

Begin The NEW YEAR Right

This can be best done by making your decision and arrangements to do your trading with me during the New Year. I am in position to give you the best services and best prices, and can and will take care of your wants. My stock is complete with most all things you can call for, for the home and farm. Give me an opportunity to show you my appreciations for your patronage.

J. P. TIMBERLAKE

2 Miles South of Louisburg, N. C.

Eight hens out of every forty were poor layers, found J. W. Williams of Pasquotank county who farm agent G. W. Falls to help him cull his flock.

One farmer in Chowan county states the fruit which rotted on his trees this season would have paid for a spraying outfit.

Tom Tarheel says he likes crossword puzzles because they are sending his boys to the dictionary instead of up to the cross-roads store.

Matched Sports Sets Trim and Becoming

Whether the real sportswoman turns to the genial South or the rigorous North when winter comes, she outfits herself with joyous and becoming clothes. Stylists must see to it that those who revel in arctic weather shall look as smart as those who do their outdooring under tropic skies, and the trim costume shown here reveals how they have succeeded. Fashion shows a preference for white, and here we have a heavy, pull-on sweater in white yarn, bordered with yellow, a cap to match, gloves of brushed wool, ankle hose and a pair of trim tweed knickers—a beautiful ensemble and immensely becoming.

NORTH CAROLINA GAINS \$4,000,000 IN SMALL GRAIN VALUES

North Carolina farmers realized \$4,000,000 more on their small grains this year than in 1923, according to the Sears-Roebuck Agricultural Foundation, which reports that the national increase in grain values amount to \$550,000,000.

The half million bushel increase in the North Carolina wheat crop this year brought the value up to \$10,250,000 as compared with \$7,500,000 of 1923. The oat crop of this state this year is up to 6 million bushels as compared with the 5 million acreage with the result that farmers will have taken in 5 million dollars on this crop as compared with 3 1-2 million the year before.

The yield per acre on corn in North Carolina the report states, dropped to 14.9 bushels per acre and the normal production of 60,000,000 bushels dropped off to 35,000,000 bushels this year. The wet days, on the other hand were a great help to the wheat and oats production, the former rising to 21 bushels per acre as compared with 17.1 the year before, and the latter to 25.1 from 22 in 1923. The profit per bushel of wheat this year was 22 cents where a loss of 34 cents was taken last year and a 13 cent profit in oats for the 13 cent loss of the preceding year.

The increased yield per acre of small grain and the increased price per bushel on all grains has aided materially in restoring the farmer to a better financial basis, the Foundation report concludes. The higher grain prices have resulted in higher live stock prices and this has brought a new vitality to agriculture.

GERRYMANDER
"Gerrymander" is a political term which was created in 1812 when Elbridge Gerry was governor of Massachusetts. It was believed at that time that Gerry was in favor of the redistricting of a portion of the state to obtain a Democratic majority. The new district resembled a salamander in shape. The combination of Gerry's name and mander furnished the word, which means the redistricting of territory to win an advantage for one political party. The pronunciation is "ger-ry-man-der," with accent on the first syllable.

Farmers of western North Carolina will want a copy of the November Bulletin of the State Department of Agriculture, "The Mexican Bean Beetle in North Carolina." This will be sent free of charge on application to the Editor, Extension Service, Raleigh.

You can very readily recognize a wise man by the things he doesn't say.

A Talk With a Louis- burg Man

Mr. Cranford Tells Something of Interest to Louisburg Folks.

There's nothing more convincing than the statement of someone you know and have confidence in. That's why this talk with Mr. Cranford of Church Street, should be mighty helpful here in Louisburg.

H. P. Cranford, garage foreman, Church Street, says: "For spells my kidneys almost failed to act. My back nearly killed me with pain and I couldn't turn in bed without sharp pains stabbing me. It was almost impossible to bend, and mornings my back was sore and stiff. I used Doan's Pills and I haven't had a spell with my kidneys since."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Cranford had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

MONEY TO LEND ON IMPROVED farm lands. 6 per cent interest. No commission, no bonus. May run for 33 years or be paid off at option of borrower. Only a short time required to get the money.
