

GOLD MINE TOWNSHIP SUNDAY SCHOOLS ORGANIZE

Th county president with officers and teachers of several Sunday schools met with Wood Baptist church Sunday afternoon, May 23. The object of the meeting was to organize the Sunday schools in Gold Mine township. The officers were elected as follows: Raymond Shearin, president; N. H. Griffin, vice-president; Mrs. N. H. Griffin, secretary. Talk on "What it takes to make a standard Sunday school," by Prof. T. H. Sledge.

Reports from Wood, Centerville, Sandy Creek and Cedar Rock, all reported having a good Sunday school, good collections with fairly good attendance, but not as good as should be. So lets all try together every member to attend regularly, and invite others to come and join. Lets make our schools, standard schools.

Several good talks on Sunday school work, and how to improve our schools were made by different ones.

The organization resolved to riot whiskey or anything harmful to the Sunday schools.

Lets all cooperate together and make our Sunday schools what they

should be.
MRS. N. H. GRIFFIN, Secy.

TO MY FRIENDS

Owing to an oversight and a misunderstanding I failed to qualify in the time prescribed by law and am therefore debarred from running as a candidate for Constable of Youngsville township this year. I regret this more because of the liberal support promised by my many friends, which I appreciate in the deepest manner. In all probability I will be a candidate in the primary in 1928, and until then lets all rally and select one of the two present candidates with a large majority. Again thanking you I am

Yours truly,
E. M. WHEELER.

A second application of quick acting ammonia like nitrate of soda or sulphate of ammonia will help to bring cotton to a healthy, growing condition.

GET PRICES on soybeans, velvet beans, field peas, beans and peas mixed. I have ten different farms I want to sell. They are well located on good roads near churches, schools and market. I am retiring from active farming and closing out everything. Prices low, terms easy and splendid lands. Write for farm book. let, J. G. LAYTON, Lillington, N. C. 6-4-2t

No Worms in a Healthy Child
All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.
