TAR DROPS

Cotton sold for 21 5-8 cents a pound in Louisburg yesterday.

Sales cards have been issued for the Louisburg tobacco market.

The weather the past week has been fine for saving hay and picking cotton.

The new 360 horse power oil engine at the power house was put into service Tuesday.

Mr. N. B. Tucker treated the front of his pool room to a new coat of paint this week.

Two weeks next Monday and Franklin Superior Court will convene for the criminal term.

Work has been begun on laying the surfacing on the Halifax road. Lets hope they will soon have it completed.

Mesdames Purgerson and Meade have opened a lunch room on Nash street in the room formerly occupied by F. M. Fuller.

Mr. and Mrs. Eugene Wilson have the deepest sympathy of their many friends in the loss of their little infant baby Tuesday.

Sunday school at 10 o'clock and evening prayer at 7:30 are the services announced for St. Paul's Episcopal church for next Sunday, by Rev. J. D. Miller, rector. All are invited to attend each of the services.

Mr. Claude H. Murphy has leased the R. W. Hudson garage and will operate an up-to-the minute garage and service station beginning October 1st. Mr. Hudson will retire for the present from the garage business.

Constable H. C. Ayscue, accompanied by A. S. Wiggs, J. E. Thomas and F. M. Ayscue reports the destruction of about 50 gallons of cider in Harris township near the home of W. H. Barnett on Saturday. They also found six still sites.

The Franklinton to Louisburg highway has again been opened to traffic. The paving has not been done. The contract will not be let before December and in the meantime traffic will have to use the dirt road, which will be bad in wet weather, or the detour.

S. J. Kirby, pasture expert at State College, Raleigh, will address the farmers of Franklin county in the courthouse on next Saturday afternoon at 2 o'clock upon the subject of a permanent pasture and winter grazing crops. All farmers should hear this address and all are invited and expected to go out.

Mr. J. C. Tucker informed the TIMES man this week that work on remodeling and repairing the heating and water system for the Franklin Hotel was begun Monday morning. When completed the hotel will have hot and cold water in every room and fourteen private baths. It will be one of the most modern small hotels in the State.

IN MEMORY OF MR. VANCE WHITE

On Tuesday evening, August 22, Mr. Vance White died at his home near Rock Springs from an attack of typhoid fever. No sign of recovery was ever shown from the time he was first taken.

Mr. White was married twice, the first time he married Miss Juanita Murphy, of Wilson and in about two years she died. Then he married Miss Mattie Jeffries, of Franklin county. Mr. White was 48 years old July 19. We cannot understand why God took him from his beloved wife and three children at such an age but sometime we will understand. Yes we will miss him, but it is the will of him, that gave him to take him.

All efforts of medical skill and loving hands of wife and nurse were of no avail. On Tuesday evening that old grim master death crept in about 3:30 and laid a heavy hand upon him and for several hours he wrestled with death until God in all of His tender care bade him come and the wrestling ceased and his voice was stilled.

God called and he was willing and prepared to take his journey heavenward to be free from suffering and to meet his wife and two little girls awaiting over there.

He was a devoted member of the Rock Springs church and was a most useful and generous neighbor.

On Wednesday afternoon he was laid to rest in a neat gray casket beside his first wife in the family cemetery just below Bunn. The funeral service was conducted by Mr. June Perry and then they sang "Safe in the Arms of Jesus." After which many compliments were paid to him by Mr. Perry, for a good neighbor and a good man, urging young men and women to prepare their lives for God and His Kingdom.

He leaves to mourn a wife and three children—two boys and one girl.

The floral tributes were especially large and pretty speaking a beautiful message of love and esteem.

Our fondest hopes in him are gone but not forgotten.

A FRIEND.

The Post Office Department has decided to curtail mailboxes houses from shipping unsolicited merchandise, in their effort to force undesirable goods on the public. We like the selection and use of the word—"Cur-tail."

PEACH TREE BORERS CONTROLLED WITH CHEMICAL

Raleigh, Sept. 28.—Peach tree borers have played havoc in some Tarheel orchards but they may easily be controlled by using a chemical called P-C-Benzene.

"The full and correct name for this chemical is paradichlorobenzene, says C. H. Brannon, extension entomologist at State College. "Despite its tongue-twisting name, however, it is very effective in controlling the peach tree borer. If it is applied around the base of the tree in the right manner and at the proper time, from 90 to 100 per cent control will be secured. The method of using this chemical has been tested in both experimental and commercial orchards and growers are advised to use it regularly each year."

P-C-Benzene can be used on trees four years of age and older with perfect safety, states Dr. Brannon. If younger trees are badly infested, they may be treated with one-half ounce of the chemical. Trees four and five years of age should get three fourths of an ounce each; trees six years of age and older should get a full ounce and very old trees with large trunks should get an ounce and a fourth.

The time of application is especially important. For North Carolina conditions, this time should be between September 25 and October 10. These dates should be closely followed if best results are to be obtained, states Mr. Brannon. In applying the P-C-Benzene, the crust of the soil is broken and smoothed off above the highest borer hole. The chemical is about like granulated sugar and gives off a gas that penetrates downward into the borer holes. Scrape away the gum and apply the chemical in a continuous ring about an inch wide and about an inch from the trunk. Several shovels of dirt should then be placed over the crystals and packed into a mound with the back of the shovel.

