

MR. OWNER OF COUNTRY PROPERTY

Have you ever carried fire insurance on your buildings and allowed it to lapse?

Do you remember how much more comfortably you slept while your home was insured and how much easier you felt those hot, dry summer days when you were away from home?

WHY WAS IT?

It was because you knew that if your home should be burned you would have the money to rebuild it.

Let us insure you that comfortable feeling by insuring your home against fire, wind and lightning.

The Farmers Mutual Fire Insurance Company's

Joseph G. Jones, Pres. S. Atwood Newell, Sec'y.

PLANT POSEY SEED EARLY

Every home and nature lover likes nice flowers—and nearly everybody wants early flowers. By planting the seed in flats or boxes long before it is time to plant seed outdoors one can have an early start and early blossoms. Plenty of warm sunlight will be necessary; incidentally it is necessary to see that the boxes and plants are given an occasional watering.

HOME GARDEN FLOWERS

What to Grow to Beautify Your Home and Lawn.

Old-Fashioned Posies May Be Raised Upon to Produce; Will Add Beauty to Premises.

When making plans for the home vegetable garden all the emphasis should not be placed upon vegetables, but provision should be made for planting a few flowers as well. Where a cottage and a lawn are included in the general scheme the flowers can often be arranged around the foundation of the house, or in a bed separating the lawn either from a neighboring property or from the vegetable garden. Old-fashioned zinnia, petunia, bachelor's button, cockscomb, scarlet sage, and cosmos are among the most easily cultivated flowers and go a long way toward brightening up the general appearance of the home surroundings. Where space will permit a flower garden consisting of dahlias, asters, canas, roses, gladioli, and various other flowering plants that will add color and beauty to the place, and at the same time furnish cut flowers for the house, is highly desirable.

From the standpoint of economy, the plantings around the foundations of the house should, as a rule, be made of permanent low-growing shrubbery, mainly that which grows native in the locality, and the annual flowering plants given a place in connection with

the garden proper or in a border. It is urged, however, by the United States Department of Agriculture that more attention be given to improvement of home surroundings, including the care of a good lawn and flowers.

JUST A FEW ITEMS FROM POPES.

Mr. N. G. Weathers, who has been quite sick for some time, is some better.

Our School closes Friday night with exercises and recitations by the children. Miss Powell is one of the best teachers and we hope to have her with us again.

It looks as if the farmers are preparing for a larger food crop this year and a good garden also.

Well, I was down at Louisburg Saturday and I was sorry that there was not more people down to see and get a taste of that good food made by the women and girls of our county. It was good enough for a king. I think if the opposers of club work could of did taste of those good things, I am sure they are converted. I was sorry that Mr. Vaughan was not there. While I am sure he had his good things at home I would have been glad for him to have seen and feasted on those good things, that man grumbles about when he goes to the table and don't find there.

Well Mr. Vaughan stated in his interesting letter last week that I had

never got out of hearing of where I was raised in the sound of the bull frogs. I guess he was mistaken. I have traveled through seven states and I think that is right much for a fellow that was born in the sticks. But we don't have to travel now to be enlightened. We have the daily papers at our door every morning, have telephone and megaphone, good roads, people flying by our door and over our head. Why should we grumble so much.

I will have to quit as my hand is so sore that I can hardly hold my pen as you know I was down at Louisburg Saturday and so many candidates grasped my hand I don't think that I can use it for a week. G. H. F.

NOTICE

This is to give notice that the business formerly known in Louisburg as G. W. Ford & Son will be discontinued as such, and that the business will be continued at the same location by Mr. G. W. Ford, who will fill all contracts and make all settlements of the former firm.

Under and by virtue of the power of sale contained in that certain Deed of Trust executed by N. P. Boone to the undersigned trustee on the 3rd day of July, 1920 duly recorded in the office of the Register of Deeds for Franklin County, N. C. in book 224, page 455, default having been made in the payment of the indebtedness thereby secured and demand having been made upon me by the holder of said indebtedness to foreclose, I will on

MONDAY, MAY 15, 1922, at or about the hour of noon at the Courthouse door in Louisburg, N. C. offer for sale at public auction to the highest bidder for cash, all those certain tracts or parcels of land situated in Cedar Rock Township, Franklin County, State of North Carolina and described as follows: First Tract: That tract or parcel of land containing twenty-two and one half acres (22 1/2) conveyed to Georgia Anna Creekmore by F. G. Boone and wife by deed dated February 2nd, 1911 and recorded in Book 170, page

334, Registry of Franklin County.

Second Tract: That tract or parcel of land adjoining the lands above described as "first tract" and containing seven (7) acres and being the land conveyed to Georgia Anna Creekmore by deed of W. R. Boone and recorded in Book 202 at page 457, Registry of Deeds of Franklin County, N. C. Both of the above described tracts of land having been inherited by J. J. Creekmore from his mother, Mrs. Georgia Anna Creekmore, and conveyed by said J. J. Creekmore to N. P. Boone by deed of even date herewith, and the bond secured hereby being for the balance of the purchase money. Reference to all of the aforesaid deeds and records is here made for a further and more particular description of said lands hereby conveyed.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.
