Foreign Advertising Representative THE AMERICAN PRESS ASSOCIATION

Entered at the Post Office at Louisburg, N. C., as second class matter.

Houdini, who can get out of anything, paid an income tax of \$41.

The new road through Hayesville township is a credit to that prosperous section of Franklin County.

Reports show that James J. Walker, Tammany choice, was nominated for Mayor of New York, defeating Mayor Hylan in Tuesday's primary.

Robert M. LaFollette won the nomination on the Republican ticket in Wisconsin to succeed his father as United States Senator, Tuesday. The election will be held on September 25th.

Everybody is getting ready for a big Franklin County Fair and a larger number of exhibits are expected this year. Look around your home and farm and find something of value and place it on exhibit.

Babe Ruth showed himself a real man as well as a real baseball player when he expressed a willingness to frankly apologize for his attitude of defiance. Only the pee-wee brain declines to admit error in conduct.

King George recently reviewing one of his Scottish regiments had to appear in the customary kilts. It is a good thing His Britanic Majesty is not a general in some of the West African regiments, and slated for review.

We are told that a firm in Wisconsin is turning out paper raincoats retailing from 10 cents to 59 cents. The development follows in line with the paper shoes that have been selling from \$8 to \$10 for the last few years.

The Needleman case has been repeated on a man by the name of Blanchard near Monroe by a hooded band. This kind of lawlessness should be stopped and it is to be hoped the guilty parties may be caught and punished.

Prussia will now restore \$50,000,000 in property to the Kaiser. The royalists control the German courts, we are told, and so that settles that. The next step will be to declare the republic unconstitutional and fix another tag day.

"Baby Bootlegger" easily ran away from its rivals in the speed boat races recently in Long Island Sound. Baby's father and mother have shown the coast guard boats their heels for a long time. There must be something in the strain.

NATION-WIDE SURVEY OF PEACH INDUSTRY BEING MADE

Raleigh, Sept. 15th.—The United States Department of Agriculture is at present engaged in a nation-wide survey of the Peach Industry. The object of this is to supply growers with the information that they have needed in the past to make reasonable profits growing peaches.

Much difficulty has risen from the fact that plantings have been made without a knowledge of the amount of competition in the markets between varieties in one area and those in another, and without sufficient information as to the buyers likes or dislikes in the matter of variety and quality of peaches. In other words, growers planning new developments have often been going it blindly. This to a considerable extent, has been unavoidable because the necessary information was not to be had.

With this in view the United States Department of Agriculture, in cooperation with the state experiment stations, state departments of agriculture, state horticultural societies, various marketing agencies railroads, and individuals, has started a thorough study of the entire peach industry. Enthusiastic support has been given by all organizations, but the success of the survey will depend upon how carefully and promptly the growers lend their support.

A part of this study is a complete census of all peach trees on farms of

100 trees or more, and an inquiry has been sent to all commercial peach growers in North Carolina and other states calling for a classification of their trees according to age and varieties.

This study is to be completed at an early date. Prompt reports from all growers will save much time and expense for follow-up work. Schedules was sent out from the Co-operative Crop Reporting Service at Raleigh on Sept. 11th. In case any grower has failed to receive one of these, it will be appreciated if he will request one from the Crop Reporting Service at Raleigh.

This report is intended solely for the growers benefit and the Department of agriculture requests the enthusiastic cooperation of all North Carolina peach growers.

Colored Graded School Opens Under Crowded Conditions on Tuesday, September 8th.

(By George C. Pollard, Principal)
 The Colored Graded School opened on Tuesday morning, Sept. 8th, with the largest number in the history of the school. Our first week's work closed with much satisfaction to all. The boys and girls seem to be deeply interested in their books. The parents of the children are more anxious about their coming to school than ever before. We have about 15 boys and girls who have finished the Graded School in the last two terms, and have gone and will go to the different schools of the State. Those who have already gone have made 1st and 2nd year high school. I think this speaks well for the work we are trying to do under such crowded conditions. We will continue our talks each morning in the school along the lines of honesty, industry and politeness. I count this just as much a part of our work as teaching books. We have made some new rules in the school for the entire term. One is that no boy or girl will be allowed on the school grounds any time during the time of the school unless they're registered as a scholar. I am going to do all in my power to break up loafing and loitering around among my people. I always feel deeply grateful to our most excellent Supt. W. R. Mills who seems so ready and willing to always advise and give me instructions just how to run and conduct the school so it will render the best service possible. It is a fine thing, to try to do your work, in such a way, so you can win the confidence and respect of our leaders of the Colored race to teach leaders of the Colored race to teach and sow the right sort of seed in our young people in order that we may reap the right sort of harvest. We need to get our young folks to think seriously about life, and seize every opportunity to make a better community. No class of people have a better chance to help to do this than the teachers. This is my 25th year as a teacher in this community, and I am anxious for this to be the best and sweetest of all years to me. Words can never tell how much I love and owe to Louisburg. Every colored person in this community ought to feel thankful to God for such a fine town and for such fine good staunch white citizens. In all of my life I have never seen white people anywhere take such deep interest in their colored people. This is a blessing that should be deeply appreciated by every colored person.

