Splendid Prices Indicated For Tuesday

Warehouses All Put In Readiness To Receive the Weed; Many Buyers Already Here, Others To Arrive Before Tuesday

Everything has already been put in readiness for the opening sales on the Louisville tobacco market set for next Tuesday, September 21st. The warehouses have all been renovated and made ready to receive quite a large quantity of the weed and indications point to splendid prices.

Many of the buyers are already here and others will arrive before Tuesday. It is understood that there will be an especially strong demand for the lower grades, with the steady demand that always brings good prices for the fancy grades.

The spirit of cooperation flowing in flood fashion around Louisville will result in the best of everything for the growers that visit Louisville. There is a determination to sell around six million pounds this year on this market and everybody is pulling for this end. This means a lot more than it might appear to the grower. Come and join the many satisfied growers who sell at Louisville.

THE WOMANS CLUB FOR EVERYBODY—EVERYBODY FOR THE WOMANS CLUB

What does the Womens Club stand for in a community? Ask yourself—you make the club what it is worth in this community—what are you worth? Are you loyal to your organization? Are you loyal to your community? Are you loyal to your country? Just so loyal as you are to them you are loyal to yourself.

When every woman in the Womens Club bends their energy and attention in the same direction, they constitute a unit. Is the Louisville Womens Club a unit? If not, do you, by your negligence, carelessness and lack of interest break the unit and cause the loss of power that only a unit can hold in a community. Vacation is over, everyone has settled for the work, the big work to be done in 1927. What will the women of the Womens Club do with 1927. What of their achievements and the necessary funds to achieve? The entire community is watching you women in the Womens Club, every man, woman and child is looking to you for that inspiration and example of loyalty, action and true community spirit. Let's see the women make the Womens Club for everybody and everybody for the Womens Club of Louisville for 1927 and all ways.

'THE SPICE OF LIFE'

Brilliant Musical Comedy Next Friday Night At 8 O'clock In High School Auditorium

The Womens Club of Louisville, and the Daniel Producing Company under the directorship of Mrs. Belle Simmons of Suffolk, Va. presents on next Friday night at 8:30 a most brilliant feature—big hit two act musical comedy—"The Spice of Life." New costumes, books and music throughout, what a joy! Every line clever and full of mirth of the most refreshing kind. You can't afford to miss this hit in a fashionable New York cabaret.

Rehearsals have been going on all week and Mrs. Simmons declares the talent found in Louisville most unusual for amateurs. She is quite excited about the cast. Come and look it over for yourself.

When you have seen Mr. J. E. Malone as Col Victor Peabody Dodge, a gay old dodger from the South, his lovely daughter Dolly, Mrs. S. B. Berkeley and her College chum Miss Molly Makeup, Miss Margaret Turner, for their first visit to New York and its fashionable and highly shocking cabarets you will understand why Van Bluff, Dr. H. H. Johnson, proprietor of the "Black Cat Cabaret," should fall so desperately in love with Molly, and Jimmie Paxton, Mr. John King should be earnestly rival with Lord Borrowmore, Mr. E. F. Griffin, in the suit for the fair hand of Dolly Dodge.

These three worthy sultors, though young sheiks, have nothing on the gay old Colonel Dodge, as he dodges Miss Trailing Arutus, Miss Katherine Pleasants and the sushy letters he has written her, in the pursuit of the rich hand of the Merry Young Widow, Mrs. Mum, (anything but mum) Miss Babbie Turner, who flirts most coyly.

Miss Green and George the dumb waiter, Mr. Arthur Fleming, as detectives, make many thrilling and exciting blunders in their rescuing of the Colonel's love letters of such value.

What can we say of the manners of Maggie and Jiggs in this fashionable cabaret, who are they? You must judge for yourself. Never could one wish for better service than is given by the waiters under Mr. Van Bluff's able direction, in the "Black Cat Cabaret." Messrs. Arthur Fleming, James Wheelless, James Cooper and Edward Perry, Jr. Should Mr. Ziegfeld risk an eye on our chorus Louisville, would no doubt be minus of eight of its love. Best girls: Misses Annie Taylor, Kitty Boddie, Hazel Allen, Anna Gray Watson, Mary Malone Best, Virginia Beck, Busella Hill and Margaret Wilder, all unusual talent.

