His Rheumatism

Has Entirely Disappeared

Nearly everybody in Gastonia and vicinity either knows or has heard of Mr. Clemmer had suffered much annoyance from rheumatism for a year or more, and not being able to find relief from other sources he finally resorted to Tanlac. But let him tell his own story. Here is his statement:

"I was suffering from rheumatism so badly in my arm and shoulder that I could hardly move. I was in such pain that it was almost impossible for me to get anything done. It had rendered me almost helpless and, as nothing did me any good, I became very much depressed.

"My wife kept insisting that I give Tanlac a trial and I have been thankful a thousand times that finally I took her advice. After I finished my third bottle the rheumatism was gone and while that has been a year ago now I've never had the least trouble since. I don't know what Tanlac will do for others, but it certainly did the work for me."

Tanlac is sold by all good druggists. Adv.

REPRESENTATIVES OF THE POWERS CONCERNED AFFIX SIGNATURES TO MUDANIA ARMISTICE CONVENTION

Mudania, Oct. 10.—The armistice convention was signed here tonight at 11 o'clock. The representatives of the powers concerned affixed their signatures to the revised protocol, which General Harington had presented for acceptance to Ismet Pasha and which the nationalists delegates forwarded to the Angora government for its decision.

General Harington had informed Ismet Pasha that the convention embodied Great Britain's last word and that the other powers gave their unqualified support to the terms. On his part Ismet replied that he hoped his government would accept the conditions set forth and promised a reply by 5 o'clock in the evening. In the meantime the British commander returned to Constantinople, where he remained until this afternoon, proceeding back to Mudania on the Iron Duke to hear the Turk's decision.

Turks Dismayed

Mudania, Oct. 10.—The Turkish delegates were somewhat dismayed and disappointed over the turn of events in the past two days. The new attitude taken by France after the Paris conference puzzled them and they were amazed that French friendship, on which they counted as a main prop in the negotiations, did not yield the results they expected.

At the session of the conference Monday night Ismet Pasha expressed dissatisfaction at the terms the allies offered. He said to General Harington:

"But your new armistice convention is a contradiction to the assurances given to me by General Charpy. The convention, instead of paving the way to peace, only makes matters worse." General Harington replied merely: "General Charpy has assented to the terms."

After the close of the formal proceedings, Ismet, in the course of a conversation on the recurring subject of France's promises, said:

"It was upon France's suggestion that our army ceased operations against the Greeks, France promising us favorable armistice terms. France's responsibility there is considerable. If no agreement is reached our army will insist on marching into Thrace but every day's delay—caused by our reliance on favorable armistice promises—diminishes our military advantage."

Striking New Red Cross Poster

American Red Cross

Directing the attention of the beholder on the fact that the American Red Cross is chartered by Congress as an official volunteer relief organization the dome of the Capitol at Washington, upon which is superimposed a large Red Cross, is the central figure of a new poster for the Annual Red Cross Roll Call. The poster, which has been pronounced one of the most striking of innumerable representations of the famous dome, is the work of Franklin Booth, a New York artist of wide renown. It will be displayed throughout the country during the Roll Call period, Armistice Day to Thanksgiving, when the Red Cross membership for 1923 will be enrolled.
