### THIS WEEK'S CROSS WORD PUZZLE

You owe this week's enjoyment to Leo Canfield, who designed this cross-word puzzle. We don't know what to tell you about it, except that it is short and snappy, contains simple, easy words, and you should be able to complete it in twenty minutes. However, if you don't, you needn't feel too badly about it. You'll probably have lots of company in your defeat.

#### NORTH CAROLINA FARM CO-OPS MAKE BIG STRIDES

Fully 71 per cent of the farmers in North Carolina do business through cooperative organizations, according to the Sears-Roebuck Agricultural Foundation which reports more than 1500 per cent gain in membership of farmers' business organizations in the state since 1915.

Ten years ago the membership of the 74 farmers' cooperative organizations then in existence in the state was 10,000. Today, the Foundation states, the figure has jumped to approximately 152,000, while the number of organizations has dropped to 53.

Fruit and vegetable cooperatives head the list of farmers' cooperative efforts in the state with 12 distinct organizations, according to the Foundation. In addition there are many miscellaneous groups embracing activities in cotton, forage crops and other lines.

Two-thirds of the farmers' organizations in the state are incorporated, but only about one-half report paying stock dividends, the Foundation finds, seventy-one per cent of the organizations limit membership to members-producers.

Cooperatives have become an important factor in American agriculture, according to the Foundation. Two and one-half million farmers out of 6,500,000 in the United States now do an annual business in excess of \$2,500,000,000. This is an increase of nearly 200 per cent in the number of organizations since 1915 and an increase in membership in the same period of nearly 300 per cent.

Many rural mothers will attend the short course for farm women to be held during the week of June 15 to 20 as a part of the summer school activities at State College.

#### To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues.

A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough.

Both remedies are packed in one carton and the cost of the combined treatment is 25c.

Just ask your druggist for HAYES' HEALING HONEY.

The demand for milk in Goldsboro has been decidedly increased as a result of the recent campaign by the home demonstration agent to encourage milk drinking. Some milk now has to be shipped in each day to supply the increased demand.

## ANNOUNCEMENT

We take pleasure in announcing to the cotton farmers in Justice and surrounding communities that we have purchased a new model Gulley gin outfit and will install it at Justice. We will be ready to gin your cotton to the best advantage when the season opens, and will buy your lint cotton, seed cotton and seed at the top market price. Give us a chance to serve you.

Respectfully,

### J. C. Wheless & Sons

**Fence Posts That Last**

Concrete fence posts need no paint or repairs; they cannot rot, but grow stronger with age. They present a neater, more efficient appearance and hold the wires securely—forming a safe enclosure for field or yard. They can be made indoors during the winter and set up in the spring.

If you make them yourself your building material dealer can give you an Atlas book that tells you how—or he can direct you to a concrete products plant where you can buy them ready made.

Of course, you will want to be sure your concrete is made with Atlas Portland Cement.

**ATLAS PORTLAND CEMENT**