Maybe we are all "good" babies in the day time and "bad" babies at night, but little Misses Hazel Boone, Jane Fuller, Miriam Downey, Peggy Ford, Jean Fleming and Rose Malone are unusually "good" and "bad" babies, in their little dance and song skit.

The Womens Club feels unusually proud to have the Frank Wheelless Orchestra, Chorus Girls, Mr. Fred Morris, Jack Brown, Rudolph Valentino and his Senoretta for their Cabaret Entertainers.

"The Spice of Life" promises to be a huge success, lets all support the Womens Club in their undertaking. General admission seats will be on sale at all drug stores. Reserved seats chart will be at Scoggins Drug Store Wednesday of next week at 4:30. Get your tickets early. Admission, Adults 50c, Children 35c, Reserved Seats, 75c.

TUESDAY AFTERNOON BOOK CLUB MEETS

The Tuesday Afternoon Book Club met with its new president, Mrs. L. E. Scoggins at her home on West Noble Street September 14.

This meeting marked the beginning of our new year and was thoroughly enjoyed by all who were present.

The presidents greetings expressed deep appreciation of the honor conferred upon her by the club, and left no doubt in the minds of the members that they had made a very fortunate selection for the office.

Reading, "Art the Touchstone of Life," by Mrs. T. W. Watson, was a beautiful and realistic description of art in its many stages and phases covering several centuries.

Paper, "Madame Le Brun and Her Works," by Miss Lila Jackson vividly portrayed the sad existence and devotion to purpose of that distinguished artist whose works created such a profound and lasting impression upon the world of art.

LOUISBURG BOOSTERS TOUR TRADE TERRITORY

Fifteen well loaded automobiles with showy banners streaming, a brass band of fifteen pieces, a jolly and enthusiastic crowd of boosters for Louisville tobacco and cotton markets and business interests in general formed the boosting party that left Louisville early Wednesday morning to tour Franklin and adjoining counties.

Wednesday was devoted to visiting the community centers on the south side of Tar river. The party was welcomed by good numbers at all places visited and especially large crowds gathered at many of the points.

The speeches of Mr. Tracy Stockard and Mr. W. W. Holmes spread good fellowship and pointed the people to the market that takes care of their interests in the things they have to sell and to buy.

The Louisville Brass Band made some excellent music winning the reputation of the best band in this section expressed by many of its hearers throughout the day.

Thursday an additional number of cars and boosters joined the merry party and toured the north side of the river, where large numbers greeted them at most all stops. The same enthusiastic flood of good fellowship prevailed and the value of the Louisville markets for both cotton and tobacco, was heralded to the many growers by the speakers and splendid music-filled the air and gave life and pep to each occasion.

A cordially invitation was extended every individual to visit the Louisville markets and be profited by it.

The tobacco market opens next Tuesday. Be sure and be on hand.

GOLD SAND ENROLLS 97

Gold Sand High School entered upon its second week of the new school year last Monday morning with a total enrollment of ninety-seven in the high school department. It seems fairly certain that the number will exceed one hundred before the present week has passed. There are many of us who see in this surprisingly large enrollment an evident proof of the fact that the boy and girls as well as the parents of the boys and girls, in Gold Mine and Sandy Creek townships are deeply interested in their education and have only been waiting for the chance to have a good school in their midst which every boy and girl would have the privilege to attend.

The six elementary schools in our district have had an opening week, which for most of the schools has been very pleasing. The total elementary enrollment amounts to about four hundred and thirty distributed as follows: Centerville, Wood and Gold Sand about ninety each; Moulton Hayes, 65; Sandy Creek, 45; and Mountain Grove, 40. While this enrollment is indeed gratifying for some of our schools, there are still many children not enrolled. An earnest effort is being made by the teachers in all our schools to arrange their teaching hours to the greatest advantage of the parents in their work on the farm during the harvest season. We earnestly request our patrons therefore to cooperate with our teachers in getting every child in school early in order that he may make his grade this year. One of the best ways to reduce school expenses is to send the children to school regularly so that fewer pupils may have to be taught in the same grade two or three years.

