Window Shades All Colors Standard Size Guaranteed Rollers 2 for \$1.00

This Week'S A BIG UNIVERSE. ADVERTISING PAYS. WHO 100% MEN OR WOMEN. NON STOP OCEAN TO OCEAN.

Latest scientific statement concerning this universe, in which we are less than microbes, and the earth less than a grain of dust, startles you. Our sun, a million times as big as this earth, is only a speck in what men have called "the universe," which contains countless millions of suns, some a million times bigger than ours. It's hard enough to think of such a universe as that.

And now the wise Dr. Hubble, of Mt. Wilson Observatory, tells the California Institute of Technology that a million "universes" such as ours are visible at horrible distances from the earth.

Examine an atom, and you find a central body around which revolve other bodies as the planets revolve around our sun. These electrons revolve around the nucleus billions of times in a second.

Atoms, of which you could have millions in one corner of your eye without noticing them, are small solar systems. Our sun and its planets constitute one atom in our universe. That universe in turn is one atom in the entire universe. Where in that overwhelming space are the heaven to which we look forward and the other place that we dread? Leaving this earth in a straight line, traveling at the speed of

Fifty chickens stolen from an Indiana farm, came back. We thought it was the cat that always come back.

Tight, 186,000 miles a second, it would take you one hundred million years to get beyond the telescopic maze of the universe. No wonder it says in the Bible, "In my Father's house are many mansions."

When common sense sees Davis says to the Countess Maccart, "Come on in." Strong-minded American women were indignant because Lord Craven was admitted here without question, whereas the Countess Maccart was shut out. These were the two whose elopement shocked our pure authorities. The double-sex standard proved too much for our clean-minded, strong-minded women.

Observe the power of advertising even when it isn't very good advertising. The Countess lands from Ellis Island with a contract to appear on the stage at a high salary. She wouldn't have got that without the assistance of Uncle Sam.

Professor Raber tells the American Association for Advancement of Science that, "Viewed from the sex angle there are no one hundred per cent men or women." The sex of the human race is "primarily determined by the chromosome content of the egg cell." With complete respect for Professor Raber, after inspecting the Parisian and American divorce court news, you think those egg cells have done well enough, from the days of Mrs. Potiphar to these modern days.

An Englishman has just flown from London to Cape Town, South Africa, nearly 9,000 miles, in ninety hours. At the same rate, the New York to San Francisco, or Seattle, trip would take about thirty hours--from New York to Chicago, less than ten hours. That speed will be doubled and non-stop flights from ocean to ocean will be made within twenty years!

Washington authorities, by President Coolidge's order, of course, have closed the Mexican border between San Diego and the assorted dives of Tia Juana at 6 p. m. The daylight hours are not the best for dives, and the dive inhabitants are leaving.

Tia Juana owners of gambling houses and similar resorts, a majority of them United States citizens, by the way, petition President Coolidge to cancel his 6 p. m. order. To that President Coolidge will turn a very cold Vermont ear.

Business outlook is good except for those wanting something for nothing, and even they may get the nothing.

PERSONALLY By Cole Savage

I have just returned from a hasty trip to Franklin county. I went to get some wooden rollers from the veneering plant with which to make nitrate of soda crusher rollers for Harnett county. I thank Mr. Cox for rollers and assure him they will be used for the public.

The one regret of this professional visit was that I did not get to see and talk with all of you. I saw your extension workers and talked with them about the progress of the work for a short while. I hope to see you on my next trip.

Farm agent Hugh Harris is wide awake to the farmers interests. One of the first things he said to me was, "If you don't write something for the farmers in your letters you will get in Dutch." Hugh, I try to write something for the farmers in every letter but it is different from what we, as farm agent, are paid to write on agriculture. You are the agricultural information for Franklin county.

Miss Daisy Caldwell had a number office callers Saturday afternoon. She gave a salad dressing demonstration to one of them while I was there. The mayonnaise behaved just like it always does when Miss Caldwell is beating it. Why shouldn't it? When she finished I'll say the salad was dressed.

What you write is silly; why don't you write something funny?" is one comment one Franklin county boy makes on these letters of mine.

Seen through my windshield be-Louisburg and Lillington: A bluebird basking in the sunshine; two men on their knees riding in a truck; a chubby girl shearing the hedge; a colored man splitting church stove wood; two children with all-day sucker stems sticking out of their mouths; an iron stare from a woman driver; two bird houses nailed on pine trees; a quartet consisting of a mule, a negro, a wagon and a bale of hay; two people sitting on the front seat where one sat before; a blustering March wind ways me from side to side on the highway; a negro patching a tire tube in front of the Governor's mansion; a stump puller in action, ragged, uprooted stumps sprawling all over the field; near Franklinton, the ground underneath the pines green with straw beaten off by the recent hail; two good locations for forest thinning demonstrations in Harnett county, both long leaf pines; heard, "let us ride," from two colored strangers on foot; I am overtaking a car, and its boiling over on level ground, I can see the drops patting the ground, two ladies are the only riders; numerous yellow tube mail boxes with the inscription, "We read the Raleigh Times;" I thought, "We read the Franklin Times;" "the kind that men of keen judgment become wedded to." is the inscription on one

of the new road advertisements. A beautiful American woman is on the right and a package of cigarettes on the left; the sun is low and shining directly in my eyes and I cannot see.

ROCK SPRINGS ITEMS

Our school is progressing very nicely now. The house has a new coat of paint which adds greatly to the appearance of the building.

Our Sunday school and B. Y. P. U. are improving. We now have a standard Sunday school. Our pastor, Mr. Clemmens seems to have put a new spirit into the work.

Misses Gladys Strickland, Patsy Rogers and Messrs. Cliff Stallings, Jarvis Perry, John Phelps and Hezekiah Strickland were callers at Mr. H. A. Stricklands Sunday afternoon.

John Russel Edwards gave a party to a few of his friends last Friday night. Those enjoying his hospitality were: Misses Lena and Jodie Cheaves, Mollie and Emma Place, Annie Moore, Irene Card, Bessie Perry, Frances Chamblee and Patsy Rogers, Messrs. J. B. and Roy Perry, Ed and Rufus Place, Rufus Strickland, Jessie Robins, Ruffin Cheaves, Clarence Card, and Hezekiah Strickland.

Mr. Bennett Strickland was thrown from a stalk cutter last week. His injuries did not seem serious at the time of the accident, but he has fallen several times since while at his work, and doesn't seem to be recovered now.

Mrs. Graham Dickerson visited her mother and father Monday.

Misses Patsy Rogers, Frances Chamblee and Mr. John Phelps motored to Louisburg Monday night to see the "Keeper of the Bees."

Mr. D. M. Clemmens spent Saturday night at Mr. R. H. Place's.

Miss Lena Cheaves spent Saturday night with Miss Emma Place.

Messrs. J. B. Perry, Ruffin Cheaves, John R. Edwards, Ed Place and David Tant were callers at Mr. Z. L. Cheaves Sunday afternoon.

Miss Annie Moore spent Saturday night with Miss Corenna Hicks.

There has been right much sickness in the community, but all are better now.

MT. GILEAD W. M. S.

The Mt. Gilead Missionary Society met March 6, 1926, at Mt. Gilead and the following program was rendered:

- Song, "I'll live for Him." Devotional, Merle Bailey. Life of Joseph, Mrs. J. E. Nelma. The Lord's Prayer in union. Life of David, Mrs. W. E. Joyner. Song, "Have Thy Own Way Lord." Dismissal, Mrs. K. E. Joyner.

A Boston woman walked forty-four miles in eleven hours on a wagon and others dance the Charleston.
