Don't forget to pay your poll tax before May 1st.

Remember it is necessary to pay your poll tax by the first of May if you want to vote.

The indications are Germany doesn't intend to make many more payments on its war debt to the Allies.

If you want to vote in the coming primary and election you had best pay your poll tax before the 1st of May.

With Lenin and Trotsky allied with Germany, under an obligation they don't want to live up to, what is to be expected.

Evidently Russia's delegation to the Genoa Conference was instructed to take its nerve along with it, by presenting a claim to Lloyd George of above four billion dollars against the Allies.

A wrench was thrown into the machinery of the Genoa Conference this week when it was announced that Germany and Bolshevik Russia had entered into a treaty. Looks like more trouble.

Will Hayes has cancelled the showing of Archnack pictures, says a dispatch from New York. It would doubt be well to include in this order quite a number of the more suggestive pictures now being given such freedom.

It is absolutely necessary for the voters of Franklin County to vote for a Senator and Member of the House of Representatives who will vote for reducing the salaries if they want the salaries of the offices of Franklin County reduced.

It is understood that the tax payers of Franklin County are almost unanimous in their demand for a return to the original salaries voted by the people in 1916, and any man who becomes a candidate for the Legislative office who is not willing to grant this demand should be frank enough to tell the people so.

Judge Bingham, of Kentucky, says the members of the Tobacco Association in that State sold their tobacco the past year for an average of 25 cents a pound at a cost of forty cents a hundred as compared with 17 cents average at a cost of eighty cents a hundred for those out of the Association. Quite a difference.

The demand on the part of the voters for the different candidates, especially those for the Senate and the House, to come out in a plain declaration of what they stand for is absolutely just and well founded, and should be met. We think it foolishness to demand of a candidate an expression on a question that he will have no voice in, but there is no reason why all candidates should not take a firm and open stand on all questions that will probably come before them. This is fair to both sides of every question, as those in favor of a measure are just as anxious to know what a representative will and will not do as those opposed to it. Speak out gentlemen and say where you are at.

Opinions such as the one handed down in the Franklin County tax case by the Supreme Court recently, is what is destroying the respect and confidence of the public for and in our Court system. No honest man wants to be relieved of an honest obligation that he understood when he entered it and in which he received value. The bond issue was voted with the knowledge that a tax would be levied to pay off the bonds at maturity, the contract was made in good faith with that understanding in the sale of the bonds, and now just because reconstruction has brought about a tightness in finance is no reason why it should be claimed that the law would not allow the tax to be levied. It may be law in the eyes of the Supreme Court, but right thinking people don't believe it. In fact if that is law then law has lost its justice and common sense.

ROYAL ITEMS

A large crowd attended the commencement at Royal Wednesday night. Mrs. A. P. Young and children, visited Mrs. W. A. Young Sunday afternoon. Mr. Selby Evans and Mr. Hibberd Pearce visited Mr. W. A. Young Saturday night. Mr. Ben Lambert, from Raleigh, visited Mr. and Mrs. Bob Frazer Sunday. Miss Marguerite Young spent the night with Miss Ruby Frazer Sunday. Mr. J. J. Young has a new Ford roadster now, so we guess the girls will have some nice rides. Tom and Huck.

WHO DREW THE BILL THAT INCREASED THE SALARIES OF THE COUNTY OFFICERS?

I would like to ask Mr. Barrow who drew the bill to increase the County officers' salaries? I have been informed that he did it. That he went around and asked all his fellow officers what they wanted. Told them "Ask what you will and it shall be given." Now Mr. Barrow don't you think it is right cheeky to ask the people to elect you again for a term of four years, after you had your own salary raised one hundred per cent while the people knew absolutely nothing about it? Now Mr. Holden said he had nothing to do with this bill, that he was satisfied with what the office paid when he was elected, so some one did that young man an injustice when they forced a raise of possibly \$1,000.00 on his salary. My Bible teaches: "Lead us not into temptation." Some one did it and it must have been humiliating to his conscience to have to accept that which he did not want.

