The Longer You Eat Poor Food The More Harm It Does You

Nature works hard to keep you well and in fit condi-
 tion to meet the requirements of life, but nature ex-
 pects you to do your part.

When you fill your stomach with poor or impure food
 you are unfair to nature and an enemy to yourself, for
 no constitution can withstand the weakening effects of
 such a continued strain.

We sell the food that aids nature in its work of build-
 ing up a strong and healthy constitution. You aid
 yourself when you buy what nature demands.

A dollar gets just as much at this store as at any
 other place—and it is the kind that builds.

—and all ready for another, whether it be to
 plow, harrow, drill, to run the thrasher, the
 corn sheller, the hay baler or what-not. For
 Fordson Tractors are not only doing in the
 most economical and most efficient manner, all
 general field work for farmers the world over,
 but they are saving them time, labor and
 money in taking care of every power job.

It combines all of the qualities—all of the ad-
 vantages—you have wished for, in a tractor.
 It is light; it is powerful; it is efficient; it is
 economical in both fuel consumption and up-
 keep; it is durable; it is dependable; and it is
 not overpriced in cost.

It's hard to tell you all the facts about the
 Fordson line. We prefer to talk to you per-
 sonally and to show you its many advantages.
 We'll gladly bring all the facts to you if you
 will phone or drop us a card.