Our high school community is happy to welcome into its midst Miss Jessie Mae Luper, of Spring Hope, who will be in charge of the department of piano this year. Miss Luper is a graduate of the Southern Conservatory of Music, Durham, and is well qualified for her work with us. She has already won the esteem of her classes in piano in which she has enrolled twenty-seven with others expecting to enroll later.

FIRST METHODIST CHURCH

I am giving the morning and evening programs of worship, with the hope and the prayer that all our members who see them will read these hymns, psalms and other scripture lessons before next Sunday's services, and thus be prepared in mind and heart to worship God in songs, prayer, scripture readings and sermon.

Friends if you have never tried this plan, please do so and I believe the church services will mean more and more to you.

I am preaching a sermon of unusual interest next Sunday at 11 a. m. on the fragments. Next Sunday night I am preaching the second sermon on Paul's wonderful prayer for the Ethiopian church. The subject is "The Indwelling Christ."

EDWARD BEST HIGH SCHOOL

The Edward Best High School began its first session on September 6 under most favorable circumstances. The building is new, handsome, and well appointed. The student body is exceptionally good, and the number in each class is as follows: Senior 13; Juniors 18; Sophomores 30; Freshmen 49. Others are expected to come, and we are very desirous of an average of 100 per month.

With such an able corps of teachers, and 108 bright, happy students, the session of 1926-27, should be in many respects, the most profitable and pleasant.

The Community Club, an organization under the management of Mr. Wolfe, and Miss Inocoe, the vocational teachers, will hold its first meeting at the E. B. H. S. on Wednesday night, September 22. The public is cordially invited to attend.

LOUISBURG COLLEGE OPENS

Louisburg College opened its doors for the 125th time last week for what was undoubtedly the biggest and most promising opening in her history. Wednesday was the day set apart for the registration and classification of students, although this work was carried on for several succeeding days, as the influx of students was so much beyond expectations that the work was not completed within the time set. Over three hundred students were enrolled this year of which number 250 were boarding students. This was an increase of nearly 100 over last year. The dormitories are filled to capacity and already there is a demand for additional dormitory facilities. It is imperative that the Franklin County building be finished at once. For with its completion there will be added facilities for nearly 100 additional boarding students.

The opening Convocation was held on Thursday at which time Rev. C. K. Proctor, pastor of the First Methodist Church of Rocky Mount, preached the opening sermon. He set a high standard before the students, pointing out to them that with Christ as their leader, the student was assured of success along every line, physical, mental and moral. Other speakers were C. S. Wallace, of Morehead City, and F. B. McKinnis of Goldsboro, both trustees of the college. The services were held in the auditorium of the Louisville Methodist Church, as the College does not have a chapel or auditorium sufficient large to accommodate the student body, it is hoped that an auditorium will be provided for the College in the very near future.

The first regular chapel of the year was held on Friday morning in the church auditorium at which time President A. W. Mohn welcomed the former and new students in his usual happy manner. He gave something of the history of the college, its purposes, its ideals, its standards and wished the students God speed in the school life upon which they were then entering. The faculty was introduced at this time and students and teachers got acquainted.

So Louisville College opens her doors again after a splendid history of a century and a quarter with prospects higher than ever before. The past quadrennium has seen the capacity increased three fold and her assets and income multiplied in like manner. The College however, is seriously handicapped for several reasons. Her classrooms are overrun, as is evidenced by the fact that a half dozen or more classes are compelled to meet in the literary society halls on the fourth floor of the west wing and she has no place for public gatherings, other than the auditorium of one of the city churches several blocks down street. There is immediate and imperative need for a chapel and auditorium, one that will accommodate the student body and large enough to accommodate the public on special occasions, recitals, lectures and entertainments. The completion of the Franklin County building will provide the necessary class rooms and it is hoped that this building will be finished and ready for occupancy by the opening of the new term. It is hoped too, that some friend of the young womanhood of North Carolina will be found to provide the chapel so much needed, a building which will also provide for the music and art studios, which are now practically without accommodations, the students being instructed in out of the way corners in every building on the campus.

We wish for Louisville College the very best possible this year and assure the President, the faculty and the trustees of the good cooperation of every citizen of Louisville and Franklin County.
