INSURANCE A NECESSITY INSURANCE ACTUALLY DEALS WITH EVERY HONEST BUSINESS UNDER THE SUN

Fire insurance has come to be not only a householder's security, but a national necessity. The home owner must protect his family and provide shelter; the renter must guard his household goods. Business concerns, factories, churches, schools, colleges and corporations must protect their property investments. The man who can thus provide the security of a community against financial loss from fire is its insurance agent, through his companies.

Milkers Take Notice!

"The milkers should be on good terms with the cow. If milkers scold and kick, the cow will, most likely, return the latter; and moreover, she cannot kick to advantage when her leg is in close conjunction with the milker. The best milkers are the quickest; for there will be a flow in less than a minute from the commencement of the process. Take advantage of this, and prevent its return. Milk dry; for the striplings are worth four times as much for butter as the milk that is first drawn. This is good advice. A lazy, scolding milker will soon spoil a good cow."

If the crops fail, if the folks get sick, if you want to buy a place, or take a trip, there's nothing like a good bank account.