The Quality Keeps High Up While The Price Is Kept Down on "OUR SPECIAL" Coffee—And That Keeps It In Demand at L. P. HICKS. 9-18-2t

NOTICE TO THE PUBLIC

That we are ginning cotton with a New Gullet Gin outfit selected and kept in good shape by T. K. Allen. To those who know the Gullet gin I feel that enough has been said as to equipment. As to terms I will meet competition. Will give you cash for cotton and seed at market price, and will exchange meal for seed. I can furnish you what timber you want for plantation purposes. I have just gotten back from Richmond and feel that we can supply your wants. Ladies Hats, Sweaters and Piece Goods, Men's and Boys' Clothing, Overcoats, Hats and Caps, Star Brand Shoes a specialty. A full line of Heavy and Fancy Groceries, Flour, Shipstuff, Salt, etc. Our motto is "To Live by the Side of the Road and Be a Friend to Man." 9-18-1t J. D. ALSTON.

FARMERS QUESTIONS

Involving Farm Problems Effecting Franklin County.

Answered by Cole Savage, County Agent

"I want to have my chickens culled. When and how can I have it done?" Now is the time for poultry culling. The Extension Service, in the attempt to do everything it can to serve you, has arranged for a specialist to spend a week in Franklin County giving poultry culling demonstrations. That week is next week. Demonstrations will be held at the following places at which nearby poultry raisers are invited to come and practice poultry culling that they may know how to cull their own flocks. Monday, Sept. 21, Franklinton township, with Mrs. S. B. Nash, 3:30 P. M. Tuesday, Sept. 22, Gold-Sand, with Mrs. W. E. Watson at 9:30 A. M. 3:30 P. M. at Cedar Rock. Wednesday, Sept. 23, Louisburg with W. H. Allen, at 10:00 A. M. Wednesday, Sept. 23, Bunn with Mrs. Mac Mullen at 4:00 P. M. Thursday, Sept. 24, Moulton-Hayes, with Mrs. D. T. Fuller at 9:30 A. M. Thursday, Sept. 24, Roberts with C. W. Roberts at 3:30 P. M. Friday, Sept. 25, Seven Paths, place to be announced later.

It will be impossible for the Extension Service to cull the thousands of flocks in Franklin County but we are anxious that all those who want to learn how to cull may have the opportunity. Hence these culling demonstrations. Attend the one nearest you. The farm agent and the home agent will attend these demonstrations and give all the assistance they can.

H. A. McGee, Extension Tobacco Specialist with the Oxford Tobacco Station, Oxford, N. C., has resigned to go to Australia to look after the interests of the British-Australian Tobacco Co. relative to growing tobacco there. He is leaving Oxford next Tuesday, Sept. 22, for San Francisco where he will sail for Sydney, Australia. Mr. McGee put in the Franklin County tobacco fertilizer test with W. T. J. Eaton, of Franklinton, last spring and has many friends and well-wishers in this county. He extends his personal greetings to all of them the greatest prosperity in a letter to a Franklin County friend.

FAMILY RE-UNION

The home of Mrs. Lela Smith, of Cedar Rock, was the scene of a pleasant family reunion on Sunday, Sept. 13. About eleven o'clock the guests assembled, bringing baskets of good things to eat. While the older people arranged for the picnic spread, the younger people made the occasion all the more enjoyable, by playing and singing familiar songs.

The spread being prepared all partook of a most bountiful and appetizing feast consisting of ham, sausage, chicken, salads, vegetables, pies, cakes, pickles and cream.

Then, old and young together, in singing hymns of praise. The occasion will be remembered by all, whose good fortune it was to be present.

The families present were those of Mrs. Smith, Messrs R. A. Jennings, J. O. Sledge, T. H. Sledge, W. R. Fulghum, A. L. Daniel, R. T. Daniel, Morris Murphy, W. M. Morgan and Richard Jennings.

CARD OF THANKS

I wish to extend my greatest and most sincere thanks and appreciations to our neighbors and friends for their many kindnesses and expressions of sympathy in the recent illness and death of my mother. They will be long and tenderly remembered. W. M. FREEMAN.

"The Advance Will Not Be Cut— The Grade Will Not Be Changed!"

THIS IS General Manager RICHARD R. PATTERSON'S Pledge to the members of the Tobacco Growers Cooperative Association

Last week Mr. Patterson, with the bankers' valuation experts, made a survey of the markets in Eastern North Carolina and from them he received assurance that the Federal Intermediate Credit Banks will continue its support of the Association to hold the price of tobacco up.

Growers who will receive full value this season have pooled their tobacco. Conditions responsible for low prices on auction floors are bound to adjust later. The tobacco which is marketed in an orderly way will be the tobacco which will show a profit when this adjustment comes.

WHAT IS THE ASSOCIATION GOING TO DO?

READ MR. PATTERSON'S REPLY TO THIS QUESTION:

"The Association is going to do just what it has done since organization: Provide for the grower a service corporation which will enable him to market his tobacco in an orderly way. UNLESS AND UNTIL THE GROWER AND THE BUSINESS MAN AVAIL THEMSELVES OF THIS SERVICE, NO POWER BENEATH THE BLUE CANOPY OF HEAVEN CAN DO ANYTHING ABOUT THE LOW PRICES THE GROWERS ARE NOW RECEIVING."

The Tobacco Growers Cooperative Association
