MRS. BUTLER IS OVERJOYED AT HER RECOVERY

Declares Tanlac Gave Her Complete Relief After Everything Else Failed To Reach Her Case.

"I am overjoyed at the wonderful good Tanlac has done me after I had suffered five years," said Mrs. Mamie Butler, 1258 Taylor St., Richmond, Va. "Indigestion troubled me so long I had little hope of seeing another well day. Nearly everything I ate soured on my stomach and I felt stuffy and nauseated. The pains around my heart were so dreadful and I felt so tight across the chest I thought I would suffocate. Black spots came before my eyes and I almost fell over. I was badly constipated and so run down that often I had to go to bed and stay several days. "But now I am well and happy for

Tanlac has fully restored me after everything else failed. I enjoy everything I eat, my nerves are steady and I get plenty of restful sleep. Tanlac deserves all my praise and thanks." Tanlac is sold by all good druggists. Adv

STRICTLY BUSINESS

Cooperative Marketing of Tobacco is the FARMERS' OWN MOVEMENT in North Carolina, South Carolina and Virginia, which began with the 1929 collapse of prices for tobacco, and has made a growth within two years from small beginnings to an Association of 75,000 Tobacco Growers—the largest Cooperative Marketing Association in America.

It is a movement of the farmer, by the farmer, for the farmer. Its Directors are elected by the farmers. Of the 25 Directors, 22 are tobacco farmers, picked from the most successful planters, bankers and business men of three States.

The Tobacco Growers Cooperative Association is not a promotion scheme. It is strictly a business organization of farmers for the benefit of each and every member.

Each and every individual farmer owes it not only to himself, but to his family, his neighbor and his State to help.

As this is a common problem, with a common product, it must have the concerted support of all Tobacco Growers.

Why should any group of farmers desire to WAIT AND SEE, when for many years they have seen "the auction system," which has been tried and found wanting?