Mr. Barrow you stated in your card that your past record was an open book. Do you think you can deceive the people always? You further stated, that if nominated you would endeavor to make a better record in the future. My God! Are you going to make it \$10,000.00 this time?

Now I don't say these reports are true. I hope you are innocent, for I have always had the highest esteem for you and believed everything you said; why, if you had told me, old Charlie Green was a white man I would have believed it.

Well, Mr. Voter, let us learn more about our Senator. I think we should demand of him to make an open declaration how he stands on these little petty offices.

Mr. Harris we don't want any farm-shaking converts. We want the genuine open religion before you can join our church. I was told by several people, in town Saturday, that you favored the Home Demonstration, the Welfare, etc. Now don't hide behind a smoke screen for the sake of some one whom you don't wish to hurt. You can not hope to get much relief for the people unless you cut expenses at home. The people are equally as much opposed to paying Mr. Best such a high salary as they are the Court House men.

We voters have a right to talk. We elect the power and pay the bills. In 1920 we made a bumper-crop of cotton and tobacco at the highest cost on record. Some one, we know not whom took it away from us.

In 1921 the draught came. We made nothing and the things we had to buy were at the highest notch. The result was 250 farms were sold in Franklin County last year for taxes and a lot of them have never been redeemed. Doesn't that show there is something radically wrong.

Now we are tired of keeping sinister politicians in office and doing all the suffering ourselves.

In justice to myself I wish to say I think the Home Demonstration is doing lots of good and is carried on by a very nice competent lady. But we can not afford it. I would like to have a servant but I can't afford it.

Don't be afraid to make a radical change because the Louisburg boys are full of genius and when they loose out; They usually write insurance.

C. M. VAUGHAN.

I am not on my farm now.

TWO LARGE STILLS AND MAN CAPTURED

Sheriff Royster and Sheriff Kearney Make Joint Raid On Line.

Two large whiskey stills and a man were captured yesterday afternoon about 4 o'clock when Sheriff John S. Royster and Sheriff H. A. Kearney, of Franklin county, joined in a raid on the Vance-Franklin county line below the Bobbitt neighborhood. One of the stills is said to have had a capacity of 55 gallons, and this was chopped up sufficiently to permit of Sheriff Kearney taking it with him back to Louisburg in his automobile. The other, declared to have a capacity of 75 gallons, was brought to the court-house here by Sheriff Royster and Deputy Tobias Kearney, together with a young white man by the name of R. J. Carnegie. They also brought with them eight gallons of whiskey found at the scene of the stills.

One of the stills was in operation when the officers reached the scene and the other had been running. About 500 gallons of beer were poured out, the officers said. As they approached, they saw several men running, who made their escape.

When tried before Recorder R. J. Southernland this morning Carnegie said that he was somewhat of a stranger in these parts. He claimed that he had bought some pigs from a man living in the neighborhood, and had taken his gun with him on the way to inspect them. He said he heard the shots fired by the officers and ran, dropping his gun, which he was unable to produce. The judgment of the court was that Carnegie pay a fine of \$50 and that he report back to the court six months hence to show good behavior, and if he was unable at that time to prove his good behavior a sentence of four months on the roads would ensue.—Henderson Dispatch.

WATER REPORT

The following is a report of the City water for Louisburg:
Source—Tap.
Marked—Louisburg.
Received—4-13-22.
Reported—4-15-22.
Sediment—0.
Color—Platinum-cobalt standard—6.
Turbidity—Silica standard—v. sl.
Odor, cold—0.
Alkalinity (in terms of Calcium carbonate)—12.5.
Colony bacilli in 1 c.c.—0.
Colony bacilli in 10 c.c.—0.
Total number of bacteria in 25d C. per c.c.—29.
Total number of acid-producing bacterial—0.

HEALTH DEPARTMENT

Information Concerning The Health of the People of Franklin County, Worth Your Attention.

Dr. J. E. Malone, Health Officer.

