TO THE FARMERS OF FRANKLIN COUNTY AND THE PUBLIC GENERALLY

I take this method of extending you a hearty welcome to our town of Louisburg.

I believe our market for both Cotton and Tobacco will meet the competition of any market in the State, and our merchants are always alert to the interests of the farmers and not only meet competition from our neighboring towns but in many cases offer greater savings.

As Mayor I shall see that you are shown every civil courtesy and consideration on the part of our officers and citizens. I want you to feel that you are one of us and a part of your County Seat. Lets blot out the imaginary lines dividing town folks from country folks. We are all one people, members of the same county, and own jointly

Every man, regardless of whether he lives in town or in the country shall be treated alike and allowed the same privileges in our town while I am Mayor of your County Seat. The only object in laws and their enforcement is for your protection.

Louisburg is the best town in the State. Lets join hands and make it still better. With best wishes.
