HOW DOCTORS TREAT COLDS AND THE FLU

To break up a cold over night or to cut short an attack of grippe, influenza or sore throat, physicians and druggists are now recommending Calotabs, the nauseous Calomel tablet, that is purified from dangerous and sickening effects. Those who have tried it say that it acts like magic, by far more effective and certain than the old style calomel, heretofore recommended by physicians.

One or two Calotabs at bed time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with eating, work or pleasures. Next morning your cold has vanished and your system feels refreshed and purified. Calotabs are sold only in original sealed packages, price ten cents for the vest-pocket size; thirty-five cents for the large family package. Recommended and guaranteed by druggists. Your money back if you are not delighted.—adv.

PUNKIN CENTER

Mr. Editor:—

Me and Spanish have been dillified many times during our 75 years of life, but you have dillified us worse than we have ever been before. We took you to be our friend, but we have found out different. By not publishing our letter until after the election, you caused us to be defeated. We asked you for your vote and your superfluity but you didn't give us either. We have always sent you the best grass killer we had, but the next gallon we send you will be mean enough not only to kill grass, but will kill bull rush. By your act you have forced us to go on the branch again, and you know what that means. We are too old to work on the farm, so we are bound to do something to be able to feed the young monkeys and presidents who are now crying for bread and we have none to give 'em. All of our friends around here are mighty bitter against you for causing our defeat, but the most bitter one is Mr. Gourdvine. He is very fond of grass killer, and he knows that our defeat means a dry time for him, as Ben Meadows watches him too close every time he goes to town. But we have very forgiving hearts so if you will promise us not to do so any more, we will forget it and start even again. We are not a bit afraid of Sheriff Tanlac catching us. He don't want us. Our grass killer is all he is after. He knows mighty well that if he sends us to the road, he can't get any more of our good grass killer to store away in his smoke house for his personal use as he has been doing for the last several months. Now that we are friends once more, we will tell you what we want you to do. We want you and Mr. S. K. to have a fish fry at Punkin Center some night and invite the Sheriff. This is to get him away from home so that we can break into his smoke house, not to get meat, as there is none there, but to get that grass killer that belongs to us. In order to keep him on the pond a sufficient length of time, you had better bring along a gallon of G. K. Then he will stick to you as long as the licker lasts if it is all night. If by chance we should happen to find a piece of meat, we will give it to you, and also give you half of the grass killer to pay you for your part in the scheme. Keep all this to yourself. President and Monkey.

Soon Felt Improvement

"The first time I took Cardui I was in an awful bad way," says Mrs. Ora Carille, R. F. D. 5, Troup, Texas. "I went fishing one day. A heavy storm came up and I got soaking wet in the rain. I was afflicted with awful smothering spells. I could not get my breath. My mother had some

in the house that she was taking, so she immediately began giving it to me. In a few days I got all right. "Last fall I got run-down in health. I was weak and puny and I began to suffer. I would get so I could hardly walk. Having taken Cardui before, I sent to the store for a bottle of it. Almost from the first dose I could feel an improvement. "Cardui has helped me a lot and I am glad to recommend it. I don't feel like the same woman I was last fall. My appetite is good now, and I'm sure it's Cardui that's made it pick up."

Editor and General Manager. WILL ROGERS

An Unknown Historical Fact

DID you know that George Washington, The adopted Father of our Country, just before he got on the Ferry to cross the Delaware for the Photographing of that now famous Picture, Did you know that he smoked two sacks of 'Bull' Durham while he was waiting for the Ferry? (things were just as late in his War, as they were in our last one). Now I have never heard of this 'Bull' Durham episode before, neither have I ever heard it denied. So if it's never either been affirmed or denied, there is no reason to disbelieve that it's not true. 'Bull' Durham originated in Virginia, and Washington lived in Virginia, and he was a great man to patronize home industries. And as Washington was the best man of his day, and Durham the best tobacco of its day, there is no plausible reason to doubt that these two most excellent Institutions didn't readily recognize the good in each other and get together.

Will Rogers

SIXTY-FIVE YEARS AGO!

In 1860 a blend of tobacco was born—"Bull" Durham. On quality alone it has won recognition wherever tobacco is known. It still offers the public this—more flavor, more enjoyment and a lot more money left at the end of a week's smoking.

To Stop a Cough Quick take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVES' O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Groves' O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 50c. Just ask your druggist for HAYES' HEALING HONEY.

Here's a Chance for Club Boys

The following clipping from the Progressive Farmer should interest Franklin County boys:

A four-year scholarship in agriculture to North Carolina State College, worth \$600, will be given by the educational bureau of the Chilean Nitrate of Soda to the boy growing the most corn on five acres of land, using nitrate of soda as the sole source of nitrogen. The money is now at the College on interest and will be given to the winner in four equal payments, including interest, at the beginning of each College year. The money can be used only towards defraying expenses in a course of agriculture, and any boy who can pass the entrance requirements for the freshman class in September, 1926, can enter the contest. Club members are urged by J. M. Gray, State Agent in charge of Farm Demonstration Work, to take part in this contest and make an effort to win the scholarship.