Now is the time of year when people should look after all and by all means to protect themselves from flies. The fly at this season is going to work to do all the mischief it can by laying its eggs, breeding its young which are then going forth to spread disease and death to the human family. My friends it is your duty to yourself, family and mankind to do all in your power to stop the breed of flies by hauling out from your premises and stables, cow stalls, pig pens and all other filth. Screen your doors and windows and keep clean and sanitary. Typhoid Fever is going to take advantage of every opportunity to assert itself, so please get busy and do your duty as a good Christian patriotic citizen and help hold back this expensive death dealing disease. Get all of the manure from your stables, cow and pig pen. Keep clean and sanitary, live long and prosper. Do your duty as a humanitarian Christian and patriot in what I beg you to do.

VICTIM OF ACCIDENT EXPECTED TO RECOVER

Henderson, April 18.—Mrs. B. C. Williams, who was seriously injured when northbound Seaboard passenger train No. 12 about 2 o'clock Saturday afternoon struck an automobile in which she was riding with Mr. and Mrs. W. A. Brundage, was reported by her physicians as being improved, although not yet out of danger. Mr. Brundage, who received only a scalp wound and a severe shock, left on train No. 4, northbound, yesterday afternoon with the body of his wife, who was killed outright, for their home in Oneida, N. Y., where Mrs. Brundage will be buried.

McGRAW GIVES HIS RULES FOR KEEPING IN TRIM

Nothing Like Taniac To Put A Man Back In Shape When He Gets Run Down, He States—Has Used It For Years.

"For four years Taniac has kept me in the pink of condition as I take a few doses of it every time I feel a little run down and it always builds me up again," said Wm. A. McGraw, 207 Peach Place, Tampa, Fla.

"I began taking Taniac first about four years ago when I was in a very bad state of health and had been run down for several years. I was always taking laxatives, too, but I believe they did me more harm than good.

"Taniac made me feel like a brand new man in a very short time and I have never had a return of any of my old troubles. The reason of this I am firmly convinced is that I always have Taniac handy and take a few doses every time I feel a bit under the weather."

Taniac is sold by all good druggists. Adv.

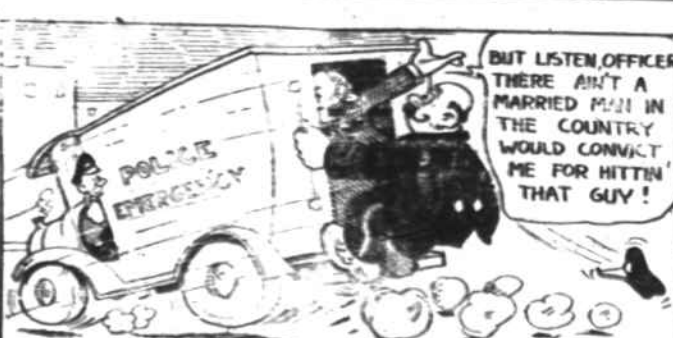

John Yayne, of Englewood, N. J., a brother of Mrs. Williams, arrived here yesterday to be at her bedside. Mrs. Williams suffered a broken arm and leg and a broken collarbone, together with a broken nose and serious lacerations about the head.

Introducing Three Big Men

LOOK from left to right and you see Kid Gleason, Chicago White Sox chief; Judge K. M. Landis, baseball chief-in-general, and John J. McGraw, New York Yankee chief—Landis is one of the really big men in baseball, and his picture partners aren't so small either. The judge is wearing a hat presented him by the state of Texas.

THE HENERY HOOZITS BY GARRY

Columbia Dry Batteries
are universally used because—

They cost so little, are so easy to obtain, are so powerful, and last so long. That's why they are used everywhere for every battery need. It's why dealers all around you carry Columbias to meet your demands—electricians, hardware stores, general stores, auto supply shops, garages, implement dealers.

For doorbells, buzzers, heat regulators, alarms, etc.; for gas engine and tractor ignition; for quick starting ignition on non-self-starting Fords; for every purpose, always—insist upon Columbia.

Columbia Dry Batteries
—they last longer

—for bells and buzzers
—for thermometers
—for gas engines
—for ignition on the road while starting
—for dry battery lighting in closet, cellar, garage, barn, etc.
