

How Long Can You Keep  
Money in Your  
Pocket?

**MONEY**

The money that you don't carry with you you can't spend and can't lose. If you carry your surplus money in your pocket you seldom have a surplus long. Besides, while it's in your pocket it's losing interest.

It doesn't matter how small the surplus is. A dollar will open an account here and, once opened, it grows.
