TAR DROPS

Everything passed off quietly here Easter.

Read all the advertisements in this issue. It will pay you.

Cotton sold in Louisburg yesterday for 16 1-2 cents a pound.

The nice rain Wednesday was a blessing as it was badly needed.

The Mason Stock Co., has pitched its tent on the McKinnon Bros. Store lot.

Mr. J. E. Winston has taken a position as Superintendent of the Louisburg Township Roads.

Quite a number of Easter egg hunts were enjoyed by the children around Louisburg the past week.

Our readers will have to look very closely now to keep up with all the candidates. It is your duty to see who is in the direct races in order to know better how to vote.

DREAM OF JOHN BUNYAN

On Wednesday, April 26th, at 7:45 p. m. the School Extension will hold a county meeting in Louisburg Court House. They will present a special picture which will be used only one night in the county. This will be the immortal Dream of John Bunyan given in the book, Pilgrim's Progress.

There will be a short sketch of the life of Bunyan by one of the Bunn High School students, a few comments on his book by one of our ministers, music furnished by a number of our community musicians from Seven Paths, Cedar Rock, Sandy Creek, Laurel, Mt. Grove, New Hope and other communities, and probably a song or two by the little Edwards girls from Mapleville. Admission will be 15 and 25 cents.

The manager of the local theatre has kindly given over his first performance for us.

ALERT ITEMS

How nice it is to have some one to help in sending in the Alert Items, but we wonder why they waited so long to begin. School will close this week and they will of course go home then. However we enjoyed their items last week, and we are just crazy about their names. (Mutt and Jeff). We think their names are so well suited to them, as Mutt is tall and slender while Jeff is low and stout. Mutt and Jeff we welcome you into our entertaining circle, although we don't think you are as good at entertaining as the real Mutt and Jeff themselves. If you were we think you would have more of it to do than you have had during your stay in our little town.

We are sorry to know that some of our people have grown up so ignorant. Just think of a man living on a farm for fifty or sixty years and yet not know that a mole has no eyes. When Mr. C. F. Falkner sees another mole out of the ground we advise him to examine him very close and if he does really find a mole with "Eyes" we think the entire community would be glad to see him, and would probably pay him a little money to see such a wonderful sight as a mole with eyes. If he could make a little money in this way it would help out in buying an artificial "leg" for his mule. Then he could do so much more ploughing, and could probably buy himself a car and stop talking so much about other peoples cars. But lets get back to the mole question again. We learned that the old mole was very unfortunately killed on last Friday by Miss Mattie Burnette, he being out of the ground again. We also learned that the reason he was out of the ground so much was on account of being almost deaf, and that he was compelled to get out of the ground in order to hear anything. We also learned that his deafness was caused by the continuous rattle of Mr. Dave Hunt's old Ford roadster.

Misses Mattie and Pattie Lou Falkner visited their brother, Mr. S. F. Falkner Sunday.

Mr. Marcus Ball called at Mr. J. P. Parnell's Sunday afternoon. Sorry the girls were not at home.

Mr. and Mrs. Wiley Falkner went to Henderson Sunday.

Mr. and Mrs. J. E. Parnell, with little Misses Lilbe Parnell and Jodie Falkner visited Mr. R. H. Parnell in Vance County Sunday.

Mr. Edd Burnette, of near Epsom, visited our community Sunday.

Mr. and Mrs. Ollie Falkner, of Henderson, visited their parents here last Sunday.

Mrs. A. M. Mosley visited Mrs. J. J. Parnell Sunday afternoon.

Misses Mattie Burnette and Pattie Lamm and Mr. Hugh Mosley went to Louisburg Saturday to the picnic and speaking. They went from there to Henderson, (driving the "Old Model Chevrolet"). On Sunday the same party, with the addition of Mr. Herman Parnell went to Lover's Leap, (driving the "Second Hand Dodge"). They report a very nice time. Seems that they think they enjoyed it just as much as if they had been driving an "Old Ford Roadster."

THE NEWS AROUND MAPLEVILLE.

Owing to the inclement weather the farmers around here got very much behind with their work but since the spring days have come the most of us have caught up and some will now be ready to begin planting and with co-operative marketing this fall we are

expecting better times. Rev. J. S. Harrel filled his regular appointment on last second Sunday at Maple Springs church. His text was taken from Luke. Bro. Harrel is a native of Yates county, N. C., but is now a student of Wake Forest College. He is a fine young preacher and is liked by every one that goes out to hear him preach.

Mr. Ben Champion who was living in Nash county, near Peach Tree church died on the 6th of March and his remains were brought to Maple Springs cemetery and interred beside those of his wife. Mr. Champion lived in this community for a number of years.

Our road leading from Louisburg to Nashville has been turned over to the State highway and a new survey has been made, and when the road is completed it will be much straighter and nearer to town. By the end of the year we are expecting to have a road equal to any in the Old North State.

Since the death of Mr. W. E. Uzzell, Mrs. Eva Perry has had charge of Mapleville postoffice.

A notice in the FRANKLIN TIMES says one of our neighbors, Mr. Clyde P. Harris, has announced himself a candidate to go to the next Senate, also Mr. Geo. Cooper, of Louisburg, for the House. The writer has known each of these gentlemen for a number of years and if both are elected it is the writers opinion they will do their best to better the condition of things.

The school work at the Academy is getting along nicely under the management of Mrs. W. E. Uzzell, principal, Mrs. H. H. Hobgood, intermediate, Miss Smith, primary.

Mr. H. H. Hobgood and family have moved to the old home of the late John H. Uzzell and Mr. Raymond Hobgood is merchandising at the old store house.

A sympathetic feeling has been aroused around over the neighborhood for Mr. A. H. Baker and family whose home was burned on the first Sunday night in November and an effort is being made to rebuild their house.

One of our oldest citizens, Mr. J. H. Sledge was happily married to Mrs. Cora Jackson on the 3rd Sunday in January at the home of Mr. W. E. Strange, Rev. W. R. Wallace officiating.

The stork made a visit at the home of Mr. W. R. Perry and left a bouncing boy.

It was announced on last second Sunday at Maple Springs by the Pastor that on next fourth Sunday at 3:30 at the church there would be a meeting of the members in regard to organizing a B. Y. P. U. Everybody is invited to attend.

Best wishes to the TIMES and its readers.

TO THE VOTERS OF FRANKLIN COUNTY

I take this means of announcing my candidacy for the office of Register of Deeds for Franklin County. I believe that the general consensus of opinion in the County is that rotation in office is best for the public interest, and I am asking for election on the following platform: 1. I believe that salaries ought to be reduced commensurate with the times; therefore I am willing to work on the 1917 salary basis. 2. I favor a general reduction of taxes, the cutting out of useless expenses and useless offices, of which we have several in this County, and if elected will work on the 1917 salary basis and do all in my power to help the people reduce expenses, useless offices and taxes.

I have been a democratic voter for forty years, and am asking your support for an office for the first time in my life. Your votes and influence will be greatly appreciated. W. D. UPCHURCH.

ATLAS PORTLAND CEMENT FROM many points of view, construction in the country is more important than city construction. Property is apt to be under the same ownership for a lifetime instead of a few years. Fire protection is not efficient at long distances. These and other angles argue for building well and permanently. Your local dealer can help in your building plans. He has, or will get for you, accurate information on any work you have in mind. You can afford to rely on his experience and judgment. Most permanent construction today is of concrete. For twenty-five years concrete has been tested on all types of building and has made good. For twenty-five years Atlas Portland Cement has been known as "the Standard by which all other makes are measured."
