

### MISS ANNIE LEE SPEAKS

To Members American Legion Auxiliary in Louisburg On Monday

Miss Annie Lee, State President of the American Legion Auxiliary visited the local unit here on March 22, and spoke to the American Legion Auxiliary at the home of Mrs. B. N. Williamson. She has a charming personality and all those members of the Auxiliary who were privileged to hear her speak were unanimous in their praise of her and the subject on which she spoke, which was, of course, the work that the A. L. A. is doing. She has recently attended several conferences of other organizations, among which was that of the U. D. C. at Elizabeth City and the D. A. R. at Charlotte also our own conference and she wonders if we really appreciate what our organization is doing. "We are an auxiliary to the largest service men's organization in the world," she says, "we take our entire strength from the men's Legion, their mother's, sisters, and wives. We women of the Auxiliary have a bond of sympathy that no one else can have. We are in it because someone of our very own gave or offered their all for our country."

"They brought into being the American Legion, then a little later they looked about to see what organization they could find to be their helpers, and it was given to us, their wives, mothers and sisters to be the American Legion Auxiliary. "I think we should never lose sight of this fact. It seems to me that to do this work we must give our best and knowing less than our best would be wrong."

The American Legion Auxiliary is the heart of the American Legion. There are many organizations of Daughters but only one wife. "It seemed to me that any woman to whom the privilege of belonging to this organization is presented could not afford to be envious, if only for sentiment as we women are accused of being creatures of sentiment, but if we leave out the question of sentiment our American Legion Auxiliary has justification in being for its work. Service, a word that has been worked hard in many organizations, is our motto."

"I think we might say very truthfully that the World War veteran is the real heart of the American Legion and the disabled veteran is the heart of the American Legion Auxiliary."

"We first think of the veteran in our own community. There lies our first opportunity, should the American Legion Auxiliary become an hereditary society, which it will become, it will take up historical and many other kinds of work, but now we have with us the disabled man and his children. It will not be left for our grand-daughters should they then be organized, to do all this work. "It has been estimated that the greatest number of disabled will not be reached until 1933, so our field for work is increasing. Every day 15 men now disabled are leaving us so our opportunity of service is also slipping away. The number of disabled who are breaking down is greatly increasing. "It is estimated that in the 1990's we will still be caring for a few of the veterans, that will I am afraid, be done by our daughters. There are more than 200 mentally incompetent veterans in N. C., only 5 of which are in public or private institutions. There are many of these who are receiving compensation and it is our responsibility to see that those men are justly treated and that the funds provided by our government are expended for the care of those men. "Oteen is our particular problem or I should say opportunity. The Department of North Carolina is particularly blessed in having this opportunity for service. I wish we could take our entire memberships to Oteen and see what it is doing. You have no idea how much what you are doing for them means to them and how they appreciate it. I feel that we are particularly blessed in having Oteen. "There are now around 800 patients at Oteen but the number varies from time to time. We have an arrangement by which the States with no hospitals can help those with them. This is through the National Rehabilitation Fund. Wisconsin began this fund. She had a large Auxiliary membership, plenty of funds and it did not know where to put them so the plan was worked out whereby each state should pay so much to this fund. So far we have had no help from this National Fund, except they gave us \$100 on the sanatorium at Oteen, but we have had such splendid response from our own state that we have not found it necessary to call for help. At Oteen, next to North Carolina, there are more from Pennsylvania than any other State. "Next to the disabled veteran comes the disabled man's child. Again our first responsibility is at home. Even if we had no organization we would care for our children first. We cannot afford to let the children of disabled veterans go uncared for. "Explains about community service at Oteen, how she cares for the children, takes them to the regular Friday and Saturday clinics, this beside nursing

### OXFORD ORPHANS VISIT LOUISBURG

Record breaking crowd attended the Oxford Orphans concert given at the Winer Theatre on Thursday night of last week, and all gave it their hearty approval of being one of the best of its kind ever witnessed here. The program had been well arranged and consisted of recitations, vocal and instrumental music, etc., and the rendition did credit to the many little ones taking part and their instructors. The receipts for the evening were very encouraging and our people were indeed glad to have the class with them again.

