**THE RIGHT WAY
TO KILL GERMS**

Here is a powerful and recognized disinfectant which kills the germs.

Is your cellar sanitary? Germs will multiply by the million overnight, in a damp, musty cellar. Make a solution of Red Seal Lye and sprinkle into all the dark corners, and all mustiness will immediately disappear, leaving your cellar fresh and sweet smelling.

If your kitchen sink does not drain quickly, here is an immediate remedy. Sift a little Red Seal Lye into the pipes. The lye will combine with the grease and dirt, forming a solution which will be carried off quickly by the water, leaving the pipes free and clean.

Housewives may save money by making their own soap. All that is needed is one can of Red Seal Lye and a quantity of waste grease or fat, such as would ordinarily be thrown away. The one can will make twenty cakes of pure soap at less than one cent per cake. See how quickly and easily Red Seal Lye will clean the wash-stand, tub or closet bowl.

Red Seal Lye is put up in handy round cans. It contains no filler or adulteration. It is absolutely pure.

Send for the Red Seal Booklet which explains many recipes and uses of the famous Red Seal Lye. Write today. Ask your dealer for the old reliable Red Seal Lye. Take no other.
