

Fordson

Put it to any Power Task

While the Fordson Tractor has power in plenty to drag plows and harrows through the heaviest soil, it is light enough, small enough and so easily controlled that it can handily be put to many tasks about the farm, that will save you time, money and work.

In fact the Fordson will do every power job, both draw-bar and belt, more quickly and at less cost than it can be done with any other form of power. So every month the whole year 'round the always dependable Fordson will prove itself a paying investment, because of its capabilities, its economy and efficiency.

We will gladly explain and demonstrate to you the many Fordson money-making, time-saving features. Call, write or phone.

"Purina" Made the Difference!

EQUAL in laying ability. But the hen on the right was fed a common grain ration while the other was fed Purina Chicken Chowder and Purina Hen Chow. Grains have lots of material for yolks, but far too little for whites. As they can't lay yolks only, grain-fed hens lay fewer eggs.

Purina Poultry Chows

Feed from Checkerboard Bags

form a complete ration, containing material for an equal number of whites and yolks. They get the most out of your hens, and cut the feeding cost per dozen eggs.

More Eggs Guaranteed

You get your money back if Purina Chicken Chowder and Purina Hen Chow, fed as directed, don't produce more eggs than any other ration. Why should you put off a trial when we take the risk?
