probably get worse—they usually do. Go to the drug store and ask for Gude's Pepto-Mangan in liquid or tablet form. It is pleasant to take and works wonders if taken daily for a few weeks. Advertisement.

### APPLICATION FOR PARDON

Application will be made to the Governor of N. C. for the pardon of Reubin S. Hagwood, convicted at the Dec. Term 1920, of the Superior Court of Wake County, for the crime of house-breaking and larceny, and sentenced to Wake County Jail for a term of five years; all persons who oppose the granting of said parole are invited to forward their protests to the Governor without delay.

This the 17th day of Dec., 1921.

1-6-11 Mrs. Reubin S. Hagwood.

### NOTICE OF DISSOLUTION

The mercantile business heretofore conducted under style of Cash Grocery Co. is dissolved by mutual consent, the interest of M. S. Clifton having been sold to C. S. Hobbs. All accounts due by or to the said firm have been assumed by C. S. Hobbs.

Nov. 29th, 1921.

M. S. CLIFTON.

C. S. HOBBS.
