## Choice for 1928 Nominations In Nation-Wide Straw Vote

With a total of more than 367,000 straw votes cast by readers of 2,000 weekly newspapers served by Publishers Autocaster Service of N. Y., President Coolidge is first choice of the Republicans and Gov. Alfred Smith of N. Y., first choice of the Democrats. The President polled 87,176 votes to 53,751 by Smith. Lowden of Illinois was second choice to Coolidge with 80,066 and Sen. James Reed of Missouri, second to Smith with 41,115.

### Tractor Plows Alone

F. L. Zybach, 32, farmer of Grand Island, Neb., didn't like the idea of riding all day on a plow—so he invented a simple device to automatically guide the tractor while he sits in the shade. It is fool-proof. The minute the tractor gets out of the furrow a spring shuts off the ignition. Now a Lincoln, Neb., plow manufacturer is backing Mr. Zybach. All that is necessary is to plow the first furrow turning round corners. In demonstration a 20 acre field was plowed without a stop.

Forty commercial poultry growers in Transylvania county find six different reasons for the high mortality of baby chicks in the county this spring. In order of importance the causes are stuffy houses and overheat feeding too early, lack of sunshine, minerals and exercise, insanitary conditions, mixing different ages, and too much of the first feed.

# FACTS about used car allowances

Most new car sales now involve the trading-in of a buyer's used car. More and more people are asking: "Why should my used car seem to have several values?.... Why should dealers in different makes of cars offer me allowances differing materially?.... Does the largest allowance offered mean the best deal for me?"

### Here are basic facts:

- 1 Your used car has seemingly different values because competitive dealers are bidding to sell you a new car.
- 2 Your used car has only one fundamental basis of value: what the dealer who accepts it in trade can get for it in the used car market.
- 3 The largest trade-in allowance which is offered on your used car is not necessarily the best deal for you. Sometimes it is; but sometimes it is not.
- 4 An excessive allowance may mean that you are paying an excessive price for the new car in comparison with its real value.
- 5 Judge the merits of the new car in comparison with its price, including all delivery and finance charges. Then weigh any difference in allowance offered on your used car.

WHEN YOU are ready to trade-in your present car, remember that after all you are making a *purchase* and not a *sale*. You are buying a new car and simply applying your present car as a credit toward the purchase price of a new car.
