A letter from our ex-farm demon. strator, Mr. Harris, gave us infor-mation that is very valuable. Mr. Harris advises us of the possibility of securing a soil survey of Franklin of agriculture. Mr. H. C. Taylor, chairman of agriculture committee, will follow this information through, and see that it is not neglected. Mr Taylor and his committee report that they are busy preaching the making of food stuffs at home, and crop diversification. They could do no bet. ter work than this, for the best inter-ests of our farmers. Mr. A. F. Johnson reports that pros

Mr. W. R. Mills assured our new comers that Louisburg has as good public schools as any town of its size in our State. County Superintendent of Schools cases consumed considerable time. E. L. Mr. Arch Green reported a mem. bership of seventy-eight, and assured us that he will secure not less than cne hundred members. It is most important that we enlarge our member-ship and that our members attend the meetings and work. Well done tasks will have to be done by our own busi. ness men. Men of other towns are

not going to build our town. The feature talk of the meeting was delivered by Mr. Robert F. Porter, who represents the General Outdoor Advertising Co. Mr. Porter convinced us of the importance of advertising and advertising in the right way. He stressed the importance of big ad-vertising in the present age of fast travel, and the uselessness of small stuff that was used in the horse and buggy age. After hearing Mr. Por-ter handle his subject in a convincing and able manner, the Chamber of Commerce, voted to raise a budget for the purpose of telling about and selling our town.