PAYS TO FERTILIZE FALL PLANTED GRAINS

Raleigh, Sept. 26.—The cheapest gains in yields of small grains, as with other crops, are secured by the right use of fertilizers.

"The labor and other overhead costs are usually about the same whether good yields or low yields are secured," says C. B. Williams, head of the agronomy department at State College. "Better yields of fall-sown grains are secured when fertilizers are used under them and the quality of the crop is vastly improved. In this day of high labor costs, it is better to keep down the acreage to that which can be properly fertilized, prepare the land well, seed carefully, fertilize well and thereby build up a total production per acre. This will cut the cost per bushel to the lowest possible figures."

For the average Cecil clay or clay loam soils of the piedmont region of North Carolina, Mr. Williams advises using a fertilizer analyzing about 10 to 12 percent potash. From 400 to 500 pounds of this mixture should be applied when the seed are planted.

But if the soil is in good condition and has been improved by the growing and turning under the legumes, the percentage of ammonia may be reduced or left out entirely.

Mr. Williams finds that from experimental tests conducted for eleven years at the Piedmont Branch Station, profits of over two dollars to more than three dollars were secured for every hundred pounds of fertilizer used. When the application went above 600 pounds per acre the profits tended to become smaller. Best profits were given when 400 pounds were used. In this case the profit was \$5.58 for each hundred pounds of complete fertilizer used. Only \$2.17 was realized on each hundred pounds when 800 pounds of the complete fertilizer was used.

OAK LUMBER

I have some nice oak lumber for sale. Immediate orders can be sawed to suit purchasers. W. R. Young, R 1, Louisburg, N. C. 9-30-11

Asked, "Why do chickens cross the road?" Ed Purdy says, he dont even know why they cross their legs.

"Sales resistance" has at last been refined. It is the triumph of mind over pater.

Between September 25 and October 10 is the correct date for applying P-C-Benzene about the trunks of peach trees to control the borer.

FOR SALE AT AUCTION

There will be a lot of stoves, pipes, and odd pieces of furniture sold at auction on the court house square Saturday afternoon at about 3 o'clock. Come and get a bargain. Mrs. R. H. Ogburn. 9-30-11

LOOK

Jackson's Mill Pond to be drawn off Friday October 7th. This pond is located 6 miles East of Louisburg and covers about 50 acres of land and is known as the best fish pond in the State especially for its enormous amount of large chub.

I have leased this pond and will have it drawn down-Friday October 7th for seining at 10 o'clock. The charge will be \$5 for each man running a seine and \$1 for each person that goes in the pond, all others free. 9-30-11 J. P. MOORE.

COMMISSIONER'S SALE OF REAL ESTATE

Under and pursuant to a decree of the Clerk of Superior Court of Franklin County, North Carolina, entered on the 29th day of September, 1927, in that special proceeding entitled Pattie Gupton and husband Arch Gupton, et als, Ex Parte, the undersigned commissioner will on Monday the 31st day of October, 1927 at or about the hour of noon at the courthouse door of Franklin County, North Carolina, offer for sale at public auction to the highest bidder for cash the following described tract of land:

Situate in Franklin County, North Carolina, bounded on the North by the lands of D. T. Hollingsworth and others, on the East by the lands of D. T. Hollingsworth and others, on the South by the lands formerly owned by Mrs. Henrietta Collins, now owned by Mrs. Pattie Gupton, and on the West by the lands of Henry Wood and D. T. Hollingsworth, containing 29 3/4 acres, and being known as a part of the Phoebe Leonard land. J. E. MALONE, JR., Commissioner. 9-30-51

SALE OF VALUABLE REAL ESTATE

Under and by virtue of the authority contained in a certain deed of trust executed to the undersigned trustee and duly recorded in Franklin County Registry in Book 251, page 421, default having been made in the payment of the indebtedness therein secured, the undersigned trustee will on

MONDAY, OCTOBER 31, 1927 at the courthouse door in Louisburg, N. C., at or about the hour of noon, sell at public auction to the highest bidder for cash:

ALL THE RIGHT, title and interest of said Mary Williams and Charles W. Howard in the lot adjoining the home lot on the north and lying between the Isiah Howard home lot and the Louisburg Road and their part, title and interest in the vacant lot formerly owned by Isiah Howard on the south of the home lot. This September 27, 1927. 9-30-51 R. G. BAILEY, Trustee.

SALE OF LANDS

Under and by virtue of the power and authority vested in me in that certain deed of trust executed on the 19th day of November, 1924, by Chilton A. Tharrington and wife Betsy Boddie Tharrington, which said deed of trust is duly recorded in the office of the Register of Deeds for Franklin County, North Carolina, in book 257 at page 160; default having been made in the payment of the indebtedness thereby secured and demand made upon me to foreclose, I will on Monday the 31st day of October, 1927, at or about the hour of noon at the court house door for Franklin County, in the Town of Louisburg, N. C., offer for sale at public auction to the highest bidder, for cash, a one-sixth undivided interest in and to the following described real estate lying and being in Louisburg Township, Franklin County, North Carolina, bounded as follows:

On the North by the lands of Mrs. Wallace Neal, on the East by the lands of Haywood Bowden, on the South by the lands of J. A. and Thos. Wheelless and on the West by the lands of A. B. Perry and the Newell land, containing 174 acres more or