### JUSTICE ITEMS

It has been some time since you have heard from us. Well we have been visited by the influenza and haven't felt like telling our troubles. We are glad to report an improvement, though there are a few cases yet. We are very sorry to hear of the continued illness of one of our teachers, Mrs. B. S. Rice, and wish for her a speedy recovery. Miss Emma Hayes is supplying for Mrs. Rice. Mr. T. L. Stokes, of Lynchburg, Va., work in the school room after several days absence on account of illness. Mr. T. L. Stokes, of Lynchburg, Va., visited his people here the past week. Mr. Bernard Stallings, who is located at Philadelphia, is spending a while with his relatives here. We were very sorry to hear of the misfortune of Mr. Jeff Boone, who got his leg broken last week and is in a hospital at Rocky Mount. Very little progress has been made toward farming on account of the continued wet weather. Plans are being made for commencement which is only about a month off. We have a Parent-Teachers meeting every month which is very much enjoyed by all who attend and every body is invited to come. Mr. Albert Pruden, of Rolesville, visited our village Sunday. "BELL"

If you are able to think things will be better when you know they won't, then you are an optimist. Our observation teaches that in many instances love is fortunate to be blind. North Carolina spent too much money on fertilizer not to use the kind suitable for their crops and soils, say agronomy workers.

when necessary, procures milk for the undernourished, arranges for operations etc., for the children and families of the Oteen patients who live near the reservation. The men with families think this is the biggest work the Auxiliary has ever done, placing this nurse there. It is such a mental relief to feel that their families will be cared for while they are in bed. Miss Lee then tells about the bills that are being built for the orphans of veterans, how the Auxiliary has bought and maintained a billet at Otto Lake, and what a relief it is to an ex-service man to know that there is a home for his child when he is gone. The Auxiliary is asked to stay in readiness to investigate cases where children who are under the care of the Veterans Bureau, who have guardians, and see if they are receiving the proper care. She then goes into detail about the poppy program and she wants each unit to be sure it is getting the poppy made by the patients in hospitals. The official poppy which is marked with a tiny tag on which is written "American Legion and American Legion Auxiliary." The veterans who make these poppies receive a penny a piece for each poppy and the proceeds from the sale of them is used for some form of welfare work among veterans. This buying and wearing poppies is a wonderful thing and she wants us to be sure and buy the official poppy. She also speaks of Americanism and how important it is that we teach our children to be the best citizens. Miss Lee states that the Legion initiates all legislation and the women second it. "Any legislation the Legion institutes we can second. It is always for the disabled that the Legion is asking—not for the man who served but for the disabled buddy."

She speaks of the bill now pending in Congress in favor of the disabled veteran and states that it is well for the women to keep our Senators and Congressmen reminded of how we feel about it. This is membership year and we should ask and invite all those who are eligible to come into our folds. In her own words "membership in the American Legion Auxiliary is a priceless heritage, something that cannot be bought, sold or given and when a woman does have an opportunity to join this organization it seems to me that she should count it a privilege that she cannot afford to pass by." After Miss Lee's talk a very enjoyable social hour followed during which a salad course was served. Miss Lee was kept busy during this time explaining different phases of the work but as she was due in Spring Hope for a meeting at 6:30, this meeting was adjourned until its next regular one in April.

### FORTY-TWO HOSPITAL CASES Found At Clinic Last Thursday

Means Probably That Many Children Will Be Made Normal; Eighteen Vocational Training Cases; Great Success

The Orthopaedic Clinic held in Louisburg on Thursday of last week was a big success from every standpoint, according to the comments of Supt. E. C. Perry of the County Welfare Department, who says there were sixty odd cases, presented for examination and disposition. Of this number there were seventeen white and six colored hospital cases, five white for treatment, six white and seven colored with no recommendation and one white case that was classified as hopeless. Quite a number made application immediately for hospital treatment and since that time several have gone to the hospital for the necessary treatment. It was a most touching scene to see so many children crippled or deformed, who until a few years ago had absolutely no hope for the opportunity of a broader life that it might become a useful and successful citizen. But it was also encouraging to know that assurances of complete recovery was held out for the majority of those present at this clinic. In addition there were eighteen who were recommended for vocational instruction, which will serve to lighten their deformities by placing them in a more independent position in life by being able to provide for themselves. The clinic was under the direct charge of Dr. O. L. Miller, orthopaedic expert, of Gastonia, assisted by Dr. Hugh Thompson, of Raleigh, Miss Emith Tuttle and Mrs. J. W. Davis, of the State Department of Charities and Public Welfare, Mr. H. L. Stanton, of the Vocational Education Department, and Lt. Lawrence Oxley, colored, State Colored Welfare Officer.

Supt. Perry was elaborate in his expressions of appreciation to Dr. A. H. Fleming for the use of his offices and equipment and his cooperation, to the Masons for the use of the Masonic Hall, to the doctors of the county for their cooperation in making the clinic the success it was and to the ladies of the Womens Club for their assistance and for the nice lunch served to the patients while waiting. The only regret expressed by Supt. Perry, was that there were a few others in the county who should have attended but for some unknown reason failed to get the benefits offered them.

The holding of the clinic in Louisburg has had quite a good influence upon many of our people in the necessity and the great opportunity for the work that was demonstrated here Thursday. It has built a better and more wholesome feeling for the work of the Department of Charities and Public Welfare in the minds and life of lots of us.

