CITIZENS' MILITARY TRAINING CAMP.

Fort Bragg, N. C., July 13.—The CITIZENS' MILITARY TRAINING CAMP at Fort Bragg is now well under way and the young men from the eight south-eastern states are browned up like veterans. The out-of-door life is evidently to the liking of the young men.

At 5:30 every morning, the candidates hear the first strains of the bugle and in fifteen minutes all are dressed and assembled for roll call. They are given a quarter of an hour physical drill followed by breakfast which is waiting them in the "mess-tent." The call for mess is one time when no difficulty is experienced in securing a prompt and full attendance. The camp is then "policed" or cleaned-up and drill starts promptly at 7:30.

During the past week the Basic candidates have been given a course in citizenship and first aid, dismounted drill, instruction in how to handle a rifle, preparatory to actual firing on the target range, and movies illustrating these various subjects. The Red Cross men have been instructed in the same subjects excepting for the rifle. In addition they have been at pistol target practice, mounted instruction learning draft and equitation, and nomenclature of the French 75s which they will fire on the range later in the course. The White, or third year, students had advanced instruction in equitation and mounted drill, topography and orientation teaching them how to read maps, and communications and reconnaissance. In all drills they act in the capacity of corporals. The Blue, or senior, trainees have covered the same subjects as the Whites but of an advanced nature and in addition have had field artillery gunnery so that they will be qualified to conduct the firing of the 75s when they go on the range. At drills they act as sergeants.

At noon all drill has been completed for the Basics and Reds, the Whites finish at 2:30 and the Blue at 3:30 P. M. When drills are over, the men are engaged in various types of athletics. Swimming and the Red Cross Life Saving Course have an enrollment of over 500 candidates. A base ball league, boxing classes and tennis tournament have been started and have their quota of enthusiasts. It is the policy of General Bowley to have every young man engage in some type of athletics to his physical betterment.

On Wednesday, July 8th, the C. M. T. C. had its first Dress Parade and the showing of the young men was far above the expectations of the regular army instructors. Over half of the men never had had military training yet after a weeks work their appearance was exceedingly creditable.—1600 tanned young Americans in uniform.

Saturday evening, July 11th, was featured by a dance for the students sponsored by Mrs. Wills, the C. M. T. C. Hostess who is looking after the welfare of the young men.

The religious side of camp life is administered by three chaplains. Attendance at church is not compulsory but it is a noteworthy fact that most of the men attend all services.

Wednesday, July 15th, is designated as Governor's Day at which time the activities of the camp will be inspected by the Honorable Angus McLean, Governor of North Carolina.

The health of the command is exceptionally good there being no cases of serious illness, the ailments reported being of a minor nature.

Visitors' Day will be July 29th, and an interesting program has been arranged which will appeal to the parents and friends of the candidates.

MOSQUITOES

Why Be Bothered Again By These Little Pests?

If mosquitoes buzz around your porch, your bedroom or if you are fishing or camping, Cru-Mo lightly spread over parts of your arms, the back of your hands, and your forehead, will be cooling and refreshing and will positively keep mosquitoes away.

It does not evaporate like old-fashioned oils, and locs its effect in a short time.

Unexcelled for children and babies, especially while sleeping. Cru-mo is white, stainless and agreeable to the skin.

Cru-Mo prevents the bite and relieves a sting. All druggists. Tube 25c. Adv.

To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVES O-FEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup.

The healing effect of Hayes' Healing Honey is due to the throat combined with the healing effect of Groves' O-Fen-Trate Salve through the pores of the skin from which it is absorbed. Both remedies are sealed in one carton and the cost of the combined treatment is 50c. Just ask your druggist for HAYES' HEALING HONEY.

***** Your Conversation ***** "GET THE SACK"

One of the terrors which the wage-earner sometimes faces is that of losing his job, in other words, "getting the sack." Workmen formerly carried a sack of tools to their work. When they were fired their sack was given them to pack up. The expression is also reminiscent of the custom of a certain artisan, who disposed of his extra wives by tying them in sacks and throwing them in the river.

MONEY TO LEND ON IMPROVED farm lands. 8 per cent interest. No commission, no bonus. May run for 25 years or be paid off at option of borrower. Only a short time required to get the money. ANTHONY & BOULANGER, 108 S. B. & N. NEWELL.