His second wife was Miss Lavenia Wilson, who survives him. He leaves one brother, Rev. Pat Pinnell, of Clarksville, Tenn. Mr. Pinnell was a son of Reverend Marion and Narcissa Duke Pinnell. ### TWO ACCUSED OF GIVING BAD CHECKS

Franklinton, March 25.—Last Friday two smartly dressed young men came into town in a Flint touring car and before the closing of the banks, one of them, giving his name as Hendricks, drew a check on a bank in South Carolina and deposited it in the Citizens Bank for collection. Afterwards they visited the Sterling Store Co. and made some purchases stating that they would be here for several days representing Crowell and Co., and had made a deposit in the Citizens Bank and offered to pay for their purchases with a check, which was accepted. They afterwards visited J. O. Green's garage and had their car washed, oiled and filled with gas. They told the same tale and gave a check on the local bank for their bill. The same trick was worked on the Franklinton Hotel. In the night they left for parts unknown, but Saturday morning wires were sent to a number of the larger towns and as a result the smart guys were apprehended in Washington, D. C. They did not refuse to return here, so Chief of Police Tunstall went to Washington and returned with them today.

The general impression is that other crimes could be found against them, if it was generally known that they were caught. The car they are traveling in is supposed to belong to someone else. It bears a S. C. license plate, but the men claim to be from Savannah, Ga. They were placed in jail at Louisburg to await trial which was continued at Monday's Recorder's Court.

### IN MEMORY OF LITTLE SAMUEL SIDNEY PARRISH

On Saturday, March 6th, the death angel entered the home of Mr. and Mrs. E. D. Parrish and carried away to his heavenly home, their darling baby. He was born January 24, 1926. We know it grieves them so much to have to part for a while from him, but it is sweet to know that his soul is beyond the sufferings of this world and safe forever in the arms of Jesus. He leaves to mourn their loss a father, mother, six brothers and two sisters. May God bless and comfort their bereaved hearts.

### EXPRESSION RECITAL BIG SUCCESS

Sunday evening at the Methodist Church the Expression Department of the Louisburg College, under the able management of Miss Elizabeth Sheffield Allen, gave an exceptionally fine recital, both as to the good taste in the numbers chosen and the excellent way in which each number was rendered. Two song numbers—sacred solos—added much to the impressiveness of the occasion. The Expression Department under the direction of Miss Allen, a teacher of marked ability and successful experience, has raised the standard of work this year and has in every way come up to that standard, as evinced in the many public entertainments given since the opening of school, both play and recital, which have been of a high order both in technique and characterization. Sunday evening at the Methodist Church the Expression Department of the Louisburg College, under the able management of Miss Elizabeth Sheffield Allen, gave an exceptionally fine recital, both as to the good taste in the numbers chosen and the excellent way in which each number was rendered. Two song numbers—sacred solos—added much to the impressiveness of the occasion. The Expression Department under the direction of Miss Allen, a teacher of marked ability and successful experience, has raised the standard of work this year and has in every way come up to that standard, as evinced in the many public entertainments given since the opening of school, both play and recital, which have been of a high order both in technique and characterization. Following is the program which was given Sunday evening. Sacred Song, Miss Rachel Creech. The Village Singer, Mary E. Wilkins, Miss George Wilcox. The Minister's Housekeeper, Harriet Beecher Stowe, Miss Doris Hancock. Marnelle, Florence L. Guerton, Miss Fay Williams. Musical Reading, Mandalay, Kipling, Miss Lula Purnell. The Stage Struck Girl, Eleanor Hoyt, Miss Lillian Howell. Jean Valjean (From Les Miserables) Victor Hugo, Miss Jewell Clark. Song, Miss Lucy Hayes. One Legged Goose, F. Hopkinson Smith, Miss Anne Woods. An Hour With a Modern Martyr, May Isabel Flake, Miss Cornelia Frittsell. Group of Poems: "Trouble Brings Friends," Edgar Guest; "What Is Success," Edgar Guest; "Just Be Glad," James Whitcomb Riley, Miss Truette Sloan. Keeping a seat at the Benedic, Margery Denton Cook, Miss Rosalie Doolin. Married men are the best bachelors. There is no use for a bachelor telling you.

Mr. and Mrs. E. F. Griffin and Mrs. Julia P. Scott went to Apex Sunday to attend the birthday dinner of Mr. and Mrs. Walter Scott, grandparents of Mrs. Griffin. Miss Annie Lee, of Monroe, State President of the American Legion Auxiliary was a visitor in Louisburg this week. She was the guest of Judge and Mrs. G. M. Beam while here. Mr. T. E. Coggin, assistant Director of Vocational Training in North Carolina visited the schools at Bunn and Cedar Rock relative to providing teachers for the Agricultural and Home Economics Department for these two institutions. He was favorably impressed with the equipment and assured the Superintendent of Schools that he would be glad to recommend to his Department to introduce this work in the fall.
